Question	Question #	Page #
<i>Responses released January 4, 2019</i>		
Please provide the national numbers for Employment in Professional and Business Services sector as referenced locally for Slide 6 in the Presentation of the Joint County and Schools Fiscal Forecast given at November 27, 2018 Budget Committee Meeting.	C-1	1
Please provide for the total real estate base, what the estimates were for in FY 2017, FY 2018, and FY 2019 as compared to the actuals on Slide 16 in the Presentation of the Joint County and Schools Fiscal Forecast given at November 27, 2018 Budget Committee Meeting.	C-2	2
Were any metrics used to adjust the income and net worth thresholds for real property tax relief for the elderly and handicapped persons?	C-3	3
With regard to the real property tax information displayed online on the Department of Tax Administration's website, is it a requirement by the <u>Code of Virginia</u> to display the amount paid or is it an option?	C-4	5
What would the potential fiscal impact be of adding the Virginia Defense Force to the list of properties included in the County's special subclass at the tax rate of \$0.01 per \$100 of assessed value?	C-5	6
In regard to early childhood education, what is the size of the student population we are trying to reach, how many are currently being served, how many on a wait list, where do we expect the trend to go given the changes in demographics, and do we have a heat map of greatest demand. Can you overlay the pyramids/supports referenced to see exactly where the scope of the problem is?	C-6	8
<i>Responses released February 11, 2019</i>		
Please provide a subsequent table with clarification and context on the complete funding on slide 7 in the Presentation of the Joint County and Schools Fiscal Forecast given at the November 27, 2018 Budget Committee Meeting.	C-7	9
Please provide the cost to implement a Body Worn Camera Program.	C-8	10
Please provide a summary of supplements provided by the County to State Employees. Additionally, provide comparative data with Arlington County and the City of Alexandria on supplements provided to the Office of the Public Defender.	C-9	12
Please provide information from FCPS on their plans for using the permanent Children's Science Center facility in Loudoun, including their plans for ensuring there is equity in the access that all FCPS students have to the Loudoun facility.	C-10	14

Question	Question #	Page #
<i>Responses released March 12, 2019</i>		
Please provide information on the number of employees who will receive performance, merit, and longevity increases in FY 2020.	C-11	15
Please provide the cost of increasing the Market Rate Adjustment (MRA) in 0.50 percent increments.	C-12	16
Please provide a history of compensation increases for County and Schools employees, and a comparison of the FY 2020 proposals.	C-13	17
Please provide information on the rate increase recommended for refuse collection fees.	C-14	18
Please provide additional information regarding the increase to contributory funds detailing if they are the result of increases to existing funds or contributions to new organizations.	C-15	19
How much would it cost to increase the living wage by 3 percent instead of the 1 percent included in the <u>FY 2020 Advertised Budget Plan</u> ? How many employees are impacted by the County's Living Wage Policy?	C-16	22
What are the funding opportunities included for affordable housing in the <u>FY 2020 Advertised Budget Plan</u> , as well as funding opportunities being examined for FY 2021?	C-17	23
Please provide a more detailed explanation of the increase in amortization of unfunded retirement liability to 100 percent being offset by savings in health insurance and other benefits for a net savings of \$0.12 million.	C-18	25
Please provide additional information on the School Health program.	C-19	26
<i>Responses released April 1, 2019</i>		
Please provide a chart that tracks all general obligation bond sales and spending during the past ten years.	C-20	29
In the FY 2020 County and Schools Budgets presentation on February 26, 2019, the chart on Debt Analysis (page 7), demonstrates how close the County is to the self-imposed cap in the out years. Please provide history on times in the past 15 years when we had to adjust due to decreased disbursements, if any, and what the potential might be for decreased disbursements through 2029/30.	C-21	31
Please provide a comparison of debt analysis (projections vs. actuals) for the last 15 years.	C-22	33
For the last six years, the county has provided a two-year look at the budget that allowed us to see the long-term impacts of decisions made in the current year budget. Will the county be producing a two-year budget this year?	C-23	34

Question	Question #	Page #
FCPS: How much cash would FCPS have needed to contribute to ERFC during FY 2020 if ERFC's net investment returns always equaled its discount rates, and how much is FCPS proposing to contribute to ERFC during FY 2020 in the FY 2020 FCPS Advertised Budget?	C-57	108
FCPS: Please provide ERFC investment management fees for FY 2018 (actual), FY 2019 (projected) and FY 2020 (budgeted) in both dollar value and basis points.	C-58	110
Please provide a breakdown of the last 5 years on how funding for affordable housing is being used, and what has worked and what has not. Additionally, provide a breakdown of how much of the budget is being used towards affordable housing.	C-59	111
Provide an analysis of the Machinery and Tools tax rates and depreciation schedules of the County and surrounding jurisdictions and the resulting tax impacts on an investment of \$100,000 over the 10 years by a business in each of the jurisdictions.	C-60	113
Please compare the supplements provided to office staff in the Commonwealth Attorney's Office vs. the Office of the Public Defender.	C-61	115
Provide information regarding debt service if we increase the General Obligation Bond Sales for the Fairfax County Public FCPS (FCPS) to \$205 million. What would the debt service look like in the out years, going out to FY 2024? What would it cost us in the out years? How close does it put us to our 10 percent cap that we promised to the rating agencies? What would the bonding capacity split between FCPS and County be?	C-62	117
What percentage of the local economy is due to government contracts, Science, Technology, Engineering, and Math (STEM) related fields, and other small businesses? Please provide local data regarding STEM-related employment.	C-63	119
During the FY 2018 budget, I requested an analysis of overtime by category. Subsequently the Board asked the previous County Executive for a review of public safety overtime. What is the status of that request? Please provide an analysis of overtime in the same format as the FY 2018 request?	C-64	121
Please provide the following information in response to the January 22, 2019 Board Matter on comprehensive universal representation presented by Supervisor Foust and Supervisor McKay: <ol style="list-style-type: none"> 1. Summarize the different proceedings in which participants benefit from legal representation; 2. Identify instances where the County is already funding/providing legal representation in civil cases and any conditions on that representation; 3. Research what other organizations exist for the County to partner with in providing these services; and 4. Review Arlington County's approach to funding legal services for immigration related matters. 	C-65	139
How much would it cost to provide a 2.99 percent salary increase to sworn police officers? Please provide a breakdown of the cost between supervisors and lower ranks.	C-66	141

Question	Question #	Page #
Fairfax County's competitive jurisdictions have been addressing and making adjustments to their police pay due to the difficulty in attracting and retaining quality police officers in the current environment. Alexandria and most recently Prince William County have made changes to address these concerns. We are having issues recruiting candidates that can make it through our academy based on the high standards we appropriately hold our officers to. The Board requested a police pay study last year. Has the pay study been completed? Was it used in the development of the budget? When will it be discussed with the Board?	C-67	142
<i>Responses released April 29, 2019</i>		
FCPS: What was the total amount spent on name changes by Fairfax County Public Schools in the past two years? Are any name changes planned in FY 2020? If so, what are the estimated cost of these name changes and what amounts are included in the proposed FCPS budget for FY2020 for schools?	C-68	144
FCPS: Please provide an excel spreadsheet with the following information for each FCPS employee currently paid on the FCPS Unified Scale or the School-Based Administrator Scale: (a) position title one year ago and today; (b) salary grade and step one year ago and today; (c) gross salary one year ago and today; (d) eligibility for overtime one year ago and today (yes or no); and (e) a unique identifier (e.g. - initials and part of employee ID number). Please provide the same information for FCPS employees paid on the Teacher Scale.	C-69	145
<i>Responses released April 30, 2019</i>		
FCPS: Provide a list by position name and department for all employees eligible to retire before the end of FY 2020 with unreduced benefit.	C-70	674
FCPS: Please indicate how many of the equity leads receive the \$700 stipend, sorted by schools and departments. Also are there any other positions with a One Fairfax focus? Please clarify if the \$2 million includes benefits or not.	C-71	675
FCPS: For the proposed FY 2020 teacher raises, what is the dollar amount that the state provides and what is the dollar amount that Fairfax County provides?	C-72	676

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide the national numbers for Employment in Professional and Business Services sector as referenced locally for Slide 6 in the Presentation of the Joint County and Schools Fiscal Forecast given at November 27, 2018 Budget Committee Meeting.

Response:

The table below provides information about the national numbers for employment growth compared to Fairfax County's numbers as referenced on Slide 6 of the fiscal forecast presented during the joint Board of Supervisors/School Board Budget Committee meeting on November 27, 2018.

	Fairfax Total Increase	Fairfax % Change	Fairfax Prof/Bus Services	Fairfax % Change	U.S. Total Increase	U.S. % Change	U.S. Prof/Bus Services	U.S. % Change
2011	7,600	1.3%	2,600	1.2%	1,570,000	1.2%	604,000	3.6%
2012	9,400	1.6%	4,500	2.1%	2,243,000	1.7%	600,000	3.5%
2013	(3,700)	(0.6%)	(3,800)	(1.7%)	2,206,000	1.6%	583,000	3.3%
2014	(7,300)	(1.2%)	(8,800)	(4.0%)	2,577,000	1.9%	547,000	3.0%
2015	7,300	1.3%	300	0.1%	2,885,000	2.1%	571,000	3.0%
2016	8,400	1.4%	2,400	1.1%	2,509,000	1.8%	419,000	2.1%
2017	6,600	1.1%	1,900	0.9%	2,272,000	1.6%	415,000	2.1%

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide for the total real estate base, what the estimates were for in FY 2017, FY 2018, and FY 2019 as compared to the actuals on Slide 16 in the Presentation of the Joint County and Schools Fiscal Forecast given at November 27, 2018 Budget Committee Meeting.

Response:

The table below provides information about the estimated changes in the real estate assessments as presented during the joint Board of Supervisors/School Board Budget Committee meeting each year compared to the actuals.

Changes in Assessments	FY 2017 Estimate	FY 2017 Actual	FY 2018 Estimate	FY 2018 Actual	FY 2019 Estimate	FY 2019 Actual
Residential	1.62%	1.64%	0.40%	0.68%	1.93%	2.17%
Nonresidential	2.74%	2.87%	1.25%	1.85%	3.20%	3.79%
New Construction	0.87%	1.04%	0.76%	0.92%	0.91%	1.01%
Total Real Estate base	2.76%	2.98%	1.37%	1.89%	3.17%	3.59%

Response to Questions on the FY 2020 Budget

Request By: Supervisor Storck

Question: Were any metrics used to adjust the income and net worth thresholds for real property tax relief for the elderly and handicapped persons?

Response:

Va. Code §§ 58.1-3210 through -3217 concerning real property tax exemptions for elderly and handicapped persons were first implemented in 1971 as § 58-760.1. The eligibility requirements, income and net worth limits, exclusions, and type of relief have been repeatedly revised since that year. While it is unclear that specific metrics were utilized to make changes, there are several references to the federal Housing and Urban Development (HUD) limits in the more recent years.

In Fairfax County, the income and net asset limits were last changed by the Board of Supervisors in FY 2006, based on changes to the limits approved by the General Assembly in 2004. The current program net worth limit is \$340,000 and the gross income limitations are as follows:

Gross Income	Amount of Tax Relief
\$52,000 or less	100%
\$52,001 to \$62,000	50%
\$62,001 to \$72,000	25%

The General Assembly's changes to the income limits, net worth limits, exclusions, and relief available are summarized by year of amendment below. As the timeline shows, the statutory limits were ultimately repealed in 2011.

- **1971** – Section 58-760.1 enacted, authorizing localities to provide, by ordinance, for the exemption or deferral of real estate taxes on an eligible owner's (or eligible joint owners') "sole dwelling." Eligible owners initially included only individuals over the age of 65. The statute set an initial "total combined income" limit of \$7,500, and "net combined financial worth" limit of \$20,000, both of which could be lowered by local ordinance.
- **1972** – Excluded the first \$1,500 of the owner's income and each of the owner's relatives' income living on the property (other than the spouse's income) from calculation of total combined income. Like the income and net worth limits, the income exclusion limit could be lowered by local ordinance.
- **1973** – Raised the income exclusion limit to \$2,500.
- **1974** – Raised the income limit to \$10,000, the net worth limit to \$35,000, and the income exclusion limit to \$4,000.
- **1977** – Permitted localities to increase the income limit to \$11,000, subject to certain conditions.
- **1978** – Raised the income limit to \$12,000, the net worth limit to \$50,000, and the extent of conditioned local authority to increase the income limit to \$13,000.

- **1979** – Raised the extent of conditioned local authority to increase the income limit to \$15,000.
- **1980** – Permitted the scope of relief to be based on the increase in tax liability since the later of the year an owner first became eligible, or the year when the applicable ordinance became effective. Also raised the income limit to \$15,000, the net worth limit to \$55,000, and the extent of conditioned local authority to increase the income limit to \$18,000.
- **1981** – Raised the income limit to \$18,000, the net worth limit to \$65,000, and the extent of conditioned local authority to increase the income limit to \$22,000.
- **1982** – Authorized exclusion of up to \$5,000 of an owner’s disability income.
- **1987** – Raised the income limit to \$22,000, the net worth limit to \$75,000, the income exclusion limit to \$6,500, and the disability income exclusion limit to \$7,500. Also removed all local authority to increase the income limit.
- **1989** – Authorized jurisdictions with populations over 500,000 to increase the income limit to \$40,000 and the net worth limit to \$150,000. Also modified calculation of the income limit in other jurisdictions as the greater of \$22,000 or federal HUD income limits for the respective metropolitan statistical area.
- **1990** – Raised the income limit in most jurisdictions (those with populations under 500,000) to \$30,000 (or HUD limits).
- **1997** – Raised the net worth limit in most jurisdictions to \$100,000.
- **1998** – Raised the authority of counties with populations over 500,000 to increase the income limit to the greater of \$52,000 or federal HUD income limits, and the net worth limit to \$195,000.
- **2001** – Raised the income limit in most jurisdictions to \$50,000 (or HUD limits), and authorized counties with populations over 800,000 to increase the income limit to \$62,000 (or HUD limits) and the net worth limit to \$240,000.
- **2002** – Raised the income exclusion limit to \$8,500.
- **2004** – Raised the income exclusion limit to \$10,000, the disability income exclusion limit to \$10,000. Also raised the authority of jurisdictions with populations above 800,000 to increase the income limit to \$72,000 (or HUD limits) and the net worth limit to \$340,000. Made other revisions to limits not applicable to Fairfax County.
- **2005** – Authorized a disability benefit exclusion limit of \$5,000, and permitted alternative calculation of the income and net worth limits based on median adjusted gross income and the Consumer Price Index (CPI).
- **2006** – Raised the authority of certain, named jurisdictions (including Fairfax County) to increase the net worth limit to \$540,000. Made other revisions to limits not applicable to Fairfax County.
- **2007** – Authorized prorated relief for joint owners where not all owners qualify, and set an initial net worth limit under the prorated relief program of \$500,000 in Fairfax County, which could be increased annually based on the CPI. Also raised certain named jurisdictions’ (including Fairfax County’s) authority to increase the income limit to \$75,000 (or HUD limits). Made other revisions to limits not applicable to Fairfax County.
- **2011** – Repealed all statutory income, net worth, and exclusion limits, and authorized the setting of income, net worth, and exclusion limits by local ordinance.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: With regard to the real property tax information displayed online on the Department of Tax Administration's website, is it a requirement by the Code of Virginia to display the amount paid or is it an option?

Response:

Property tax information available on the Department of Tax Administration's website regarding the taxes paid is public information. This feature allows the department to provide a self-service option to efficiently serve taxpayers who wish to confirm payments before filing federal tax returns, and to closing agents and attorneys. Tax adjustments on the website may pertain to any of the following: abatement, solar exemption, disabled veteran exemption, tax exemption for a surviving spouse of a member of the U.S. armed forces, surviving spouse of a first responder, and tax relief for seniors and people with disabilities. Currently taxpayers may opt to have their name withheld from the real estate records. Staff are working with the real estate system provider and are reviewing the practice of surrounding localities to determine if there is an alternative approach to display the information.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: What would the potential fiscal impact be of adding the Virginia Defense Force to the list of properties included in the County’s special subclass at the tax rate of \$0.01 per \$100 of assessed value?

Response:

Virginia Defense Force (VDF) is authorized by § 44-54.4 et seq. of the Code of Virginia as the all-volunteer reserve component of the Virginia National Guard. It serves as a force multiplier integrated into all Guard domestic operations. Members of the VDF volunteer their time for training and community support, and are only paid when called to active duty by an authorization from the Governor of Virginia. VDF deployment and length of service is 120 hours per year, in addition to the required training of 150 hours. VDF currently has more than 1,000 members serving their communities. Additional information about VDF can be found at www.vdf.virginia.gov.

Members of the VDF are not currently included in Fairfax County's special subclass with the Personal Property tax rate of \$0.01 per \$100 of assessed value. The subclass currently includes vehicles owned by auxiliary police officers, auxiliary deputy sheriffs, disabled veterans, volunteer firefighters, and qualifying seniors. The Code of Virginia §58.1-3506 (44) states that motor vehicles owned or leased by persons who serve as uniformed members of the VDF are eligible for the County's special subclass.

Based on information provided by VDF, no more than 50 members currently reside in Fairfax County. Assuming an average car value of \$20,000 per member, the potential fiscal impact of adding the VDF to the list of properties in the County’s special subclass would be approximately \$45,600. If the Board of Supervisors directs that VDF be added to the list of categories entitled to the special tax rate, the fiscal impact could be incorporated into the County’s FY 2020 Advertised Budget and the special subclass could be included in the tax rate resolution as part of the budget adoption.

The following table compares VDF training requirements and time commitment to those of the other public safety organizations included in the County’s special subclass:

	Auxiliary Police	Reserve Deputy Sheriff	Volunteer Fire and Rescue	Virginia Defense Force
Annual length of deployment	288 hours/year	144 hours/year	291 hours/year	120 hours/year
Annual training requirements	N/A*	8 hours/year**	79 hours/year	150 hours/year
Total annual volunteer hours	288 hours/year*	152 hours/year**	370 hours/year	270 hours/year
* Requires 2 months plus 100 hours of field training before able to volunteer alone ** Requires 10 weeks of classroom and practical training before able to volunteer alone				

The following table shows the estimated FY 2018 cost to the County of vehicle tax relief for all the categories included in the County's special subclass:

Vehicle Category	Total Count	Total Assessed Value	Tax Levy at \$0.01 per \$100	Tax Levy at \$4.57 per \$100 without Relief	Cost of Relief
Antique Car	8,734	\$8,206,651	\$821	\$375,044	\$374,223
Auxiliary Police/Dep. Sheriff	49	\$911,835	\$91	\$41,671	\$41,580
Volunteer Fire and Rescue	363	\$6,757,617	\$676	\$308,823	\$308,147
Boat	252	\$497,126	\$50	\$22,719	\$22,669
Handicap Equipped	306	\$3,007,091	\$301	\$137,424	\$137,123
Homeowners' Association	40	\$1,785,961	\$179	\$81,618	\$81,439
Qualifying Elderly and Disabled	1,118	\$5,969,830	\$597	\$272,821	\$272,224
Van Pool	2	\$15,725	\$2	\$719	\$717
Qualified Disabled Veterans	1,160	\$22,181,928	\$2,218	\$1,013,714	\$1,011,496
Total	12,024	\$49,333,764	\$4,935	\$2,254,553	\$2,249,618

Response to Questions on the FY 2020 Budget

Request By: Karen Corbett Sanders, Chair of the School Board

Question: In regard to early childhood education, what is the size of the student population we are trying to reach, how many are currently being served, how many on a wait list, where do we expect the trend to go given the changes in demographics, and do we have a heat map of greatest demand. Can you overlay the pyramids/supports referenced to see exactly where the scope of the problem is?

Response:

It is estimated that Fairfax County is home to approximately 72,700 children under the age of five years, per 2017 data from the American Community Survey. Approximately one in five children (17,375) under the age of five live in families with incomes below 200 percent of the federal poverty level and are considered to be economically disadvantaged.

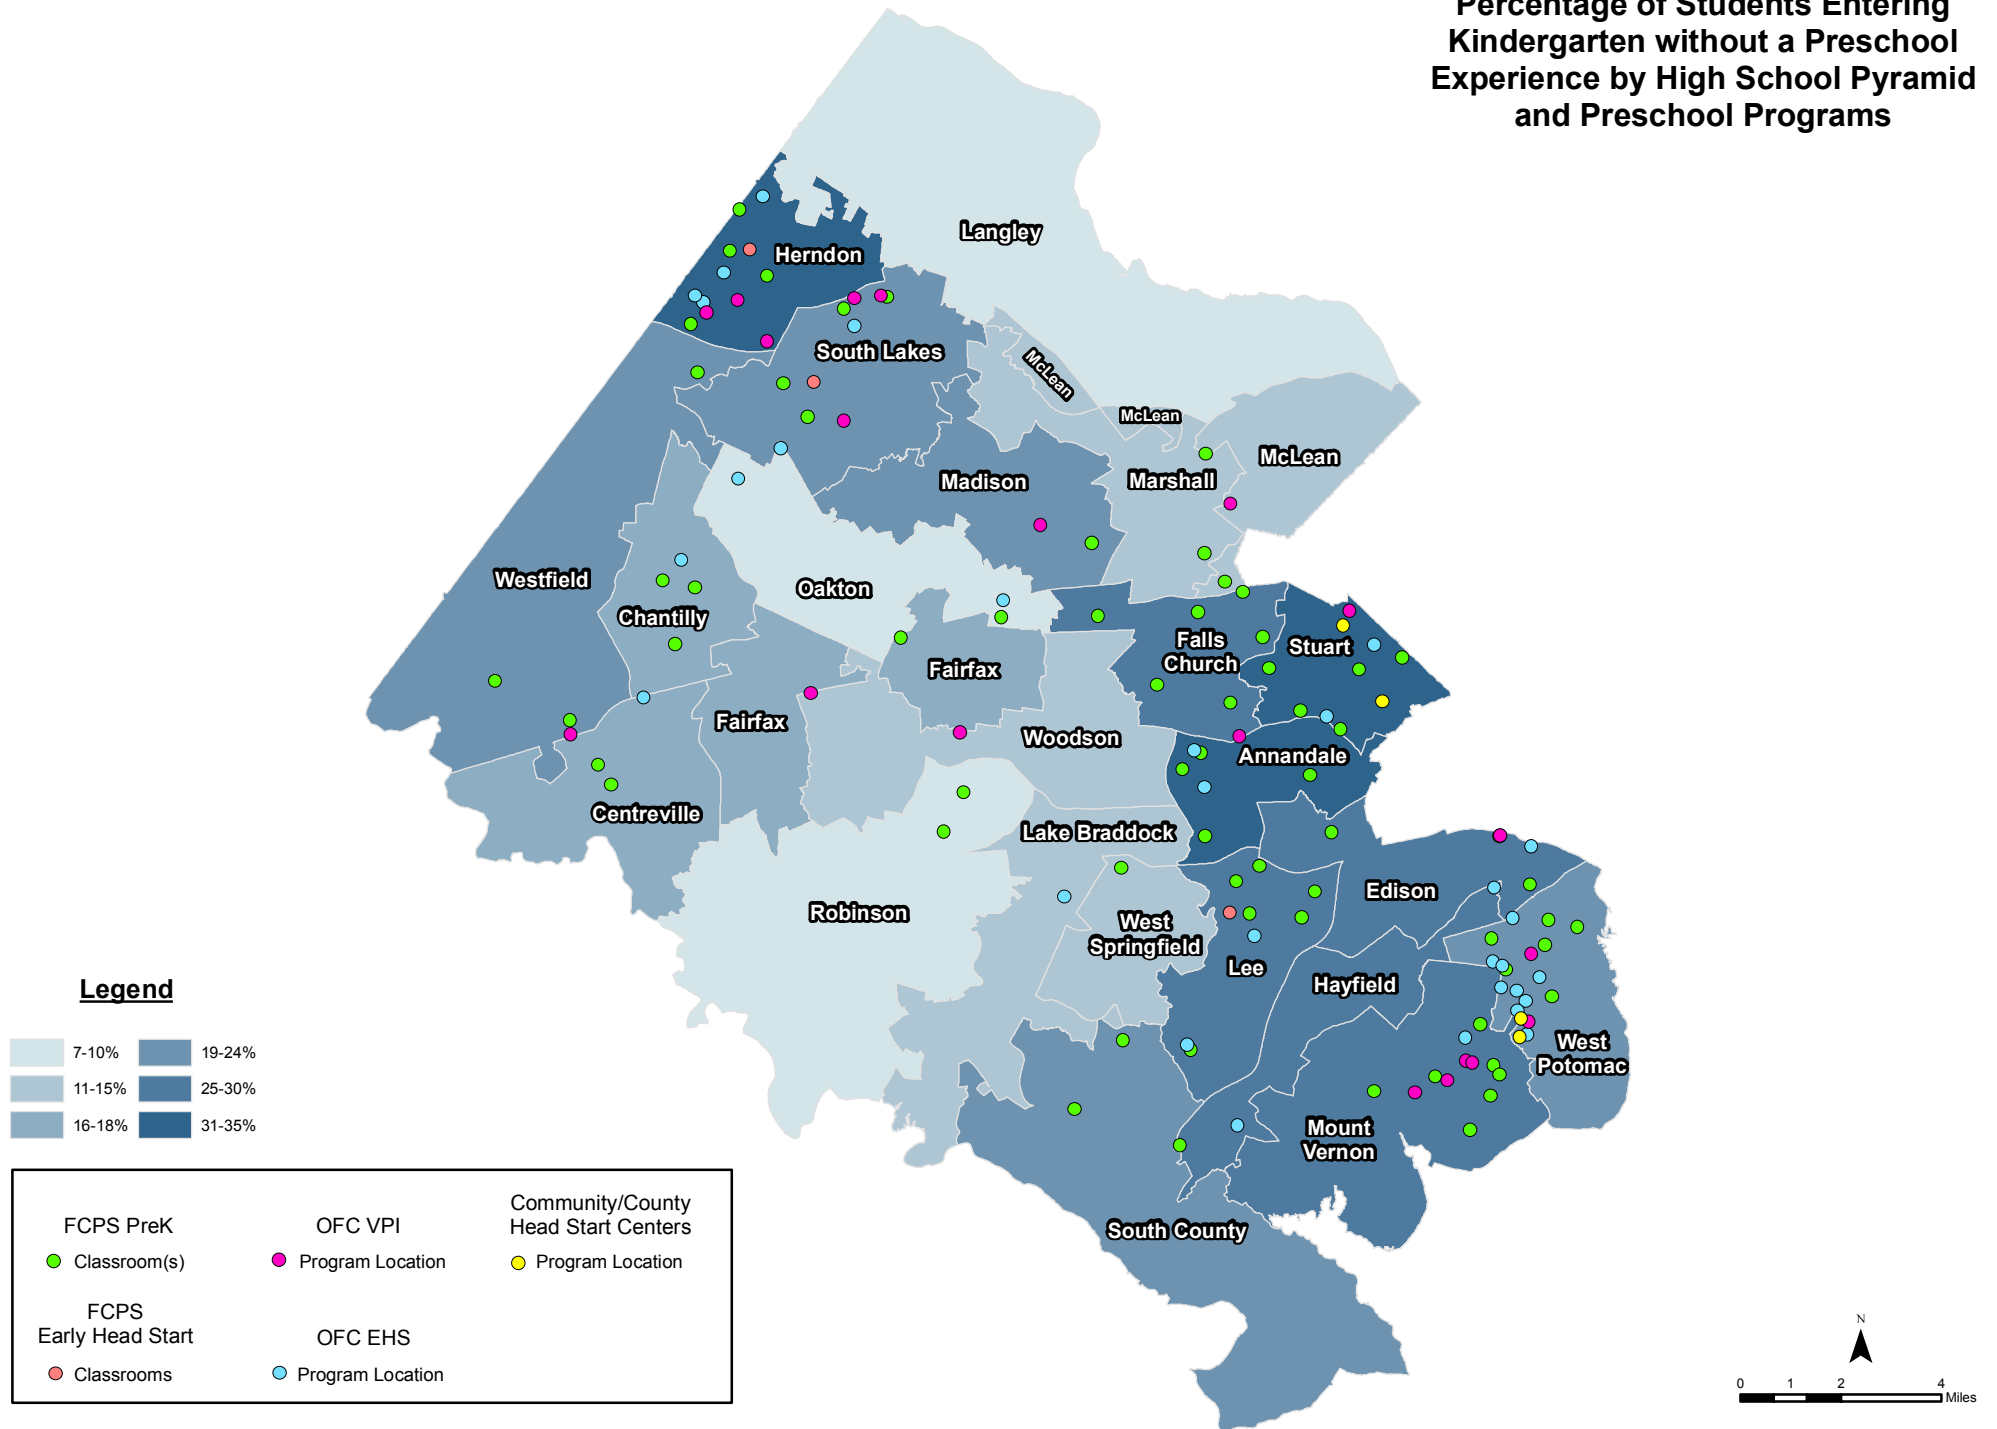

In FY2019, approximately 4,625 children are being served with public funds in Fairfax County Public Schools, County, and community early childhood programs (including FCPS Pre-K, Head Start and the child care subsidy program). These programs currently have waiting lists for services (709 children birth to five in Child Care Assistance and Referral and 345 children in Head Start/Pre-K). Additional children whose families do not receive public financial assistance participate in community early childhood programs or other settings.

Independent studies consistently identify key neighborhoods in Fairfax County as communities of low opportunity where residents face multiple challenges such as poverty, unaffordable housing, and lack of education. Most recently, the 2017 report *Getting Ahead: The Uneven Opportunity Landscape in Northern Virginia* identified “islands of disadvantage” in the region; and the 2015 Equitable Growth Profile of Fairfax County identified areas with low child opportunity. Communities such as Bailey’s Crossroads, Seven Corners, Herndon, and the Route 1 Corridor are included in those identified.

These communities are also represented in the attached map which reflects the percentage of children entering kindergarten without a preschool experience, by High School Pyramid and Preschool Programs (2016). The source of the data is preschool experience as reported by families when registering for kindergarten. The map was shared with the Fairfax County Public School Board in Spring 2018 and will be updated by FCPS with the most recently available data.

These reports and the preschool experience map clearly identify communities in which the County can focus its school readiness efforts and expand early childhood services. In addition, implementation of the Early Development Instrument this Spring will provide population level data on percentages of children who are developmentally vulnerable and further identify areas of need.

Percentage of Students Entering Kindergarten without a Preschool Experience by High School Pyramid and Preschool Programs

County of Fairfax, Virginia

MEMORANDUM

DATE: February 11, 2019
TO: Board of Supervisors

Response to Questions on the FY 2020 Budget

Request By: Elizabeth Schultz, School Board Member

Question: Please provide a subsequent table with clarification and context on the complete funding on slide 7 in the Presentation of the Joint County and Schools Fiscal Forecast given at the November 27, 2018 Budget Committee Meeting.

Response:

The table below details the FY 2019 requests and the FY 2019 funded amounts for both the County and Fairfax County Public Schools on slide 7 of the October 3, 2018 Equitable School Readiness Strategic Plan presentation.

FY 2019 Request	FY 2019 Requested Amount	Responsible	FY 2019 Funded Amount
Funding to add 54 early childhood slots at approximately \$15,000 per slot to serve at-risk preschoolers in a comprehensive early childhood program in community-based settings	\$810,000	County	The <u>FY 2019 Adopted Budget Plan</u> includes funding of \$540,000 for 36 children; additional funding of \$270,000 would be required to fund another 18 children bringing the total number of children served to 54.
Funding to serve approximately 95 additional young children in existing FCPS classrooms	\$231,000	FCPS	FCPS students were funded with the VPI grant and existing local funds.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide the cost to implement a Body Worn Camera Program.

Response:

As part of the Ad Hoc Police Practices Review Commission Final report that was issued on October 8, 2015, recommendations were made by the Commission that Fairfax County Police Department officers be issued and required to utilize body-worn cameras (BWC) in performance of their duties. As a result of this recommendation, the Police Department conducted a 180-day pilot at three police district stations – Mt. Vernon, Mason and Reston. The purpose of the pilot was not only to evaluate equipment, costs, policy, officers' assessments, impacts on the overall effectiveness, and community perceptions or concerns, but to also identify gaps, requirements, and costs in all program areas to include, but not limited to, the Office of the Commonwealth's Attorney (CWA), the courts, and the Department of Information Technology.

As part of the pilot, the Department of Justice, Law, and Criminology at American University is conducting a comprehensive evaluation of the effects of the body worn pilot program on use of force statistics, the number of community member complaints, changes in policing activities and the community members' assessment of police legitimacy. The analysis will cover statistics and community member feedback in order to assess the impacts prior to, during, and following the pilot program window. The county is expected to receive the final report in the first quarter of 2019.

Efforts to benchmark with other law enforcement agencies across the country have yielded information and data that focuses primarily on traditional costs such as the purchase of equipment, data storage, and maintenance with very little emphasis placed on consideration of costs beyond law enforcement implementation. Throughout Virginia, CWA Offices have expressed concerns regarding increased workloads due to BWCs and have requested legislative amendments requiring localities that have implemented, or are implementing, BWC programs to provide additional locally-funded staff to support the increased workload to their CWA office.

Recently, a report published by the Virginia Compensation Board to the General Assembly titled *Workgroup Study of the Impact of Body Worn Cameras on Workload in Commonwealth's Attorneys' Office*, provides recommendations surrounding the issue of implementing a BWC program. Most significant of these findings is the recommendation that budget language be approved to provide for local agreements between CWA and their local governments to provide staff funding to support added workload caused by BWCs; however, a minimum staffing requirement of one Assistant Commonwealth's Attorney position for every 75 body worn camera deployed is required when mutual agreement cannot be reached between the Commonwealth's Attorney and the locality. Additionally, the report further states that as a result of fully implemented BWC programs still being relatively new, there is insufficient data available to establish a permanent staffing standard and that this workgroup be allowed to continue to operate and gather data for a new recommended standard by December 1, 2020. It should be noted that the 1:75 recommendation only addresses the need for additional Attorney positions, it does not address the need for additional paralegals or administrative staff.

The CWA for Fairfax County has expressed the need for additional positions that far exceeds the 1:75 ratio referenced above. As a result of their office handling not only the required felony cases, but also misdemeanor offenses and traffic cases, their workload is already higher than what is funded by the Virginia State Compensation Board. The CWA office has expressed concerns about the increased video footage

and corresponding workload associated with the implementation of BWC program. While they had previously been agreeable to looking at creative ways to manage the increased workload, a recent determination was made that the prosecuting attorney is obligated to review all footage related to a case. This eliminates the opportunity for a less costly employee such as administrative or paralegal employees to review video as part of case preparation.

The following chart summarizes the position needs and associated costs, by agency, to implement a BWC program. It is important to note, these estimates are based on the 1:75 recommended ratio for CWA, it does not represent the much larger ask by the CWA's office. Additionally, these estimates do not include any office space requirements for the addition of these positions.

BODY WORN CAMERA PROGRAM ESTIMATES

AGENCY	POSITIONS	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5
Police Department	9	\$1,356,127	\$1,161,451	\$1,161,451	\$1,161,451	\$1,161,451
Office of the Commonwealth Attorney	16	\$2,385,458	\$2,385,458	\$2,385,458	\$2,385,458	\$2,385,458
Department of Information Technology	6	\$773,013	\$773,013	\$773,013	\$773,013	\$773,013
Circuit Court	0	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000
Equipment/Storage (non-negotiated) 1,200 cameras	0	\$3,242,240	\$1,720,140	\$1,720,140	\$1,720,140	\$1,720,140
TOTAL	31	\$7,856,838	\$6,140,062	\$6,140,062	\$6,140,062	\$6,140,062

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross and Supervisor Foust

Question: Please provide a summary of supplements provided by the County to State Employees. Additionally, provide comparative data with Arlington County and the City of Alexandria on supplements provided to the Office of the Public Defender.

Response:

The chart below summarizes County supplements provided to State employees. It should be noted this chart only represents salary supplements to State positions. It does not represent any additional funding the County provides to support these agencies in excess of what is provided by the State Compensation Board.

County Supplements Provided to State Employees

Agency	Number of Positions Supplemented	Position Titles Receiving Supplements	Supplement Formula	Current Budgeted Supplement Amounts
Circuit Court	1	County Clerk (Elected)	15% of State Salary for Election Cycle 2016-2020	\$21,455
Juvenile and Domestic Relations District Court	34	Clerk of the Court Supervising State Clerks State Clerks	15% of State Salary	\$196,836
Office of the Public Defender	23	Public Defender Chief Deputy Public Defender Senior Assistant Public Defenders Attorney II Public Defenders Entry Level Public Defenders Office Manager Assistant Office Manager	Flat dollar amount; varies by position level.	\$470,112
Office of the Commonwealth's Attorney	1	Commonwealth's Attorney (Elected)	35% of State Salary for Election Cycle 2016-2020	\$50,315
General District Court	83	Clerk of the General District Court Chief Deputy Clerk Supervising Deputy Clerks Deputy Clerks	15% of State Salary	\$535,000
Office of the Sheriff	1	Sheriff (Elected)	33% of State Salary ¹	\$49,345
Magistrates ²	9	Chief Magistrate Magistrates	25% of State Salary	\$279,506

¹ Virginia Code 15.2-1609.2 states: The salary of any deputy sheriff shall not exceed ninety percent of the salary of the sheriff by whom he is employee. As a result of increases to the Sheriff's salary scale, and to maintain compliance with Virginia State Code, the Sheriff's salary has been adjusted each year resulting in an increase to the supplement annually.

² Initially the County provided supplements to 27 magistrates, however Virginia Code 19.2-46.1 was revised to no longer allow supplements to magistrates hired after June 30, 2008 and current supplements may not be exceed 50 percent of the amount paid by the Commonwealth. Therefore the 9 represent the Magistrates in their current position prior to the code change. In addition to salary supplements, the County also provides \$15,000 in operating support as required by Virginia Code 19.2-48.1 which is not included in the figures above.

Both Arlington County and the City of Alexandria provide salary supplements to the Office of the Public Defender. Arlington County currently funds \$158,884 for supplements to state employees in the Office of the Public Defender. Arlington County's supplement is based on 15% of the state salary. As a result of having the supplement as a percentage of the state salary, it will adjust as state salaries adjust. The City of Alexandria funds \$256,000 annually for supplements to state employees in the Office of the Public Defender. The supplement amounts are flat and vary based on position level; amounts will not automatically increase as they are not based on a percentage. When calculated as a percentage, Alexandria's current supplements average 18% of the state salary. Fairfax County supplements are also a flat amount and vary by position level. When calculated as a percentage current Fairfax supplements average 15% of the state salary.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: Please provide information from FCPS on their plans for using the permanent Children's Science Center facility in Loudoun, including their plans for ensuring there is equity in the access that all FCPS students have to the Loudoun facility.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #16 on their website:

The FCPS Science curriculum does not include required field trips and there is no appropriated funding available for field trips. Each school has the discretion to determine the number and destination of field trips and are responsible for the related costs. Staff will partner with the Children's Science Center to ensure schools are aware of the opportunity.

County of Fairfax, Virginia

MEMORANDUM

DATE: March 12, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 3

Attached for your review is Package 3 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-11	Please provide information on the number of employees who will receive performance, merit, and longevity increases in FY 2020.	Supervisor Gross	15
C-12	Please provide the cost of increasing the Market Rate Adjustment (MRA) in 0.50 percent increments.	Supervisor Gross	16
C-13	Please provide a history of compensation increases for County and Schools employees, and a comparison of the FY 2020 proposals.	Chairman Bulova	17
C-14	Please provide information on the rate increase recommended for refuse collection fees.	Supervisor Gross	18
C-15	Please provide additional information regarding the increase to contributory funds detailing if they are the result of increases to existing funds or contributions to new organizations.	Supervisor Foust	19
C-16	How much would it cost to increase the living wage by 3 percent instead of the 1 percent included in the <u>FY 2020 Advertised Budget Plan</u> ? How many employees are impacted by the County's Living Wage Policy?	Supervisor Foust	22
C-17	What are the funding opportunities included for affordable housing in the <u>FY 2020 Advertised Budget Plan</u> , as well as funding opportunities being examined for FY 2021?	Supervisor Foust	23
C-18	Please provide a more detailed explanation of the increase in amortization of unfunded retirement liability to 100 percent being offset by savings in health insurance and other benefits for a net savings of \$0.12 million.	Supervisor McKay	25
C-19	Please provide additional information on the School Health program.	Megan McLaughlin, School Board Member	26

The estimated time to complete this package was 23 hours.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Please provide information on the number of employees who will receive performance, merit, and longevity increases in FY 2020.

Response:

The table below summarizes eligibility for pay increases in FY 2020 under the County's non-uniformed compensation plan and uniformed public safety pay plans. It should be noted that the pay increases shown below do not include the proposed 1.00 percent Market Rate Adjustment (MRA).

Pay Increase	Non-Uniformed Employees		Uniformed Public Safety Employees		Total	
	# of EEs	% of EEs	# of EEs	% of EEs	# of EEs	% of EEs
0.00%	611	6.8%	2,158	55.9%	2,769	21.6%
0.01-1.25%	898	10.0%	-	-	898	7.0%
1.26-1.50%	897	10.0%	-	-	897	7.0%
1.51-1.75%	1,278	14.3%	-	-	1,278	10.0%
1.76-2.00%	1,695	18.9%	-	-	1,695	13.2%
2.01-2.50%	2,394	26.8%	-	-	2,394	18.7%
2.51-3.00%	972	10.9%	-	-	972	7.6%
3.01-4.00%	206	2.3%	-	-	206	1.6%
5.00%	-	-	1,705	44.1%	1,705	13.3%
	8,951	100.0%	3,863	100.0%	12,814	100.0%
<i>Eligible for Increase</i>	8,340	93.2%	1,705	44.1%	10,045	78.4%
<i>Not Eligible – At Max of Pay Scale or in Longevity Hold</i>	611	6.8%	2,158	55.9%	2,769	21.6%
Includes full and part-time employees on C, F, L, O, P and S pay scales.						

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Please provide the cost of increasing the Market Rate Adjustment (MRA) in 0.50 percent increments.

Response:

The FY 2020 Advertised Budget Plan includes a MRA of 1.00 percent. Each 0.50 percent increase in the MRA will have a net cost to the General Fund of \$6,753,827. This amount does not include any associated impact on reserve requirements, as the reserve impact will vary depending on whether the increase in the MRA is funded through revenue enhancements or reductions in other disbursements. The table below provides the General Fund cost to increase the Market Rate Adjustment in 0.50 percent increments or to increase the MRA to the calculated amount of 2.51 percent.

Market Rate Adjustment	Net General Fund Cost
1.50%	\$6,753,827
2.00%	\$13,507,654
2.50%	\$20,261,481
2.51%	\$20,396,558

Response to Questions on the FY 2020 Budget

Request By: Chairman Bulova

Question: Please provide a history of compensation increases for County and Schools employees, and a comparison of the FY 2020 proposals.

Response:

The following table provides a comparison of average employee compensation increases for County and Schools employees. These amounts include the 1.00 percent MRA that is proposed in the FY 2020 Advertised Budget Plan.

	County		Schools	
	General County	Uniformed Public Safety*	Teachers	Non-Teachers
Market Rate/Scale Adjustment	1.00%	1.00%	3.65%	1.00%
Steps/Longevities	-	2.25%	2.58%	2.76%
Performance/Longevities	2.00%	-	-	-
Average Increase (Range of Increases)	3.00% (1.00%-5.00%)	3.25% (1.00%-6.00%)	6.23% (0%-8.90%)	3.76% (1.00%-5.25%)

* Uniformed Public Safety pay increases do not include the impact of pay scale leveling for uniformed Fire and Rescue employees (which vary by job class) or the 3 percent across-the-board increase to the Sheriff pay scales implemented in January 2019.

The following table provides a comparison of average employee compensation increases for County and Schools employees since FY 2010.

	County			Schools		
	General County	Uniformed Fire and Rescue	Uniformed Police/Sheriff/DPSC*	Teachers	Non-Teachers	Trades/Custodial
FY 2020 (Proposed)	3.00%	3.25%	3.25%	6.23%	3.76%	3.76%
FY 2019	4.25%	4.50%	4.50%	6.38%	6.06%	6.06%
FY 2018	2.00%	2.25%	2.25%	4.40%	2.30%	2.30%
FY 2017	3.33%	3.83%	3.83%	6.22%	3.30%	3.30%
FY 2016	3.60%	3.35%	3.35%	2.92%	2.92%	2.92%
FY 2015	2.29%	6.54%	3.54%	2.25%	2.25%	2.25%
FY 2014	0.00%	0.35%	0.35%	1.35%	1.35%	5.00%
FY 2013	4.68%	5.48%	5.48%	1.82%	1.82%	3.25%
FY 2012	2.00%	2.00%	2.00%	3.30%	3.30%	3.30%
FY 2011	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
FY 2010	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Average FY 2010-2020	2.29%	2.87%	2.60%	3.17%	2.46%	2.92%

* Uniformed Public Safety pay increases do not include the impact of pay scale leveling for uniformed Fire and Rescue employees (which vary by job class) proposed for FY 2020, the 3 percent across-the-board increase to the Sheriff pay scales implemented in January 2019, or the impact of pay scale leveling for uniformed Police and Sheriff employees (which varied by job class) in FY 2018.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Please provide information on the rate increase recommended for refuse collection fees.

Response:

Refuse Collection and Recycling operations are responsible for the collection of refuse and recyclable materials from approximately 43,100 residential customers within sanitary refuse collection districts. Residents are charged an annual fee for weekly refuse and recycling collection service through the semi-annual property tax collection system.

For FY 2020, the proposed collection rate is \$385, a \$35 increase to the current rate of \$350. The fee was increased in FY 2019 by \$5 from \$345 to \$350. Prior to the increase in FY 2019, the fee remained unchanged for nine years from FY 2009 until FY 2018.

Increases in labor costs and vehicle costs (including rental, maintenance, and repair costs), as well as disposal costs, are the primary factors driving the need for a rate increase. Based on current projections, it is likely another rate increase of \$15, bringing the rate to \$400 annually, will be recommended in FY 2021. It is expected that once the rate is increased to \$400 the fund will begin to stabilize, no longer requiring the use of fund balances to remain solvent. Fund balances have been decreasing steadily with balances projected to be \$4.5 million in FY 2019 from \$10.7 million in FY 2016. Even with the proposed rate increase, County rates continue to remain competitive with private haulers.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide additional information regarding the increase to contributory funds detailing if they are the result of increases to existing funds or contributions to new organizations.

Response:

There are no contributions made to new organizations as part of the FY 2020 Advertised Budget Plan. The net increase of \$693,714 as compared to the FY 2019 Adopted Budget Plan reflects adjustments associated with contributions based primarily on legal requirements, per capita calculations, contractual or regional commitments or based on membership dues. The following summaries describe these adjustments in more detail by program area.

The **Legislative-Executive Functions/Central Service Agencies** program area increases \$138,783 based on an increase of \$138,800 or 13.0 percent for the Metropolitan Washington Council of Governments (COG) for funding of \$112,787 for a new Regional Public Safety Fund and an increase in the per capita rate from \$0.755 in FY 2019 to \$0.765 in FY 2020 and increased Water Resource Planning and Environmental Fund contributions. This increase is also due to an increase of \$3,816 or 0.5 percent for the Northern Virginia Regional Commission (NVRC) based on a projected Fairfax County population increase, and a slight increase in funding for the Northern Virginia Waste Management Program. Other increases include \$1,314 or 0.5 percent for the Virginia Association of Counties. There is a decrease of \$5,147 or 3.0 percent for the Northern Virginia Transportation Commission.

The **Public Safety** program area remains flat in FY 2020 compared to FY 2019.

The **Health and Welfare** program area increases \$108,209 or 3.1 percent due to an increase for the Northern Virginia Healthcare Center/Birmingham Green Adult Care Residence, known collectively as Birmingham Green, based on actual costs and utilization rates at the facility.

The **Parks, Recreation and Cultural** program area increases \$273,181 or 7.3 percent due to an increase in funding for the Arts Council of Fairfax County of \$231,726 or 26.6 percent and an increase of \$41,455 or 1.9 percent for the Northern Virginia Regional Park Authority based on changes in population share among member jurisdictions.

The **Community Development** program area increases \$173,541 or 4.3 percent due to an increase of \$145,393 for the Convention and Visitors Corporation based on projected Transient Occupancy Tax revenue in FY 2020 and an increase of \$28,148 for the Northern Virginia Community College (NVCC).

The **Nondepartmental** program area remains at the FY 2019 level.

Individual contributions are described in detail in the narrative of Fund 10030, Contributory Fund, in Volume 2 of the FY 2020 Advertised Budget Plan at:

<https://www.fairfaxcounty.gov/budget/sites/budget/files/assets/documents/fy2020/advertised/volume2/10030.pdf>.

The following chart summarizes the funding for the various contributory organizations in FY 2020.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: How much would it cost to increase the living wage by 3 percent instead of the 1 percent included in the FY 2020 Advertised Budget Plan? How many employees are impacted by the County's Living Wage Policy?

Response:

The County's Living Wage Policy establishes a living wage for all merit employees and for limited-term employees scheduled to work 1,039 hours or more per year. The County's living wage was initially set based on the living wages adopted by Arlington County and the City of Alexandria. However, this policy resulted in infrequent adjustments to the living wage that lagged behind other jurisdictions. As a result, the Living Wage Policy was reviewed as part of the development of the FY 2019 budget. Beginning with the FY 2019 Adopted Budget Plan, the living wage will be adjusted each year based on the funded Market Rate Adjustment (MRA). This will allow for more regular increases in the living wage that reflect changes in the local cost of living, and will align living wage increases with increases in the County's pay scales. The living wage will also be benchmarked periodically against the living wages in effect in other local jurisdictions to ensure that the County's rate remains competitive in the region.

There are currently 200 employees covered by the Living Wage Policy that are earning the FY 2019 living wage of \$14.83 per hour. In FY 2020, the living wage is proposed to increase by the 1 percent funded MRA to \$14.98 per hour. This amount will be in line with the current living wages of Arlington County and the City of Alexandria, which are both set at \$15.00 per hour.

As all employees will receive the funded MRA, there is no additional cost related to increasing the living wage by the funded MRA. If the Board increases the funded MRA as part of their adoption on the FY 2020 budget, the living wage will be adjusted accordingly with no additional cost. However, there will be an additional cost if the Board chooses to increase the living wage by a rate greater than the funded MRA. For example, if the funded MRA remains at 1 percent but the living wage is increased by 3 percent to \$15.27 per hour, 224 employees will be impacted by the Living Wage Policy. This action would result in a net cost to the General Fund of \$22,129, as well as increased costs to other County funds.

It should be noted that the FY 2020 Advertised Budget Plan proposes compensation increases that include a 1 percent MRA, performance and longevity increases for non-uniformed merit employees, and merit and longevity increases for uniformed public safety employees. As a result, merit employees currently earning the living wage will receive the funded MRA and will also be eligible to receive a performance or longevity increase.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: What are the funding opportunities included for affordable housing in the FY 2020 Advertised Budget Plan, as well as funding opportunities being examined for FY 2021?

Response:

Affordable housing is delivered in the county through a combination of programs of the Board of Supervisors (BOS) and the Fairfax County Redevelopment and Housing Authority (FCRHA). These funds are administered through the department of Housing and Community Development (HCD) and are a complex mosaic comprised of various funding sources. Operations are supported by FCRHA revenues (e.g., developer fees, tenant rents, and loan repayments), FCRHA bonds, federal grants, private capital, revenue from program operations, interest income, and County funds.

Below is a table of the funding included in the FY 2020 Advertised Budget Plan for both HCD's County Appropriated and Non-Appropriated Funds. These funds encompass all HCD/FCRHA operations with the exception of developments that are operated by outside management companies under contract with the FCRHA and/or are owned by the FCRHA in partnership with private investors.

Fund	Fund Name	FY 2020 Advertised Revenue
10001	General Fund	\$7,302,039
30300	Penny for Affordable Housing ¹	\$18,400,000
30310	Housing Assistance Program ²	\$0
40330	Elderly Housing Program	\$3,164,280
40360	Homeowner/Business Loan Program	\$2,500,000
40300	Housing Trust Fund	\$798,265
50800	Community Development Block Grant	\$5,574,509
50810	HOME	\$2,103,044
81000	FCRHA General Operating	\$2,670,914
81050	FCRHA Private Financing	\$52,653
81060	FCRHA Internal Service Fund	\$4,093,129
81100	Fairfax County Rental Program	\$3,754,445
81200	Housing Partnerships	\$2,394,122
81300	RAD – Project-Based Voucher	\$9,372,262
81500	Housing Grants	\$1,595,771
81510	Section 8 Housing Choice Voucher	\$71,584,176
Total FY 2020 Advertised Budget		\$135,359,609

¹ The FY 2020 Advertised Budget Plan includes a total of \$18.4 million in revenue in Fund 30300, Penny for Affordable Housing, including \$12.4 million in tax revenue based on the projected value of one-half penny on the Real Estate Tax Rate. An adjustment will be made at *FY 2019 Carryover Review* to increase the revenue in Fund 30300 to reflect the updated projected value of one-half penny on the Real Estate Tax rate, estimated at \$12.8 million.

² No FY 2020 funding is included for Fund 30310, but unspent project balances will carry forward at the close of FY 2019.

In total, funding supporting HCD and FCRHA activities total \$138,461,173 in the FY 2020 Advertised Budget Plan, including \$9,181,697 in General Fund support, \$30,715,571 in other County appropriated funds, and \$98,563,905 in Non-County appropriated funds. Total revenue for FY 2020 is anticipated to be

\$135,359,609, including federal/state sources of \$77,218,965, or 57 percent of the total. In addition, approximately \$3 million in balances are anticipated to be utilized primarily for RAD.

The Affordable Housing Resources Panel (AHRP), formed by the BOS and charged with making recommendations regarding new affordable housing production and identifying the resources necessary, beyond existing baselines, to meet and exceed that goal, will be reporting out to the BOS at the March 12, 2019 Budget Committee Meeting. Per BOS direction, the recommendations of the AHRP will be considered for inclusion as budget guidance for appropriations in FY 2021 and beyond.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: Please provide a more detailed explanation of the increase in amortization of unfunded retirement liability to 100 percent being offset by savings in health insurance and other benefits for a net savings of \$0.12 million.

Response:

Net savings of \$0.12 million in Agency 89, Employee Benefits, including a net increase of \$3.16 million for the amortization to 100 percent of the unfunded retirement liability, are primarily due to a combination of year-to-date CY 2019 experience and positive FY 2018 investment returns in the retirement systems.

In keeping with the strategy approved as part of the FY 2016 Adopted Budget Plan to further strengthen the financial position of each of the County's three retirement systems to include amortization of 100 percent of the unfunded liability in the actuarially determined contributions for the systems by FY 2020, the FY 2020 Advertised Budget Plan includes an increase in the amortization of the unfunded liability from 99 percent to 100 percent. The impact of this increase to the amortization schedule is included in the FY 2020 employer contribution rates for all three systems, resulting in an increase of \$6.49 million to the General Fund. However, this increase is partially offset by a decrease of \$3.33 million as a result of FY 2018 experience. In FY 2018, both the Employees' and Uniformed retirement systems' investment returns exceeded the 7.25 percent assumed rate of investment return. These investment results, as well as actual employer contributions to all three systems in FY 2018, and liability experience as determined by the annual actuarial valuation, resulted in savings \$3.33 million, for a net increase of \$3.16 million.

This net increase in employer contributions to the retirement systems is fully offset by a net decrease of \$3.28 million in other employee fringe benefits primarily due to year-to-date FY 2019 experience. This net decrease includes projected savings as a result of actual January 2019 premium adjustments being lower than anticipated, benefit plan design changes, increased participant awareness of medical costs, the closure of the County's highest-cost health plan to new enrollees, and tightened assumptions regarding Social Security and Medicare (FICA) payroll taxes based on year-to-date FY 2019 experience. Included in this net decrease is the full-year impact of January 2019 premium adjustments as well as costs associated with a projected 5.0 percent premium increase for all health insurance plans, effective January 1, 2020.

It should be noted that additional savings of \$1.93 million in Agency 89, Employee Benefits, are included in the Operational Efficiencies section, shown on slide 25 of the County Executive's Presentation of the FY 2020 Advertised Budget Plan to the Board of Supervisors, which are attributable to a concerted educational campaign to encourage migration out of the County's high-cost copay plan into other more cost-effective co-insurance and consumer-directed health plans.

The overall increase in retirement funding in FY 2020 is \$13.46 million, including the \$3.16 million increase cited above, as well as \$7.62 million due to compensation increases and \$2.68 million associated with new positions and programmatic adjustments.

Response to Questions on the FY 2020 Budget

Request By: School Board Member Megan McLaughlin

Question: Please provide additional information on the School Health program.

Response:

The School Health program works collaboratively with school partners to maximize the potential of school-age children to be healthy, safe, and ready to learn. The program achieves this through the delivery of supportive health services in the public-school setting. The School Health program supports three local school systems. They are:

- Fairfax County Public Schools – operated under a Memorandum of Agreement between the two organizations,
- Falls Church City Public Schools – provided through a contract which the County is fully reimbursed for services, and
- Fairfax City Public Schools – service delivery included in the School Services Agreement with FCPS.

School Health Service Delivery Models

There are several models that can be utilized to deliver school health services. Differences between how local jurisdictions choose to provide school health services and staff their schools depend on many factors including the overall number of schools and students in the locality; the number and complexity of student health conditions; and the availability of local resources. Differences between models can include whether the services are delivered by the County or the school system; nurse to school and nurse to student ratios; and how para-professional staff is utilized. The various approaches to school health service delivery tend to fall into the following categories:

- **School Nurse for Every School Model** – All concerns including emergencies are addressed on-site by a Registered Nurse. The model is endorsed by the American Academy of Pediatrics (AAP) and the National Association of School Nurses (NASN), but can be cost prohibitive.
- **Registered Nurse/Trained Para-professional Model** – Each school is covered by a Registered Nurse (RN) and Health Aide team. Each RN covers two to three schools in geographic proximity and there is a Health Aide in each school. Emphasis is placed on proper training for Health Aides and school staff.
- **Blended Model** – A combination of acuity calculations based on student conditions at individual schools to determine appropriate staffing levels and RN/para-professional staff teams to manage service delivery.

The Fairfax County School Health Model

The School Health program functions through a strong partnership with the local school systems and the Health Department. Staffing is provided by the Health Department with extensive collaboration and support from school staff. The County school health model is a Blended Model that utilizes Public Health Nurses (PHN) who are licensed as Registered Nurses, often with master's degrees in public health or nursing, and trained paraprofessional School Health Aides (SHA). A School Health Aide is assigned to each school. A Public Health Nurse II is assigned between three and five schools, depending on the acuity

calculation for each school. The system also relies on extensive and ongoing training for the SHAs as well as school staff.

Each school has a health room which is staffed during the academic day by the School Health Aide who follows established protocols to provide care for sick and injured students, administers medications, conducts hearing and vision screenings, and alerts parents or guardians of the need for further care when indicated.

PHNs provide services year-round and extend their support to after school activities as well as summer school programs. Primary responsibilities include the identification of health conditions that may require support; developing a plan of care to assure the students' health needs are supported; evaluating and coordinating responses to communicable disease; providing staff training on the support of health conditions; and promoting the overall health and wellness of the school community.

This model has been used by the County since 1957 and has been quite successful. For example, in FY 2018 there were 780,534 student visits to school health rooms. Most of these visits were handled by the School Health Aide with only 1,287 of the student visits requiring the School Health Aide to call 911. This is 0.2 percent of the total student visits.

Nurse to Student Ratios

In FY 2019, there are 65 Public Health Nurse II funded merit positions in the School Health program. This results in a Public Health Nurse II to student ratio of 1:2,925. This is in comparison to the Code of Virginia recommended ratio of 1:1,000. However, since the County utilizes a Blended Model, it is not intended that the recommended ratio set forth in the Code of Virginia be met. Staff has set a target ratio of 1:2,000. This will allow Public Health Nurse IIs to continue to meet the needs of students, provide regular training to SHA and school staff, and address student health care plans timely.

Addressing Nurse to Student Ratios

The County has been steadily addressing the needs of the School Health program for several years. Beginning in FY 2017, the Health Department began filling Public Health Nurse II positions that were being held vacant due to previous budget reductions. In FYs 2017, 2018 and 2019 two existing vacant Public Health Nurse II positions each fiscal year were filled utilizing existing balances within the Health Department's Personnel Services budget. The FY 2020 Advertised Budget Plan includes funding to allow the Health Department to fill the remaining two existing vacant Public Health Nurse II positions. This will fully fund all of the existing Public Health Nurse II positions in the School Health program.

Moving forward, the Health Department has recommended a multi-year plan to further increase the number of Public Health Nurse IIs with a goal of ultimately reaching the program target of 1:2,000, nurse to student ratio. The Health Department has proposed adding five Public Health Nurse IIs in FY 2021. In order to reach the 1:2,000 ratio, an additional five positions would need to be added each year in FYs 2022 through 2026. The table below details the position requirements.

Budget Process	Public Health Nurse IIs	Estimated Student Enrollment*	Ratio
FY 2019 Adopted Budget	65	190,152	1:2,925
FY 2020 Advertised Budget	67	191,113	1:2,852
FY 2021 Anticipated Request	72	192,079	1:2,668
FY 2022 Projection	77	193,050	1:2,507
FY 2023 Projection	82	194,025	1:2,366
FY 2024 Projection	87	195,006	1:2,241
FY 2025 Projection	92	195,991	1:2,130
FY 2026 Projection	97	196,982	1:2,031

* FY 2019 and FY 2020 Estimated Student Enrollment based on enrollment data included in the FCPS FY 2020 Proposed Budget and the FCCPS FY 2020 Proposed Budget; FYs 2021-2026 assumes 0.5% growth

However, it should also be noted that for every five Public Health Nurse II positions that are added, in order to maintain supervisory ratios, an additional Public Health Nurse III and Public Health Nurse IV position are also needed. Therefore, an additional seven positions will be needed each fiscal year (five Public Health Nurse IIs, one Public Health Nurse III and one Public Health Nurse IV) to address the nurse to student staffing ratio. The cost of seven positions is approximately \$0.9 million.

Addressing Federal Mandates for School Health Services

Decisions and agreements rendered by the U.S. Department of Education, Office of Civil Rights (OCR) have extended the requirements for health support services beyond the academic day to all school sponsored activities including extracurricular activities, school sponsored events, and field trips, which now require specialized health training for specific activities. Additionally, Public Health Nurse IIs are responsible for the support and management of students with diabetes, including the function and possible complications associated with their transition to insulin pump therapy. Staff is prohibited from requesting that a parent or guardian provide any diabetes-related aids or services to the student unless the parent or guardian has submitted a written request to provide the student with the aid or service. Both changes have significantly increased the level of responsibility and required training of the Public Health Nurse IIs.

In order to address these changes, two new Public Health Nurse III Clinical Specialist positions are included as part of the FY 2020 Advertised Budget Plan to specifically address training and mentoring for staff, and ongoing clinical support requirements for students with complex and chronic health conditions. These two positions are essential to complying with the federal requirements and ensuring that students are able to attend school, ready to learn.

Addressing Students Who are Medically Fragile

The Health Department also provides one-on-one nursing services during the school day to medically fragile students with complex medical conditions through contracts with private providers. Medically fragile cases are reviewed by a multidisciplinary team of experts who recommend services based on the medical need of the student. If a student is found eligible, services are mandated under federal law. The Medically Fragile program is reviewed annually to determine whether additional funding is necessary, as both the number of students eligible for these services and the level of care fluctuates. Analysis indicated that additional funding is not required in FY 2020; however, DMB and the Health Department will continue to monitor the program for additional funding requirements.

Addressing School Health Aide Hours for Paid Holiday and Leave

Funding of \$150,000 has been included in FY 2020 in order to account for paid holidays and paid leave for School Health Aides that were not previously budgeted.

County of Fairfax, Virginia

MEMORANDUM

DATE: April 1, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 4

Attached for your review is Package 4 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-20	Please provide a chart that tracks all general obligation bond sales and spending during the past ten years.	Supervisor Gross	29
C-21	In the FY 2020 County and Schools Budgets presentation on February 26, 2019, the chart on Debt Analysis (page 7), demonstrates how close the County is to the self-imposed cap in the out years. Please provide history on times in the past 15 years when we had to adjust due to decreased disbursements, if any, and what the potential might be for decreased disbursements through 2029/30.	Supervisor Gross	31
C-22	Please provide a comparison of debt analysis (projections vs. actuals) for the last 15 years.	Supervisor Storck	33
C-23	For the last six years, the county has provided a two-year look at the budget that allowed us to see the long-term impacts of decisions made in the current year budget. Will the county be producing a two-year budget this year?	Supervisor Herrity	34
C-24	If and when was the 3% across the board increase in Sheriff's pay approved by the Board of Supervisors? How was the increase funded?	Supervisor Herrity	35
C-25	Please breakdown the nonresidential equalization chart by different types of retail.	Supervisor Smyth	36
C-26	Please provide additional detail about the structure and function of the Office of Environmental and Energy Coordination (OEEC).	Supervisor Foust	37
C-27	Please provide an overview of the early childhood and school readiness program.	Supervisor McKay	39

The estimated time to complete this package was 30 hours.

Tisha Deeghan, Deputy County Executive
Rachel O'Dwyer Flynn, Deputy County Executive
David M. Rohrer, Deputy County Executive

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Please provide a chart that tracks all general obligation bond sales and spending during the past ten years.

Response:

The County utilizes voter-approved bond referendum to fund traditional funding categories such as schools, parks, public safety, libraries, and transportation. The County's Capital Improvement Program (CIP) outlines all future bond referendum plans. County staff plan and review all project requests from user agencies, developing a prioritized list of out-year facility funding needs. Under the current schedule, the County will have bond referendum in the even-numbered calendar years and schools in odd-numbered calendar years.

Upon approval from the voters, the County will then sell General Obligation (GO) bonds to investors for these projects. The County typically does this on an annual basis in the winter to meet the annual cash flows for the respective projects. These bonds carry Triple A bond ratings from all three bond rating agencies – Moody's Investor Services, Standard and Poor's and Fitch Ratings.

The table below provides details associated with the GO bond sales from the last 10 years.

Fiscal Year	County GO Amount	Schools GO Amount	Total Amount
FY 2009	\$49,000,000	\$155,000,000	\$204,000,000
FY 2010	\$120,000,000	\$155,000,000	\$275,000,000
FY 2011	\$52,300,000	\$130,000,000 ¹	\$182,300,000
FY 2012	\$85,350,000	\$155,000,000	\$240,350,000
FY 2013	\$94,230,000	\$155,000,000	\$249,230,000
FY 2014	\$134,635,000	\$155,000,000	\$289,635,000
FY 2015	\$95,302,100	\$161,000,000 ²	\$256,302,100
FY 2016	\$94,727,200	\$155,000,000	\$249,727,200
FY 2017	\$103,300,000	\$155,000,000	\$258,300,000
FY 2018	\$96,780,000	\$155,000,000	\$251,780,000
FY 2019	\$67,363,000	\$180,000,000 ³	\$247,363,000

¹ The Fairfax County Public Schools (FCPS) received an amount of \$130,000,000 from the Series 2011A in FY 2011 as the bond sale amount was sized to the smallest amount of bond funding possible given budget constraints at the time.

² FCPS received an amount of \$161,000,000 from the Series 2015A in FY 2015, which included the annual baseline request of \$155 million and an additional one-time allotment of \$6,000,000. The latter of which is the local match required from FCPS for federal funds approved to construct a new elementary school at Fort Belvoir and to renovate the existing elementary school at the base.

³ As part of the FY 2019 Adopted Budget Plan and future budgets, the County included an additional \$25 million in general obligation bonds for FCPS, thereby increasing their annual total from \$155 million to \$180 million. This revised amount was sold in January 2019 and the debt service is included in the FY 2020 budget.

Actual annual spending corresponds with the bond sale amounts listed above, and it is based on the cash flow requirements of the individual projects.

The projections for the new bond sales planned for the next ten years are presented in the table below, and they are also included in Table E, Referendum and Debt Capacity Analysis (also known as "the mother of

all charts”), in the FY 2020-2024 Advertised Capital Improvement Program (With Future Fiscal Years to 2029). It should be noted that some of the projected total amounts are over the ceiling amount of \$300 million per year for General Obligation (GO) Bonds. These projections will be revised accordingly, and cash flows will be revised to remain under the \$300 million annual GO Bond ceiling amount.

In addition, the below chart illustrates estimates for upcoming County financings through the Economic Development Authority (EDA). These financings were cited at the Joint Meeting of the Board of Supervisors and School Board on February 26, 2019 presentation on the County and Schools Capital Program for FY 2020. The projects included in this category include Original Mount Vernon High School, Reston Town Center North, Stormwater/Wastewater Facility, and the East County Human Services Center. Additional discussion with the Board on these projects will occur as part of upcoming FY 2020 Budget Committee meetings.

Fiscal Year	County GO Amount	Schools GO Amount	Subtotal GO Amount	EDA Financing	TOTAL GO + EDA
FY 2020	\$142,400,000	\$180,000,000	\$322,400,000	\$56,000,000	\$378,400,000
FY 2021	\$147,300,000	\$180,000,000	\$327,300,000	\$111,500,000	\$438,800,000
FY 2022	\$162,474,000	\$180,000,000	\$342,474,000	\$120,000,000	\$462,474,000
FY 2023	\$181,490,000	\$180,000,000	\$361,490,000	\$95,000,000	\$456,490,000
FY 2024	\$159,900,000	\$180,000,000	\$339,900,000	\$52,000,000	\$391,900,000

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

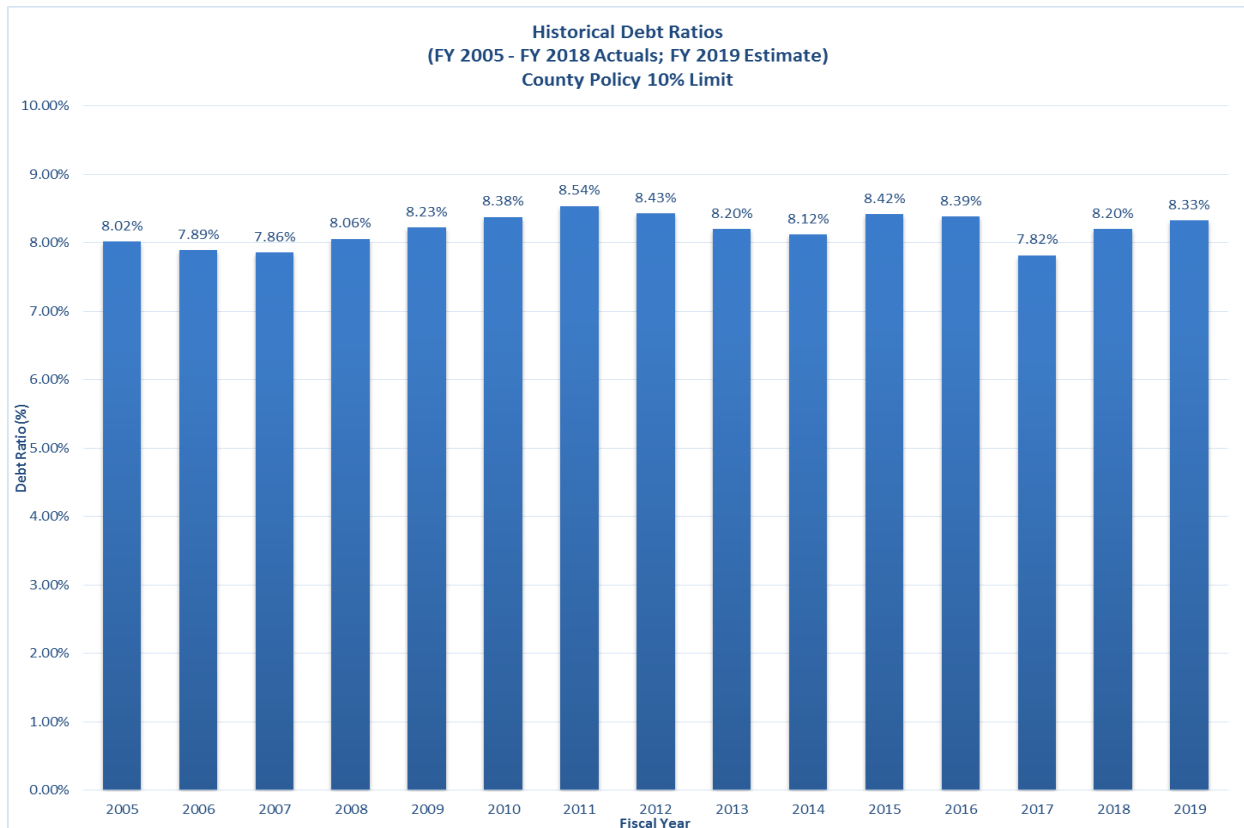

Question: In the FY 2020 County and Schools Budgets presentation on February 26, 2019, the chart on Debt Analysis (page 7), demonstrates how close the County is to the self-imposed cap in the out years. Please provide history on times in the past 15 years when we had to adjust due to decreased disbursements, if any, and what the potential might be for decreased disbursements through 2029/30.

Response:

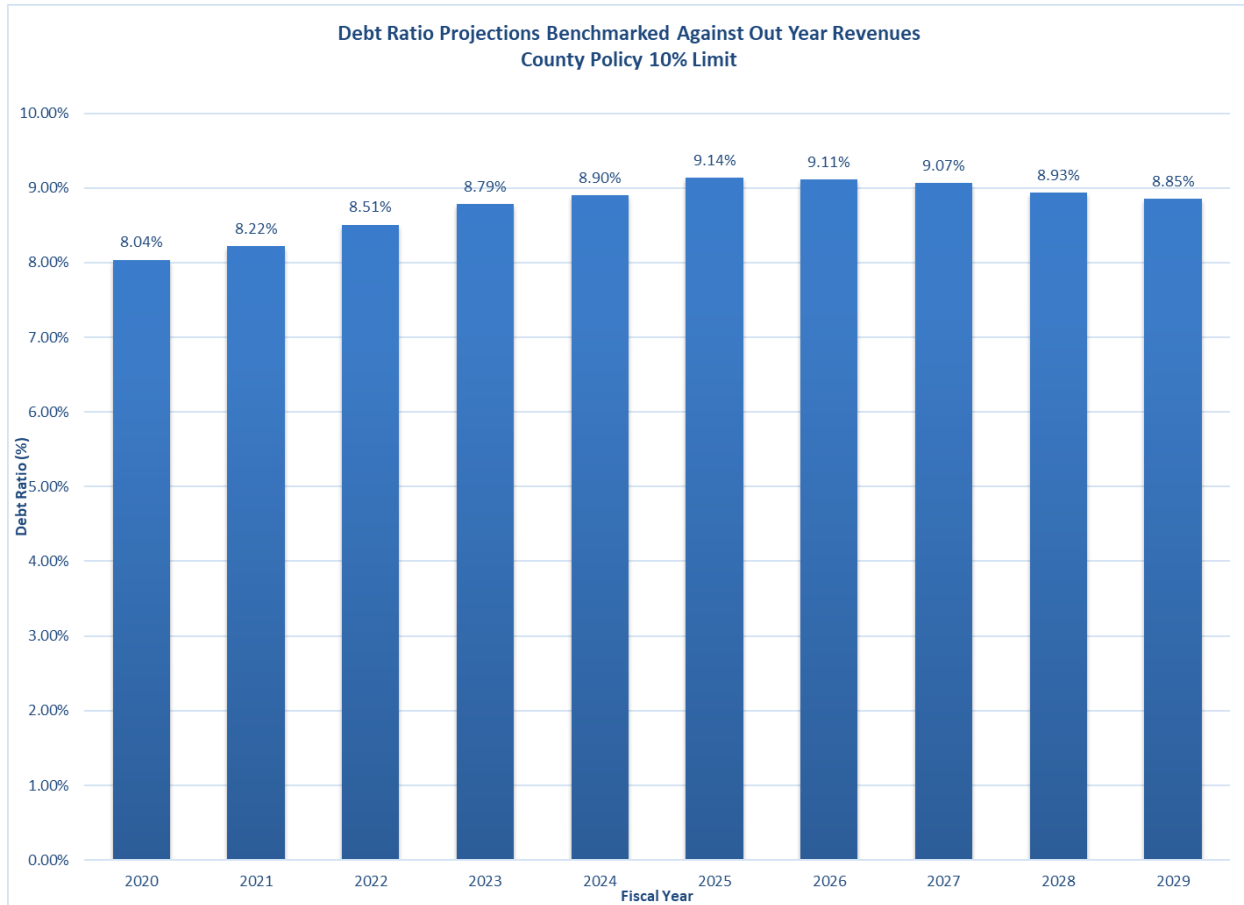

The Board of Supervisors has adopted specific debt indicators within the *Ten Principles of Sound Financial Management (Ten Principles)* to effectively manage Fairfax County's bonded indebtedness. The *Ten Principles* state that the County's debt ratios shall be maintained at the following levels:

- Net debt as a percentage of estimated market value should always remain less than 3 percent; and
- The ratio of debt service expenditures as a percentage of Combined General Fund disbursements should remain under 10 percent.

The County has strictly adhered to these debt ratio policies. The chart shown below depicts the historical ratios of debt service expenditures as a percentage of Combined General Fund disbursements from FY 2005 to FY 2018, and an estimate for FY 2019. The debt ratios have remained below the cap of 10 percent.

County staff uses very conservative assumptions with future debt ratio projections by benchmarking against out year revenues as opposed to total disbursements. A 2 percent revenue growth rate is utilized, which is lower than historical revenue growth. In addition, the projected interest rate for future bond sales is 4 percent, which is higher than the actual interest rates that the County has earned in the past.

However, if disbursements decrease in the future or revenues do not track to forecast, the County will make the necessary proactive adjustments to its bond sales. This was the approach utilized in the development of prior Capital Improvement Programs (CIP) between FY 2009 and FY 2011. In these years, there was a project by project review, which resulted in a list of prioritized capital projects and delays due to limited General Fund revenue to support the corresponding debt service and operating costs. For the FY 2010-2014 Adopted Capital Improvement Program, project deferrals totaled \$87 million or 6.8 percent over the five-year period for the County (\$52 million) and Schools (\$35 million). Further, the bond sale in FY 2011 was sized to the smallest amount of bond funding possible given the budget constraints at the time as the County received \$52.3 million, compared to historical figures closer to the \$80-\$90 million range, and Schools received \$130 million, which was a \$25 million reduction from the prior agreed to allotment of \$155 million. Absent these adjustments, the bond sales during these time periods would have been higher along with the corresponding debt service and operating costs. As the economy recovered, the delayed and/or impacted projects were then gradually reincorporated into future bond sales.

Conservative forecasting assumptions allow the County to proceed with programmed capital investments while adhering to its debt ratio policies. Updates to these assumptions, such as revenue growth and interest rates, are reviewed annually and updated, if need be, in the context of local and national trends. County staff will remain diligent in its forecasting to ensure it adheres to its debt ratio policies, which are essential to maintaining its Triple A bond ratings.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Storck

Question: Please provide a comparison of debt analysis (projections vs. actuals) for the last 15 years.

Response:

Debt service payments are budgeted and expended out of Fund 20000, Consolidated County and Schools Debt Service Fund. These payments include all General Obligation (GO) bond debt service payments for the County and the Fairfax County Public Schools (FCPS). In addition, debt service expenditures are included for the Fairfax County Economic Development Authority Lease Revenue Bonds and School Facilities, payments for the Fairfax County Redevelopment and Housing Authority (FRCHA), payments to the Virginia Resources Authority (VRA), and direct loans to banking institutions.

The following chart references budgeted versus actual debt service payments for Fiscal Years 2004 to 2018. On average over this period, actual debt service payments were under budget by 1.3 percent or \$3.4 million. FY 2008 is the sole year where the actuals were over budget by 0.7 percent or \$1.7 million due to higher than budgeted GO bond debt service payments.

Fiscal Year	Total Debt Service		Variance	
	Adopted Budget	Actual	\$	%
2004	\$220,216,948	\$212,491,377	(\$7,725,571)	(3.5%)
2005	234,378,638	224,911,539	(9,467,099)	(4.0%)
2006	239,176,157	234,392,853	(4,783,304)	(2.0%)
2007	258,464,749	253,433,433	(5,031,316)	(1.9%)
2008	265,877,571	267,615,830	1,738,259	0.7%
2009	276,740,785	276,104,740	(636,045)	(0.2%)
2010	278,161,710	277,367,878	(793,832)	(0.3%)
2011	286,050,052	285,550,695	(499,357)	(0.2%)
2012	286,325,034	283,421,659	(2,903,375)	(1.0%)
2013	287,824,864	287,619,260	(205,604)	(0.1%)
2014	294,065,698	292,644,317	(1,421,381)	(0.5%)
2015	314,009,005	307,692,678	(6,316,327)	(2.0%)
2016	319,400,342	314,108,088	(5,292,254)	(1.7%)
2017	317,022,544	310,292,506	(6,730,038)	(2.1%)
2018	\$337,873,647	\$337,076,504	(\$797,143)	(0.2%)

A majority of the County's debt service expenditures are based on fixed rate amortization schedules. However, based on the timing of some bonds sales, County staff are required to forecast debt service payments for the upcoming fiscal year and these projections are reflected in the budgeted figures. For these future bond sales, an interest rate of 4 percent is used, which is significantly higher than the actual interest rates the County has received in prior year bond sales. In addition, the County has aggressively pursued all refunding opportunities when market conditions are favorable. These factors all contribute to actual expenditures being lower than budgeted, but is based on conservative assumptions.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: For the last six years, the county has provided a two-year look at the budget that allowed us to see the long-term impacts of decisions made in the current year budget. Will the county be producing a two-year budget this year?

Response:

The FY 2020 Advertised Budget Plan includes a two-year budget framework beginning on page 39 of the Overview Volume, providing preliminary estimates of FY 2021 revenue growth and disbursement requirements. The FY 2020 and FY 2021 Multi-Year Budget can be accessed directly at the following link:

<https://www.fairfaxcounty.gov/budget/sites/budget/files/assets/documents/fy2020/advertised/overview/mult-year-budget.pdf>

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: If and when was the 3% across the board increase in Sheriff's pay approved by the Board of Supervisors? How was the increase funded?

Response:

Effective January 5, 2019, at the request of the Sheriff's Office, the environmental pay supplement for designated agency employees was permanently discontinued and a 3% increase to the C-scale for uniformed Sheriff employees was implemented. The environmental pay supplement was an annual supplement of \$2,500 (paid bi-weekly) for eligible C-scale uniformed employees as an incentive to attract and retain staff assigned to the Adult Detention Center (ADC). In addition to redirecting the savings from the environmental pay supplement, the Sheriff utilized existing budget flexibility to offset the cost of implementing the 3% increase.

As a result of this action being cost-neutral, the changes were approved administratively by the County Executive.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Smyth

Question: Please breakdown the nonresidential equalization chart by different types of retail.

Response:

Currently, the Department of Tax Administration categorizes retail into two primary types: Regional Malls and all other retail. The Mall category refers to the four Regional and Super Regional Shopping Malls in the County (Tysons Corner Center, Tysons Galleria, Fair Oaks Mall, and Springfield Mall). These malls include a multi-tenanted inline retail portion, and attached anchor department stores. “Retail” refers to all other retail combined, which are further sub-categorized as:

- **Shopping Center, 50,000 square feet of rentable area and greater** - these are typical multi-tenanted retail shopping centers found throughout the County. Most of these centers have smaller tenants along with a larger anchor, such as a grocery store or nationally recognized retail tenant. There are currently 201 such centers in the County.
- **Small Retail, under 50,000 square feet of rentable area** – these are smaller convenience strip centers or freestanding small retail properties like a 7/11, Verizon store, etc. There are currently 590 such properties in the County.
- **Big Box/Department Store** – these are typically freestanding large single tenant retail properties (Target and Walmart would be examples of this property type). There are currently 60 such properties in the County.
- **Special Purpose Retail** - these are Funeral Homes or Cemetery properties. There are currently 7 such properties in the County.

Nonresidential equalization changes for the retail category since FY 2015 are presented in the following table.

Nonresidential Equalization Changes

Category (Percent of Nonresidential Base)	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020
- Retail (12.5%)	0.44%	1.66%	0.95%	7.37%	7.14%	1.84%
* Shopping Center, 50,000 Square Feet and greater	0.23%	0.41%	0.66%	7.81%	8.57%	2.00%
* Small Retail, Under 50,000 Square Feet	0.96%	8.38%	1.11%	2.01%	4.88%	2.43%
* Big Box/Department Store	2.86%	(0.84%)	1.28%	10.80%	5.19%	(0.43%)
* Special Purpose Retail	1.79%	0.37%	0.12%	(1.18%)	(1.14%)	0.75%
- Regional Malls/Anchors (4.9%)	4.99%	10.81%	4.84%	7.43%	6.65%	1.20%
Total Retail (17.4%)	1.52%	2.46%	1.60%	7.39%	7.00%	1.66%

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide additional detail about the structure and function of the Office of Environmental and Energy Coordination (OEEC).

Response:

The proposed OEEC will support a more comprehensive and effective approach to implementing the objectives of the [Board of Supervisors' 2017 Environmental Vision](#) and the [2018 Operational Energy Strategy](#).

The mission of the Office of Environmental and Energy Coordination is to lead the County's cross-organizational development and implementation of effective environmental and energy policies, goals, programs, and projects. OEEC engages County departments, authorities, businesses, and residents to advance environmental and energy priorities and address community needs. OEEC's collaborative approach promotes good governance, spurs innovation, and facilitates constructive partnerships for a sustainable future for Fairfax County.

This mission will be met through three related functions: policy and accountability services, internal County operations services, and community engagement services.

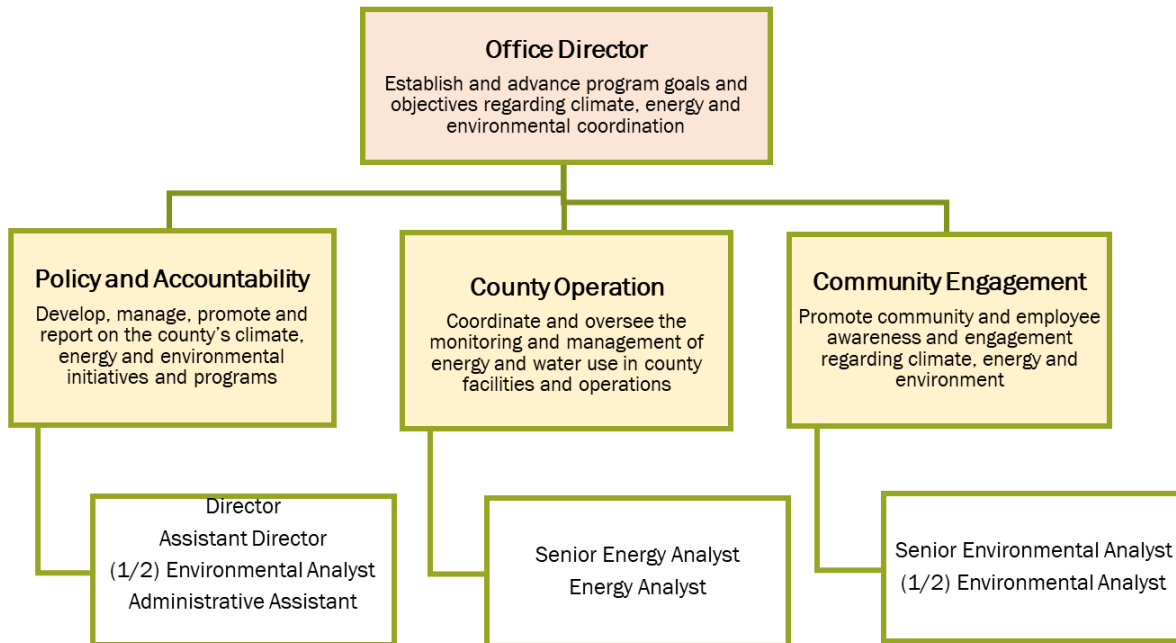

Policy and accountability services will develop, manage, promote, and report on the County's climate, energy, and environmental initiatives and programs. This work will include coordination with directors and managers throughout County government to identify, measure, monitor, and report progress. It will also include work at the regional level through the Metropolitan Washington Council of Governments (MWCOC), Northern Virginia Regional Commission (NVRC), participation in the Virginia Energy Purchasing Governmental Association (VEPGA), and promotion of County interests before state and federal legislatures and regulatory agencies.

County operations services will coordinate and oversee the monitoring and management of energy and water use in County facilities and operations. This group will serve as subject matter experts on utility services and conservation and collaborate with agencies to reduce energy and water use through design, energy efficiency improvements, and training for staff. Data gathered from these functions will be used to conduct periodic inventories of greenhouse gas emissions (GHG) related to County government operations. Organization-wide coordination of these activities is a new service and would provide accountability on progress on the Operational Energy Strategy and emissions reductions, help prioritize the value of energy efficiency investments, and identify opportunities for utility cost avoidance through energy savings.

Community engagement efforts will promote community and employee awareness of and involvement with environmental, climate, and energy sustainability. Resources for community engagement would provide dedicated staffing to expand on existing resident and business-focused programs, such as [Energy Action Fairfax](#) and [Green Business Partners](#), and implement the [Commercial Property Assessed Clean Energy \(C-PACE\)](#) Program. In addition, this group will develop additional education and outreach programs and maintain a website with information on climate and energy issues and programs.

These service areas will come under an Office Director, who will be responsible for establishing and advancing program goals and objectives on climate, energy, and environmental coordination.

OEEC will use the following organization to deliver these services:

OEEC will be established in the Office of the County Executive with a combination of new and existing resources to support the identified functions. A total of 7/7.0 FTE positions and \$1,061,060, with a net General Fund impact of \$456,137, are included in the FY 2020 Advertised Budget Plan. In addition to 2/2.0 positions previously budgeted in Office of the County Executive, \$126,505 and 1/1.0 FTE position are transferred from Agency 04, Department of Cable and Consumer Services; \$73,000 and 1/1.0 FTE position are transferred from Agency 08, Facilities Maintenance Department; and \$338,294 is included to support 2/2.0 FTE positions transferred from Fund 40030, Cable Communications and 1/1.0 FTE new position. The net General Fund impact for establishing OEEC is \$456,137.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: Please provide an overview of the early childhood and school readiness program.

Response:

Quality early childhood education programs provide a strong foundation for children's school and life success. Children thrive when they enter kindergarten at their optimal developmental level with equitable opportunities for positive social, emotional, cognitive, and physical health. The County supports a mixed-delivery system which includes classroom-based, family child care-based, and home-based programs, as well as other early childhood programs to best meet the diverse needs of children and families. In addition, the Child Care Assistance and Referral Program provides financial support for working families earning low to moderate incomes so they may access and afford quality child care services. Together, these systems help to ensure that all children are set for success. The goal of the mixed delivery system is to expand access to quality early childhood services.

Funded Slots (Includes Classroom-Based, Family Child Care-Based, Home-Based)

In FY 2019, 2,793 classroom-based, family child care-based, and home-based slots are funded with public funds in Fairfax County Public Schools (FCPS), the County, and one community Head Start (HS)/Early Head Start (EHS) delegate program. Public funding of these slots includes federal funding provided for Head Start, Early Head Start and Early Head Start Child Care Partnership and Expansion, as well as Title 1; state funding provided through the Virginia Preschool Initiative (VPI), VPI+, and funding from the Virginia Early Childhood Foundation (VECF) for Mixed-Delivery Preschool; County General Funds; and FCPS funding. The table below shows the total number of classroom-based, family child care-based, and home-based slots funded in each organization.

**All Funded Slots
(Includes Classroom-Based, Family Child Care-Based, Home-Based)**

Program	County	FCPS	Community HS/EHS Delegate Program	Total Funded Slots
Total*	661	1,832	300	2,793

* Data provided to the NAACP in February 2019 indicated funded slots totals 4,625; this includes the 2,793 noted above as well as 1,832 children birth to age 5 receiving services in the Child Care Assistance and Referral (CCAR) program. CCAR is discussed in additional detail below.

As of February 28, 2019 there were 93 children ages birth to 3 on the Early Head Start wait list and 310 children, ages 4 to 5, on the Pre-K/Head Start wait list.

As part of the FY 2019 Adopted Budget Plan, the County added 36 slots to serve at-risk preschoolers in comprehensive early childhood programs in community-based settings. The FY 2020 Advertised Budget Plan includes the following funding:

- Funding of \$540,000 to serve 36 new children in comprehensive early childhood programs in community-based settings
- Funding of \$673,079 and 1/1.0 FTE position to replace expiring grant funding for 36 existing children. Funding was originally provided through the VPI+ grant with federal pass-through funding from the Virginia Department of Education. Beginning in FY 2020 the County will no longer receive this grant funding.
- Funding of \$176,975 and 1/0.5 FTE position to implement an Early Childhood Mental Health (MH) Consultation System. The program will provide coordination and consultative services to community early childhood education programs with the goal of promoting children's successful social and emotional development, and positive child interactions.

Child Care Assistance and Referral Program

The Child Care Assistance and Referral (CCAR) program provides financial assistance for child care to working families with low to moderate incomes in Fairfax County. CCAR services are funded by both the State and County. Eligibility determination and case management for all participating families is administered by the Office for Children. Payments to child care programs caring for children whose child care subsidies are funded by the State are made directly by the Virginia Department of Social Services (VDSS). Payments made to child care programs caring for children whose child care subsidies are funded by the County are made by the Office for Children. The County is currently serving 860 children birth to age 5 while the state is currently serving 972 children birth to age 5 for a total of 1,832 children birth to age 5.

CCAR recently had a waiting list of approximately 700 children birth to age 5. However, due to available federal and state resources, as of March 2019 the County has sent an application to all families on the wait list.

Other Early Childhood Programs Supporting School Readiness

The County provides an array of early childhood programs in support of the care, education and healthy development of children. They include:

Healthy Families Fairfax

The Healthy Families Fairfax program is a non-mandated collaborative partnership between the Department of Family Services, the Health Department, and two non-profit organizations. It is an accredited evidence-based home-visiting program offering families at-risk of maltreating their child an opportunity to learn parenting skills and receive emotional support and case management services. Through a combination of federal revenue and General Fund dollars, Healthy Families Fairfax works with parents from pregnancy until the child reaches age 3 and is enrolled in an early group education experience. This support includes home-based parenting education, health information, developmental screenings, and referrals to community support. In FY 2018, Healthy Families Fairfax served 580 children and 674 families living in Fairfax County.

Nurse-Family Partnership Program

The Nurse-Family Partnership program is an evidence-based nurse home-visiting program that works with low-income mothers who are pregnant with their first child and are at the highest risk for poor birth outcomes, to achieve healthier pregnancies and births, stronger child development, and a path toward economic self-sufficiency. Through a combination of grant and General Fund dollars, the Nurse-Family

Partnership serves 150 families. This program has been located in the South County and Bailey's Crossroads community since 2013 and was expanded into the Herndon and Reston areas of the County as part of the FY 2019 Adopted Budget Plan.

Infant & Toddler Connection of Fairfax-Falls Church

The Infant & Toddler Connection of Fairfax-Falls Church (ITC) provides evaluations and early intervention services for infants and toddlers (up to age 3) who have a developmental delay or a diagnosis that may lead to developmental delays. ITC helps children learn and develop through everyday activities and routines so that they can participate fully in family and community activities. Through a combination of grant and General Fund dollars, the ITC program currently serves 3,889 children. There is no wait list for services. Funding adjustments are routinely made based on additional federal and state funding allocations or General Fund dollars, when necessary.

Virginia Quality Rating and Improvement System

Virginia Quality Rating and Improvement System (VQRIS) is a method to assess, improve, and communicate the level of quality in early care and education settings that families consider for their children. Quality rating and improvement systems not only define standards for early childhood education and create a framework for accountability, but also establish a network of support and outreach for programs and educators, provide incentives linked to achieving and maintaining the quality standards, and improve the information available to parents. Through federal pass-through grant funding, the County and local partners are now serving approximately 192 early care and education programs throughout the region.

The County's Investment in School Readiness Activities

The County has been investing in school readiness activities for multiple years. Since FY 2015 the County has added just under \$6.5 million in funding, 27/24.8 FTE positions and a total of 234 slots. This has been through a combination of grant funding, federal revenue, and County General Funds. The table below details the resources that have been added since fiscal year 2015.

Fiscal Year	Program	Funding Source	County		
			Funding	Positions ¹	Slots
2015	VPI	County General Funds	\$150,000	0/0.0 FTE	50
2015	EHS Child Care Partnership and Expansion	Grant Funding/County General Funds	\$1,066,310	14/12.3 FTE	56
2015	Community School Readiness Activities	County General Funds	\$564,013	3/3.0 FTE	NA
2016	VPI+	Grant Funding	\$673,079	1/1.0 FTE	36
2016	Child Care Assistance and Referral Program	County General Funds	\$1,600,000	0/0.0 FTE	NA
2016	Virginia Quality	County General Funds	\$141,122	0/0.0 FTE	NA
2018	VECF for Mixed-Delivery Preschool	Grant Funding	\$125,000	1/1.0 FTE	20
2018	Healthy Families Fairfax	Federal Revenue	\$673,490	5/5.0 FTE	NA
2019	Additional Slots	County General Funds	\$540,000	0/0.0 FTE	36
2019	Nurse Family Partnership Program	County General Funds	\$248,000	2/2.0 FTE	NA
2020 ²	Additional Slots	County General Funds	\$540,000	0/0.0 FTE	36
2020	Mental Health Consultation System	County General Funds	\$176,975	1/0.5 FTE	NA
Total			\$6,497,989	27/24.8 FTE	234

¹ Includes both merit and grant positions

² FY 2020 includes funding being added to support 36 new slots as well as a position to implement the Mental Health Consultation System; it does not include the funding being added to replace the expiring VPI+ grant funding

Looking Ahead

The County will continue to invest in school readiness activities utilizing both additional General Fund resources as well as pursuing funding through new grant opportunities.

Additional General Fund Resources

The County has a multi-year plan to continue to expand school readiness activities throughout the delivery system. It is anticipated that the following will be requested in the next two fiscal years.

- FY 2021
It is estimated that funding of \$1.0 million will be needed to expand school readiness activities including additional classroom-based slots and other early childhood programs supporting school readiness. Staff is working to identify the most effective use of resources.

CCAR – Funding of \$1.0 million will be used to increase the income eligibility limit to 350 percent of the Federal Poverty Limit (FPL). Currently, the income eligibility limit is 275 percent of FPL. It is anticipated that this will serve approximately 85 more children ages birth to 13.

- FY 2022 (may shift to FY 2023 depending on construction schedule)
Classroom-Based Slots – The County redevelopment of the Original Mount Vernon High School includes an Early Childhood Education program which will include four infant and toddler classrooms of eight children each as well as three pre-K classrooms of 18 children each for a total of 86 children. Funding of \$2.0 million will be needed to support this initiative.

Family Services Workers – Funding of \$0.2 million will support 2/2.0 FTE positions who will coordinate comprehensive services for families with children enrolled at the Original Mount Vernon High School early childhood education center.

Maximizing Grant Opportunities

The County continues to pursue additional federal and state funding opportunities to expand services for children birth to five years. Most recently, the County has applied for or received new funding for the following grant opportunities.

- The Board of Supervisors approved funding on March 5, 2019 for the Preschool Development Grant Birth to Five Pilot Initiative. Funding will be used to build relationships with families and early childhood programs; measure and increase access to high-quality early childhood programs; and measure and strengthen the experiences that young children, birth to five and at-risk children receive.
- In November 2018, the County submitted a grant proposal for federal Early Head Start funding to serve an additional 32 children, birth to three years, in the South County Government Center. The County has not yet heard if funding will be awarded.
- The County will be submitting a grant application at the end of April 2019 for a pilot program for the delivery of high quality early childhood education services in a family child care setting. Funding will enable the County to develop a cohort of family child care educators who will provide high quality Pre-K and comprehensive services to 20 at-risk three- and four-year-olds.

County of Fairfax, Virginia

MEMORANDUM

DATE: April 9, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 5

Attached for your review is Package 5 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-28	Please outline the projects which will be funded through the investment in County Infrastructure Replacement in Upgrades included in the <i>FY 2019 Third Quarter Review</i> .	Supervisor Foust	43
C-29	For the Information Technology (IT) Projects funded as part of the <i>FY 2019 Third Quarter Review</i> , please outline how much of the funding added in FY 2019 is planned to be expended in FY 2019 and FY 2020 versus being expended after FY 2020.	Supervisor Foust	46
C-30	For each of the three County plans, what was the unfunded pension liability and the total pension liability as of June 30, 2017, and as of June 30, 2018? Please provide an estimate of the same data for the Fairfax County Public School's (FCPS) portion of the Employees Retirement System (ERS).	Supervisor Herrity	47
C-31	Please explain why school health services are in the County budget.	Supervisor McKay	48
C-32	Please provide details on the 109 new positions proposed to be added as part of the <u>FY 2020 Advertised Budget Plan</u> .	Supervisor Foust	49
C-33	The Home Repair for the Elderly Program (HREP) focuses on home repair/modification for elderly homeowners. Over time, how many units have been helped? What are the funding sources for expanding the program if it is only available to homeowners? Does there need to be a policy change to address renters?	Supervisor Gross	53
C-34	Please provide information on any one-time items that are funded in the <u>FY 2020 Advertised Budget Plan</u> that could be funded as part of the <i>FY 2019 Third Quarter Review</i> .	Supervisor Foust	54
C-35	Provide detailed information regarding how the \$1 million in requested funding by the Economic Development Authority will be utilized. How many of the 96,000 job openings in Northern Virginia are technology jobs?	Various Board Members	55

The estimated time to complete this package was 18 hours.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please outline the projects which will be funded through the investment in County Infrastructure Replacement in Upgrades included in the *FY 2019 Third Quarter Review*.

Response:

The requirement for County infrastructure replacement and upgrades is estimated at \$26 million per year. This estimate is based on current assessment data, as well as industry standards (2 percent of the current replacement value). Based on current staffing levels, the complexity of many of the projects, and the timeline for completing replacement and upgrade projects, it is estimated that approximately \$15 million per year would be a good funding goal.

Due to budget constraints, there was no funding included in Fund 30020, Infrastructure Replacement and Upgrades, as part of the FY 2020 Advertised Budget Plan. However, an amount of \$8,538,000 is recommended to be funded as part of the *FY 2019 Third Quarter Review*. In recent years, it has been the Board of Supervisors’ practice to fund some or all of the infrastructure replacement and upgrade projects using one-time funding as available as part of quarterly reviews. These projects, all Category F, will address emergency building repairs, fire alarm system replacement, HVAC system upgrades, roof repairs and waterproofing, elevator repairs, and electrical system upgrades/repairs. The following table provides specific project details of the projects that are proposed to be funded at the *FY 2019 Third Quarter Review*.

Total					\$8,538,000

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: For the Information Technology (IT) Projects funded as part of the *FY 2019 Third Quarter Review*, please outline how much of the funding added in FY 2019 is planned to be expended in FY 2019 and FY 2020 versus being expended after FY 2020.

Response:

Adjustments for FY 2019 Third Quarter, totaling \$16,704,750, are required to provide support for new and on-going IT projects. This funding represents projects that were not funding in FY 2020 due to limited funding. Using one-time funds at Third Quarter and Carryover reviews to support County initiatives has been a consistent strategy employed in recent years due to limited funding in the baseline for these investments. The majority of these funds will be expended or encumbered in FY 2020 in order to meet project payment milestones and contractual obligations, as well as pay for annual maintenance and licensing requirements. For most of the projects, the amounts recommended for funding as part of the *FY 2019 Third Quarter Review* do not represent final funding adjustments and future adjustments will be made as the project timeline requires.

A copy of the full FY 2019 Adopted Information Technology Plan can be accessed using the following link. Each year an updated IT Plan is published and describes in detail funded technology projects. The next updated to the plan will be published with the FY 2020 Adopted Budget.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herry

Question: For each of the three County plans, what was the unfunded pension liability and the total pension liability as of June 30, 2017, and as of June 30, 2018? Please provide an estimate of the same data for the Fairfax County Public School's (FCPS) portion of the Employees Retirement System (ERS).

Response:

The tables below display the market value of each system's assets and liabilities as of June 30, 2017, and June 30, 2018. The June 30, 2017, figures were published in the County's FY 2018 Comprehensive Annual Financial Report (CAFR), while the June 30, 2018, figures will be published in the FY 2019 CAFR. These are asset figures as of a point in time (not smoothed as under previous methodologies), and are therefore subject to volatility based on market returns.

June 30, 2017	Employees'	Police Officers	Uniformed
Total Assets	\$3,749,384,616	\$1,365,844,260	\$1,645,263,844
Total Pension Liability	\$5,367,731,521	\$1,640,669,401	\$2,033,689,452
Unfunded Pension Liability	\$1,618,346,905	\$274,825,141	\$388,425,608
Funded Ratio	69.9%	83.2%	80.9%

June 30, 2018	Employees'	Police Officers	Uniformed
Total Assets	\$3,940,926,716	\$1,435,923,023	\$1,759,902,734
Total Pension Liability	\$5,591,223,791	\$1,713,294,651	\$2,125,849,930
Unfunded Pension Liability	\$1,650,297,075	\$277,371,628	\$365,947,196
Funded Ratio	70.5%	83.8%	82.8%

Because the County's actuary, Cheiron, does not calculate the schools' share of the overall total assets and liabilities of the Employees' Retirement System, the table below is an estimate provided by Cheiron of the same data for the FCPS portion of ERS. These estimates are based on prorating assets and liabilities by the schools and County's proportionate share of annual employer contributions, which is consistent with GASB accounting standards for multi-employer pension plans:

June 30, 2017	Schools	County	Total
Total Assets	\$1,017,841,179	\$2,731,543,437	\$3,749,384,616
Total Pension Liability	\$1,457,171,973	\$3,910,559,548	\$5,367,731,521
Unfunded Pension Liability	\$439,330,794	\$1,179,016,111	\$1,618,346,905
Funded Ratio	69.9%	69.9%	69.9%

June 30, 2018	Schools	County	Total
Total Assets	\$1,061,255,421	\$2,879,671,295	\$3,940,926,716
Total Pension Liability	\$1,505,665,287	\$4,085,558,504	\$5,591,223,791
Unfunded Pension Liability	\$444,409,867	\$1,205,887,208	\$1,650,297,075
Funded Ratio	70.5%	70.5%	70.5%

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: Please explain why school health services are in the County budget.

Response:

Certain health activities within school health services are mandated in the Code of Virginia; however, the structure of each school district's school health program is not mandated in Virginia. Each school district develops its own service delivery model.

In 1957 the Fairfax County Public School system and Fairfax County initiated the collaborative school health program by utilizing public health physicians to advise and direct school-based services and public health nurses to address communicable disease issues and reduce subsequent absenteeism.

The decision to base the program in the Health Department was twofold.

1. To address communicable disease issues including the inspection and exclusion of cases of infectious children and the initiation of vaccination programs to protect children against serious illness and complications of vaccine preventable diseases.
2. The presence of Health Department infrastructure, which included physicians and public health nurses, provided a more efficient and effective vehicle for initiating school health services.

The School Health Program has evolved and expanded from its original focus, due to significant growth in the student population, changes in regulatory mandates that extend the rights of health services to all children, and the increasing complexity of chronic health conditions and communicable diseases. Today's, comprehensive school health program enables students to achieve and maintain an optimal state of health and well-being and to reach their full academic potential.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide details on the 109 new positions proposed to be added as part of the FY 2020 Advertised Budget Plan.

Response:

A net increase of 109 positions is included in the FY 2020 Advertised Budget Plan, due to an increase of 115 positions partially offset by 6 positions eliminated as a result of organizational efficiencies and realignments.

An increase of 34/33.0 FTE positions is due to the conversion of positions with no net impact to the General Fund:

- ◆ Agency 67, Department of Family Services – 19/18.0 FTE new positions with no net impact to the General Fund are transferred from Fund 50000, Federal-State Grant Fund to more appropriately align resources. These positions were supported by Local Cash Match as well as state and federal revenue in Fund 50000, Federal-State Grant Fund; however, after review of grant requirements, it was determined that these funding sources are more appropriately aligned with the General Fund. The positions support various programs in the Adult and Aging Division and the Promoting Safe and Stable Families program in the Children, Youth and Families Division.
- ◆ Agency 79, Department of Neighborhood and Community Services – 15/15.0 FTE new positions have been added as a result of converting existing limited-term support to merit positions. These positions are needed to meet existing workload requirements associated with the transfer of the Office for Children (Child Care division) from Agency 67, Department of Family Services to Agency 79, Department of Neighborhood and Community Services. This realignment is the result of the County Executive’s organizational review and is intended to better align the continuum of services for children within the Health and Human Services system.

An increase of 32/32.0 FTE positions with a General Fund impact is due to the opening of new facilities:

- ◆ Bailey’s Crossroads Homeless Shelter – 1/1.0 FTE new position in Agency 67, Department of Family Services, with a General Fund impact of \$260,680, and 1/1.0 FTE new position in Agency 71, Health Department, with a General Fund impact of \$147,591, to support the new Medical Respite program at the Bailey’s Crossroads Homeless Shelter.
- ◆ Lewinsville Multi-Service Center – 1/1.0 FTE new position in Agency 67, Department of Family Services, with a General Fund impact of \$154,025 and 2/2.0 FTE new positions in Agency 79, Department of Neighborhood and Community Services, with a General Fund impact of \$295,220 to support the opening of the new Lewinsville Multi-Service Center.
- ◆ South County Police Station – 17/17.0 FTE new positions in Agency 90, Police Department, with a General Fund impact of \$3,445,920 to support staffing in the South County Police Station.
- ◆ Next Generation 9-1-1 – 10/10.0 FTE new positions in Fund 40090, E-911, with a redirection of \$1,161,030 in General Fund revenue to Fund 40090 to increase 9-1-1 call capacity as a result of changing the dispatch model to single dispatch with the opening of the new South County Police

Station and the greater demand on dispatching as a result of the Next Generation 9-1-1 telephony system.

An increase of 17/16.5 FTE positions with a General Fund impact is associated with previously identified Board priorities:

- ◆ New Office of Environmental and Energy Coordination – Agency 02, Office of the County Executive – 1/1.0 FTE new position with a General Fund impact of \$122,810 is associated with the creation of the new Office of Environmental and Energy Coordination, which will support environmental policy and legislative issues, organization-wide energy use and community engagement, and education on environmental and sustainability issues.
- ◆ School Readiness – Agency 79, Department of Neighborhood and Community Services – 1/1.0 FTE new position with a General Fund impact of \$133,079 to replace expiring Virginia Preschool Initiative Plus grant funding for Early Childhood Education programming and 1/0.5 FTE new position with a General Fund impact of \$176,975 to implement an Early Childhood Mental Health Consultation System.
- ◆ Public Safety Priority Issues – Agency 90, Police Department – 2/2.0 FTE new positions with a General Fund impact of \$507,067 to support additional Animal Protection Police staff.
- ◆ Diversion First – As part of the fourth year of the County’s Diversion First initiative, the following positions were included:
 - Agency 81, Juvenile and Domestic Relations District Court – 1/1.0 FTE new position with a General Fund impact of \$98,787 to increased supervision of the pretrial cases requiring mental health services and further align practices with the General District Court.
 - Agency 82, Office of the Commonwealth’s Attorney – 1/1.0 FTE new position with a General Fund impact of \$144,410 to support the Mental Health Docket and workload requirements.
 - Agency 85, General District Court – 1/1.0 FTE new position with a General Fund impact of \$78,585 to address caseload growth.
 - Agency 90, Police Department – 1/1.0 FTE new position with a General Fund impact of \$226,698 to support services at the Merrifield Crisis Response Center.
 - Agency 91, Office of the Sheriff – 1/1.0 FTE new position with a General Fund impact of \$145,612 to support services at the Merrifield Crisis Response Center.
 - Agency 92, Fire and Rescue Department – 1/1.0 FTE new position with a General Fund impact of \$171,231 to support services at the Merrifield Crisis Response Center.
 - Fund 40040, Fairfax-Falls Church Community Services Board – 6/6.0 FTE new positions with a General Fund impact of \$731,396 to support services at the Merrifield Crisis Response Center, for the Jail-Diversion Team, and to provide mental health case management services.

An increase of 12/12.0 FTE positions with a General Fund impact is needed in order to comply with state and federal requirements:

- ◆ Agency 67, Department of Family Services – 1/1.0 FTE position with a General Fund impact of \$123,309 to support service quality monitoring for the Children’s Services Act.

- ◆ Agency 71, Health Department – 3/3.0 FTE new positions with a General Fund impact of \$429,919 to support the Epidemiology and Population Health program, 2/2.0 FTE new Public Health Nurses positions with a General Fund impact of \$269,474 to support the school health program and adhere to federal policies and agreements, and 1/1.0 FTE new position with a General Fund impact of \$117,680 to address the growing workload associated with the Rabies Program.
- ◆ Fund 40040, Fairfax-Falls Church Community Services Board – 5/5.0 FTE new positions partially offset by Medicaid Waiver revenues for a net General Fund impact of \$318,836 to provide mandated support coordination services to individuals with developmental disabilities (DD) in the community and comply with current state and federal requirements.

An increase of 9/9.0 FTE positions with a General Fund impact is associated with growing workload requirements:

- ◆ Agency 26, Office of Capital Facilities – 5/5.0 FTE new positions with a net General Fund impact of \$237,837 to address growing workload requirements associated with the planned projects in the Capital Improvement Program (CIP) and 1/1.0 FTE new position with a General Fund impact of \$5,090 to ensure workplace safety during ongoing construction at the Noman M. Cole, Jr. Pollution Control Plant.
- ◆ Agency 67, Department of Family Services – 1/1.0 FTE position with a General Fund impact of \$48,548 to convert limited-term support to a merit position in the Parenting Education Program as a result of growing workload requirements.
- ◆ Agency 80, Circuit Court and Records – 2/2.0 FTE new positions with a General Fund impact of \$233,992 to support the new Court Management System (CMS). The CMS offers real-time case document imaging, electronic filing, an electronic-certifying and payment system portal, and the ability to develop digital trial practice, as well as real-time judicial dashboard capabilities.

An increase of 11/11.0 FTE positions is fully offset by additional revenue and/or accommodated within the existing appropriation in other funds with no net impact to the General Fund:

- ◆ Agency 31, Land Development Services – 1/1.0 FTE new position fully offset by additional revenue to provide proactive education and outreach to businesses and residents engaging in activities requiring permits and inspections.
- ◆ Fund 40060, McLean Community Center – 1/1.0 FTE new position fully offset by additional revenue to support expanded programming and social media presence as a result of the completion of the facility's renovation.
- ◆ Fund 40080, Integrated Pest Management Program – 2/2.0 FTE new positions are needed to address increased departmental and programmatic requirements in the Disease Carrying Insects Program. These positions can be accommodated within the existing appropriation.
- ◆ Fund 40100, Stormwater Services – 3/3.0 FTE new positions fully offset by additional revenue to support the inspection, maintenance, and rehabilitation of Stormwater conveyance infrastructure; support floodplain management activities, updates to Emergency Action Plans, and review capital improvement project plans for compliance with all applicable local, state, and federal requirements; and represent the Stormwater Management Program in the review, update and development of County, state and federal codes, regulations and legislative items pertaining to Stormwater.
- ◆ Fund 69010, Sewer Operations and Maintenance – 4/4.0 FTE new positions with no net impact to the General Fund to support the accounting and reconciliation of all wastewater revenue financial

transactions, assist with the Wastewater Collection Division's planning and implementation of a \$45 million Capital Improvement Program, gather and analyze data to support monitoring for the Infiltration and Inflow Program, and support the work of the instrumentation and electrical shops at the Noman M. Cole, Jr. Pollution Control Plant.

The above new positions are partially offset by a decrease of 6 positions as a result of organizational efficiencies and realignments as follows:

- ◆ A decrease of 2/2.0 FTE positions with a net savings to the General Fund of \$175,000 is associated with a consolidation of functions currently performed by the Office of the Clerk and support staff in Agency 01, Board of Supervisors, and Agency 02, Office of the County Executive, as well as staff in Agency 36, Planning Commission, in a new agency, Agency 03, Department of Clerk Services. Staff in the new agency will continue to provide administrative support to both the Board of Supervisors and the Planning Commission.
- ◆ A decrease of 4/4.0 FTE positions with a net savings to the General Fund of \$150,000 in Agency 81, Juvenile and Domestic Relations District Court, is associated with the elimination of the existing lease space for the East County Probation Office on Old Lee Highway. As part of the effort to realize savings on existing leases, the East County Probation Office on Old Lee Highway was closed and relocated to County facilities within JDRDC, allowing for staff reorganization and efficiencies.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: The Home Repair for the Elderly Program (HREP) focuses on home repair/modification for elderly homeowners. Over time, how many units have been helped? What are the funding sources for expanding the program if it is only available to homeowners? Does there need to be a policy change to address renters?

Response:

HREP is currently designed to serve eligible low-and moderate-income seniors over the age of 62 or persons with disabilities who are homeowners. The program provides each household up to one week of labor funded by Fund 50800, Community Development Block Grant, and \$500 in material expenses funded by Fund 40360, Homeowner and Business Loan Programs, to support minor repairs at no cost to an eligible homeowner to allow them to live in safe and sanitary housing. In FY 2018, 130 households were served at a cost of \$274,185 (\$245,352 from Fund 50800 and \$28,833 from Fund 40360).

If HREP were expanded to accommodate renters within the existing program parameters and budget, the project description would need to be amended in the Consolidated Plan One-Year Action Plan and made available for public comment before approval by the Board of Supervisors. In addition, the Office of the County Attorney would need to provide guidance as to the type of legal documentation needed with the landlord to approve work on their property.

It should be noted that the current HREP program design is not a good fit for some projects, such as installing ramps on the exterior of a house or roll-in showers, that may exceed the \$500 material expense budget per household and that may require permits. There is also an average one month backlog of work with the current staff of three, and expanding the population of eligible clients to renters will likely increase demand for services and extend wait times.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide information on any one-time items that are funded in the FY 2020 Advertised Budget Plan that could be funded as part of the *FY 2019 Third Quarter Review*.

Response:

The FY 2020 Advertised Budget Plan does not include any funding adjustments for new one-time items. Over the past several years, efforts have been made to maximize the availability of recurring funding by shifting one-time items, such as capital and IT projects and one-time start-up costs of new programs, to the quarterly reviews.

However, there is a limited opportunity to shift baseline IT project funding to a quarterly review. The FY 2020 Advertised Budget Plan included a decrease of \$2.05 million in IT project funding to balance the budget, leaving a total of \$1.20 million in baseline funding for IT projects. It is preferable to maintain recurring IT project funding in the baseline budget, due to the need to fund a number of IT projects each year. However, individual IT projects are one-time requirements that could be funded at a quarterly review, allowing the remaining baseline amount of \$1.20 million to be used for other recurring requirements.

Response to Questions on the FY 2020 Budget

Request By: Various Board Members

Question: Provide detailed information regarding how the \$1 million in requested funding by the Economic Development Authority will be utilized. How many of the 96,000 job openings in Northern Virginia are technology jobs?

Response: This response was prepared by Fairfax County Economic Development Authority (EDA)

Thank you to the Board of Supervisors and School Board for allowing the Economic Development Authority to present a proposal for a workforce attraction/retention program. This is a key element in reimagining economic development in Fairfax County and part of the EDA's commitment to think boldly, innovatively and collaboratively. The discussion about the proposal prompted excellent questions from the supervisors and school board members and this document is a response to those questions.

The EDA's mission is "to promote the competitive advantages of Fairfax County and influence the growth of a diverse and innovative ecosystem that enhances the tax base, creates demand for commercial space, and supports an extraordinary and equitable quality of life across Fairfax County." Our mission, however, is being harmed by a lack of workforce to fill thousands of open jobs, particularly technology-related jobs, in the county.

There are 96,000 job openings in Northern Virginia, of which 50 percent are estimated to be technology jobs. Of the 96,000 job openings, 57,000 are in Fairfax County. With a regional unemployment rate of under 3 percent, the workforce shortage is acute. The arrival of Amazon's HQ2 will raise awareness of Northern Virginia as a tech center, and a workforce attraction and retention can take advantage of that visibility.

THE OPPORTUNITY

The EDA proposes to launch a marketing communications-based program that tells young workers that Fairfax County is a great place to launch a career because of the availability of thousands of jobs at innovative companies while taking advantage of the unique entertainment, cultural and lifestyle opportunities that Northern Virginia and the Washington, D.C., area provide. To execute the program, the EDA would commit existing staff for assistance with outreach, research, social media and marketing.

As Chairman Lange mentioned in her presentation, companies in Fairfax County are very concerned about the worker shortage. The inability to attract and retain enough talent could harm their growth or threaten their existence, which could affect the county tax base. The arrival of Amazon's HQ2 will raise awareness of Northern Virginia as a draw for many tech workers, but many corporate executives also are concerned that they will lose existing talent to Amazon.

Many companies and organizations such as the Northern Virginia Technology Council (NVTC) and Northern Virginia Community College (NVCC) have created WORKFORCE DEVELOPMENT PROGRAMS, but no other entity in the Northern Virginia/Washington, D.C., area is developing and implementing a WORKFORCE ATTRACTION AND RETENTION PROGRAM to showcase Fairfax County as THE PLACE TO LIVE, WORK, PLAY AND LEARN.

MUTLIFACETED PROGRAM

Our program would use a multi-faceted approach to build awareness of the area to potential workers outside the area (ATTRACTION), and to reinforce this area as a great place to begin a career to young people who are raised here so more of them return here after college (RETENTION). The EDA envisions this program as a partnership that could involve the county government, FCPS, area business organizations and companies.

The EDA is requesting \$200,000 in non-recurring funding and \$800,000 in recurring funding to begin to execute the program.

RESEARCH COMPONENT

The first \$200,000 would be used to hire a research firm that would conduct qualitative and quantitative research and to begin development of the communications vehicles that will be used in the program.

Qualitative research could consist, for example of focus groups or interview sessions with:

- College students or young technology workers about what attracted them to Fairfax County or the Northern Virginia/Washington area, why they chose to live where they do, and understand from their point of view about Amazon's arrival, and how it could expand and alter employment opportunities in the region.
- Technology employees outside the Washington area, to understand their impressions of the Fairfax County/Washington area, and what might make Fairfax County a Bay Area/Austin-type destination for qualified workers?
- Current employers, especially HR managers, in this area about the kinds of issues they face with attracting, hiring and retaining talent, what tactics and messages they employ to build awareness of their companies, how they perceive the situation could change (Amazon), and what actions are they considering in light of these changes;
- Current employers, especially HR managers, about how can Fairfax County best support the industries and companies already in the area.

Quantitative research could consist, for example, of surveys of people outside the Washington area. This work would be done online, as most quantitative research is done today, with large enough groups to make sure we are getting good results -- statistical validity for the results.

The primary target of the quantitative research would be tech workers to:

- learn what motivates to live in a particular location;
- discover what might make Fairfax a Bay Area/Austin-type destination for qualified workers; and,
- learn the best ways to communicate those messages.

USING THE RESEARCH

Oversight of this primary research would come from the FCEDA. This research, to be done by an independent research firm, will supplement the existing secondary research that the FCEDA can obtain from sources (potential partners) such as the Fairfax County government, the NVTC, NVCC, the Stephen Fuller Institute at George Mason University, and real estate firms such as CBRE.

Just the approval of this campaign will generate headlines, so there also should be a media outreach component during this first phase of the campaign. Upon approval of a campaign, the FCEDA can initiate contacts with relevant local, regional and national media about why this effort is being undertaken – for both news stories and contributed content such as op-ed pieces. This effort can also include social media posts.

The research with workers, college students and employers will give us insight into the kinds of messages that should be used in the campaign to position Fairfax County as a great place to start a tech or professional career. The research also will help us develop the right way to communicate with the target audiences locally and across the country. Development and testing of these vehicles/methods can also begin in the first round of funding.

The EDA will be pleased to share this research with the county, because it will provide insight into the kind of place that young workers want to live.

The recurring \$800,000 would go toward execution of the campaign that would be designed based on the primary research.

EMPHASIZING DIVERSITY

Our initial expectations are that the campaign would put a lot of emphasis on imagery such as video testimonials from workers who live/work in Fairfax County, images of Fairfax County and the Washington area, and visual depictions of the kinds of opportunities that exist with employers here. All types of diversity of Fairfax County and the Washington area, and the welcoming, inclusive atmosphere here, would be emphasized through this imagery.

We also will include all parts of Fairfax County in our messaging to reflect the diverse lifestyles and great quality of life throughout the county and the Washington region.

We will work to attract and retain young talent for a variety of sectors in Fairfax. Our local economy is diverse and prosperous with jobs and opportunities. We need workers with a variety of skills.

Tech talent would be an important target of our messaging because this is a technology-based economy, many of the job openings (especially the ones that are hardest to fill) are technology-related positions, and these are the high-paying primary jobs that fill office space and will attract more jobs in the secondary economy. In addition to technology, though, we would target those with professional and corporate headquarters-type skills, as those are also in demand in Fairfax County.

USE PLATFORMS THAT REACH THE TARGETS

Initial expectations are that the campaign would employ videos, etc., be it on Instagram, You Tube, Pinterest, etc. **WE WOULD COMMUNICATE USING THE PLATFORMS THAT BEST REACH OUR TARGET AUDIENCE.**

The FCEDA can also present, host and sponsor events – locally and in target markets around the country – to promote Fairfax County to the target audience.

The FCEDA will employ a workforce attraction strategist who will work with the marketing, communications and research groups of the FCEDA to design and execute elements of the campaign. This strategist would also be the FCEDA's first point of contact for partners and potential partners, and conduct outreach and build connections with elements such as area employers, employer professional associations, HR groups and college career centers.

Guided by the campaign's initial research results, the program also would include additional media relations that can include thought leadership (more contributed content, a workforce blog), continued media outreach and social media integration.

GUIDED BY METRICS

What will success look like? To some degree, the metrics we use will depend on the targets and the means we use to reach them. Likely targets include young millennials who are recently out of college, and older millennials who are three to five years into a career and more likely to be starting families. We would target these populations in the Washington region (RETENTION) as well as those in other markets such as college towns, other tech centers, more-expensive metropolitan areas to be determined (ATTRACTION).

We will be able to employ all the measurability of digital communications such as engagement (likes, shares, comments), as well as driving the target audience to a website or landing page for the campaign. Other metrics will be determined by the strategy, targets and tactics we choose. For example, we could develop partnerships with companies that offer internships, and one measure of success could be how many young people are directed to those internships through the workforce attraction program's website or landing page.

REGIONAL PARTNERSHIPS

The EDA views this initiative as a partnership with the county government. As we put together this initiative to build awareness of Fairfax County and the Washington area as a great place to pursue a meaningful career, we will share research and results of the program with county officials. As noted earlier, the information we learn will be especially valuable to those who will want to know what kind of lifestyle the target audience wants and what kind of community they want to call home.

As we promote Fairfax County as **THE PLACE TO LIVE, WORK, PLAY AND LEARN** to build on our economic success, we also envision potential partnerships around Northern Virginia and the Washington area with business groups, academic institutions, other local governments and economic development organizations as well as companies because workforce issues are a regional concern.

County of Fairfax, Virginia

MEMORANDUM

DATE: April 12, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 6

Attached for your review is Package 6 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-36	Please provide a list of County employees that will be eligible to retire in the near future.	Supervisor Gross	59
C-37	Please provide for the last 5 years what has been put in for non-bond capital expenditures	Supervisor Foust	75
C-38	Please provide the dollar amount of Previously Approved Bond Referenda.	Supervisor Foust	76
C-39	Please provide how much the funding being provided to Metro is above the 3% agreed-upon amount and what that equates to in dollars and percentage.	Supervisor Herrity	81
C-40	Please describe the process the County is taking to review the use of limited-term positions and develop recommendations on how those positions should be handled moving forward.	Supervisor Foust	82
C-41	For each of the last 10 years please provide the ratio of residential real estate assessments to sales price and the County's targeted assessment ratio of assessment to sales prices for that year. For this purpose, compare assessments to the sales price from the same calendar year for: (a) "valid" sales, and for (b) "invalid sales" other than transfers for no consideration. Please provide the same assessment to sales price ratios and targeted ratios for non-residential properties in each of the past 10 years. Please describe any significant variance or trends.	Supervisor Herrity	83
C-42	Please provide a reconciliation between projected versus actual bond sales, and bond forecasting assumptions versus actual results.	Supervisor Foust	85
C-43	Please provide the actual net investment returns for each of the County's three pension plans as of June 30, 2018, for the prior 1, 3, 5, 10, 15 and 20 years and the discount rate used by each of these pension plans from FY 1999 to the present. In addition to the historical returns requested, please include an estimate of fiscal year to date investment returns through the most recent period that RAA has available and the estimated returns used by staff in the preparation of the FY 2020 county budget.	Supervisor Herrity	87
C-44	FCPS: For the One-to-One computer initiative, how are replacement costs funded? What is the life assumed?	Supervisor Herrity	88

County of Fairfax, Virginia

MEMORANDUM

C-45	What was the total amount spent on name changes by the Fairfax County Park Authority in the past two years? Are any name changes planned in FY 2020? If so, what are the estimated cost of these name changes and what amounts are included in the proposed budget for FY2020 for parks and community spaces?	Supervisor Herrity	89
C-46	For the past 5 years, please provide information regarding pay increases provided by the Fairfax Symphony Orchestra, fundraising efforts, fee/revenue structure, support outside the County's Contributory Fund, and in-kind assistance.	Chairman Bulova	90
C-47	Please provide information on the status of the federal budget and the history of the 9% tax credit for developers who invest in affordable housing.	Supervisor Foust	92
C-48	Please provide more information on the funding included in the <i>FY 2019 Third Quarter Review</i> for South County vehicles. How does the Police Department determine how many vehicles to purchase, what types of vehicles are they purchasing, and what are the options?	Supervisor Foust	93
C-49	Please provide information on Metro in regards to State Aid – what are our obligations, what has been met to date, and how much is still remaining?	Supervisor Foust	95
C-50	During the approval of Diversion First, reference was repeatedly made to savings generated in the jail system as part of the way Diversion First was to be funded due to the reduction in prison population. This was the experience in Bexar County, Texas, after which Diversion First was modeled. Please provide the jail population over the last five years and provide the savings by year and projected savings from Diversion First.	Supervisor Herrity	97
C-51	Please provide a map showing the estimated “market affordable” rental apartment units in Fairfax County.	Supervisor McKay	100

The estimated time to complete this package was 35 hours.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Please provide a list of County employees that will be eligible to retire in the near future.

Response:

The list below provides a summary of merit employees eligible to retire prior to June 30, 2020, which is the end of FY 2020. This list includes non-elected employees who are currently or are projected to become eligible for normal service retirement, employees who are currently enrolled in DROP, employees who are reemployed after previously retiring from a County merit position, and employees who opted out of the County's retirement systems based on the age at which they were hired.

It should be noted that this list includes active employees only. The total shown for each agency includes all merit employees across all funds, but does not include vacant positions.

TOTAL COUNTY **2,283 of 12,589 (18%)**

BOARD OF SUPERVISORS **19 of 59 (32%)**

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide for the last 5 years what has been put in for non-bond capital expenditures.

Response:

The below chart provides the annual non-bond capital program budgets between FY 2015 and FY 2019 and the proposed FY 2020 program, including the *FY 2019 Third Quarter* funding proposed to support the FY 2020 program. Each year includes the General Fund annual budget, any General Fund adjustments made at Quarterly Reviews and the annual allocation of the General Fund supported Capital Sinking Fund. In addition, the chart includes capital projects supported by Wastewater revenues, Stormwater Services revenues, the Commercial and Industrial Tax Program, Real Estate revenues supporting the Affordable Housing Program, and projects funded by other sources. Other sources include: FCPS Grants, PTA/PTO contributions and transfers, and County Athletic Service Fees, developer default revenues and projects supported by special revenues, such as capital projects at the McLean and Reston Community Centers.

	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020
General Fund Annual Capital	\$21,183,981	\$22,041,768	\$19,541,876	\$19,441,876	\$16,761,476	\$18,143,691
Third Quarter Adjustments	\$1,760,000	\$0	\$10,311,551	\$8,117,505	\$8,887,400	\$11,620,000
Carryover Adjustments	\$13,385,000	\$4,335,166	\$2,950,000	\$15,400,000	\$11,176,391	TBD
Sinking Fund	\$2,850,000	\$5,526,639	\$6,455,712	\$11,935,074	\$11,631,456	TBD
Subtotal General Fund	\$39,178,981	\$31,903,573	\$39,259,139	\$54,894,455	\$48,456,723	\$29,763,691
Wastewater Capital	\$83,693,176	\$86,389,000	\$74,650,000	\$69,339,663	\$70,000,000	\$75,000,000
Stormwater Capital	\$29,961,954	\$35,711,859	\$42,511,612	\$48,577,294	\$54,672,620	\$56,586,444
C&I Capital Projects	\$0	\$54,055,944	\$56,218,434	\$53,932,085	\$54,076,686	\$45,251,990
Affordable Housing Programs	\$16,478,400	\$16,033,900	\$12,251,850	\$17,627,927	\$18,000,000	\$18,400,000
Other	\$13,299,639	\$12,363,338	\$31,765,234	\$33,076,279	\$27,092,972	\$25,917,573
Total	\$182,612,150	\$236,457,614	\$256,656,269	\$277,447,703	\$272,299,001	\$250,919,698

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide the dollar amount of Previously Approved Bond Referenda.

Response:

Fairfax County citizens vote annually on whether to allow the County to borrow monies to construct various capital projects. If the majority of voters approve the question, the County then sells General Obligation (GO) bonds over the course of several years depending on the cashflow needs of these projects. There is an automatic eight-year period provided to the County to sell the bonds. An additional two-year extension can be provided by petitioning the Circuit Court explaining the reasoning for the extension request. In most cases, the County will utilize the full eight-year period to sell the bonds, and has also requested the two-year extension given different circumstances. The running balances of these bond referenda are also provided annually as part of the Action Item submitted to the Board requesting staff authorization to sell General Obligation Bonds. The total balance of the County (\$672,834,000) and School (\$453,051,000) approved bond referenda is \$1,125,885,000. Over half of the County balance is attributed to the three Public Safety Bond Referenda in 2012, 2015, and 2018. Factors associated with site location and the planning of select projects with co-location of other County services have deferred the selling of these bonds to later than originally projected fiscal years. For the Schools, annual bond sales of \$180,000,000 will be maintained and the current balance is expected to be sold by FY 2022. The following provides a detailed breakout by category of bond funds available from previously approved bond referenda.

Libraries

Bond Referenda Year: 2012

Bond Referenda Amount: \$25,000,000

Project Financing: Pohick, Tysons Pimmit, John Marshall, and Reston Libraries

Current Bond Referenda Balance: \$11,664,000

Status Update: The remaining funds are earmarked for the Reston Library replacement, which is being pursued as part of a Public Private Partnership for joint redevelopment of the Reston Town Center North property.

Northern Virginia Regional Park Authority (NVRPA)

Bond Referenda Year: 2016

Bond Referenda Amount: \$12,300,000

Project Financing: The approved 2016 Bond Referendum provided \$12.3 million to sustain the County's capital contribution of \$3.0 million for four years and included an additional contribution of \$300,000 for the Jean Packard Occoquan Center.

Current Bond Referenda Balance: \$3,000,000

Status Update: Staff will sell the remaining \$3,000,000 as part of the planned winter 2020 GO Bond sale.

Transportation – Road Bond Construction

Bond Referenda Year: 2014

Bond Referenda Amount: \$100,000,000

Project Financing: \$77,530,000 for Pedestrian Improvements; \$15,970,000 for Roadway Spot Improvements; and \$6,500,000 for Bike and Trail Improvements

Current Balance: \$76,040,000

Status Update: Staff anticipates utilizing the full eight-year period to sell the bonds through 2022.

Transportation – Fairfax County Share of the Metro Capital Improvement Program

Bond Referenda Year: 2016

Bond Referenda Amount: \$120,000,000

Project Financing: The County had originally programmed \$30,000,000 to be sold annually over a four-year period.

Current Balance: \$51,600,000

Status Update: Staff anticipates spending this balance over the course of the next two annual GO bond sales. As part of the Metro presentation included at the Budget Committee on April 2, 2019, Metro's out year capital requirement from the County has increased to just over \$40 million per year. During the FY 2021 Budget process, staff will discuss the timing and size of the CY 2020 Metro Bond Referendum with the Board.

Public Safety

Bond Referenda Year: 2012

Bond Referenda Amount: \$55,000,000

Project Financing:

- Fire and Rescue: \$35,000,000 (Baileys, Jefferson, Herndon Fire Stations)
- Courtroom Renovations: \$20,000,000

Current Balance: \$22,510,000

Status Update: The remaining funds will be expended on the ongoing construction work at the Jefferson Fire Station, which is scheduled to be completed in early 2020. The start of construction on the Jefferson Fire Station was delayed due to challenges in locating a suitable site for the temporary fire station. Also, remaining bond funds continue to be expended for the multi-phase Courtroom Renovations project, which requires sequential, phased construction of the Courtroom Renovations. The phased implementation of this project is, generally, as planned, and is necessary to maintain the daily operations of the judicial system. Only a limited number of courtrooms can be taken out of service at a given time. Given the eight-year authorization for 2020 to sell the bonds is approaching, staff anticipates requesting a two-year extension to provide for further flexibility on the Courtrooms Renovations phasing schedule.

Public Safety

Bond Referenda Year: 2015

Bond Referenda Amount: \$151,000,000

Project Financing:

- Fire and Rescue: \$51,000,000 (Merrifield, Reston, Penn Daw, Woodlawn, Edsall)
- Police: \$100,000,000 (South County Police Station/Animal Shelter, Heliport, Tactical Operations Center, Emergency Vehicle Operations Center and K9, and Franconia Police Station)

Current Bond Referenda Balance: \$151,000,000

Status Update: For the Fire Stations, the Merrifield, Reston, Woodlawn and Edsall projects are through design and in the process of seeking building permit approval in spring 2019 with construction projected to begin by the end of calendar year 2019. Substantial completion is then targeted for the 2021-2022 timeframe. The scope and location for Penn Daw station continues to be evaluated, and options being considered include on-site renovations, shared use opportunities, and alternate site location(s). As a result, the bond expenditures for Penn Daw have been delayed.

For the Police Projects, the following updates are provided. As noted at the April 2, 2019 Budget Committee, the South County Police Station/Animal Shelter was approved as part of this referenda pending a location to be determined by County staff. As the site has since been selected (off Lorton Road), staff will continue to work through the standard construction timeline. In addition, the Franconia Police Station is part of the larger project that will include the co-location of several County services to include the Kingstowne Library, Franconia Museum, and Active Adult Center. The planning and coordination efforts necessary to reach a decision on the South County Police Station/Animal Shelter site, and the shared use co-locations at the Franconia Police Station (Library and Active Adult space) took significant additional time to successfully resolve. Therefore, the significant bond fund expenditures associated with construction of these two projects are still two to three years in the future.

For the reasons cited above per current timelines, actual construction costs for these projects are still several years out. Accordingly, staff anticipates utilizing the full eight-year period to sell the bonds.

Public Safety

Bond Referenda Year: 2018

Bond Referenda Amount: \$182,000,000

Project Financing:

- Fire and Rescue: \$73,000,000 (Mount Vernon, Fairview, Gunston, Seven Corners, and a Volunteer Station)
- Police: \$59,000,000 (Police Evidence Storage, Mason Police Station, Criminal Justice Academy)
- Courts/Adult Detention: \$50,000,000

Current Bond Referenda Balance: \$182,000,000

Status Update: This referendum was just recently approved in November 2018, and the projects are still in the early stages of design. As project funding is required, the County will sell the required amounts to meet the cashflow needs of the projects.

Fairfax County Park Authority

Bond Referenda Year: 2016

Bond Referenda Amount: \$94,700,000

Project Financing: Land Acquisition and Open Space Preservation; New Park Development; Park Renovation and Upgrades for aging facilities; and Natural and Cultural Resource Stewardship.

Current Bond Referenda Balance: \$94,420,000

Status Update: Staff anticipates spending the balance by FY 2023 for the above cited project areas.

Human Services

Bond Referenda Year: 2016

Bond Referenda Amount: \$85,000,000

Project Financing:

- Shelters: \$48,000,000 (Patrick Henry, Embury Rucker, Eleanor Kennedy, and Bailey's)
- Community Centers: \$37,000,000 (Sully and Lorton Community Centers)

Current Bond Referenda Balance: \$80,600,000

Status Update: The Bailey's Shelter is currently under construction and will be complete by early 2020. The Patrick Henry Shelter, and the Lorton and Sully Community Centers are all progressing through the design phase, as planned. In addition, the Lorton Community Center is also part of a co-location project with the Lorton Library and Lorton Senior Center. Similar to the Kingstowne/Franconia co-location example, significant coordination has been required for the Lorton Community Center and Lorton Library shared use facility, and construction phase bond fund expenditures are projected to begin in spring 2020. Project scoping, site evaluation and partnership opportunities continue to be evaluated for the Eleanor Kennedy Shelter and Embury Rucker Shelter projects, and as a result the timeline for significant bond fund expenditures for those two projects has yet to be determined.

Schools

Bond Referenda Year: 2015

Bond Referenda Amount: \$310,000,000

Project Financing: New construction, capacity enhancement, and renovations.

Current Bond Referenda Balance: \$138,051,000

Status Update: Staff will sell the balance of this referenda in winter 2020.

Schools

Bond Referenda Year: 2017

Bond Referenda Amount: \$315,000,000

Project Financing: New construction, capacity enhancement, and renovations.

Current Bond Referenda Balance: \$315,000,000

Status Update: staff will sell \$41,949,000 in winter 2020 coupled with the balance from the 2015 bond referendum cited previously to provide for the \$180,000,000 annual allotment to the Schools. The remainder of the 2017 bond referendum is expected to be sold by FY 2022, while maintaining the \$180,000,000 annual bond sale figure.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide how much the funding being provided to Metro is above the 3% agreed-upon amount and what that equates to in dollars and percentage.

Response:

As noted in the presentation materials provided at the April 2, 2019 Budget Committee, the FY 2020 Advertised Budget Plan anticipated providing \$159 million for the County's share of the Metro operating budget. A General Fund Transfer of \$41.4 million was included to meet a portion of this operating requirement, which excludes County debt service expenses of \$5.7 million to Metro, along with State Aid and Gas Tax receipts. The FY 2020 Metro Adopted Operating Budget was approved by the Metro Board of Directors on March 28, 2019. During the Metro FY 2020 Budget process, the County's share of the Metro operating budget was adjusted to \$155.9 million, a decrease of \$3.1 million. As such, the FY 2020 General Fund Transfer is recommended to be reduced by \$3.1 million from \$41.4 million to \$38.3 million, again excluding County debt service expenses to Metro. In total, the County's contribution to the Metro operating budget is increased by \$6.7 million or 4.5% in FY 2020.

The County's \$155.9 million operating budget is inclusive of the three percent operating subsidy cap. Also, funding of \$1.6 million is included in the operating budget for legislative exclusions to the three percent operating subsidy cap for federally-mandated American with Disabilities Act compliance, safety requirements, and funding for legal reviews and ongoing disputes. Monies are not included for Dulles Rail Phase 2 startup costs and will be addressed separately by Metro. General Fund support also increases outside of the 3% cap to address the fact that no State Aid balances remain as detailed in Q&A C-49.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please describe the process the County is taking to review the use of limited-term positions and develop recommendations on how those positions should be handled moving forward.

Response:

Agency staff, in consultation with the Department of Management and Budget and the Department of Human Resources, are currently reviewing limited-term positions (specifically, non-merit benefits-eligible positions) to determine if reclassification to merit positions is appropriate. This review encompasses multiple factors, including agency programmatic needs, the length of service of current incumbents, and comparison to job duties of other positions. In addition, Department of Management and Budget and Department of Human Resources staff are working to refine the criteria used to determine whether new positions established in the future are classified as merit or limited-term.

As a result of this review, a total of 15 new position conversions were included in the FY 2020 Advertised Budget Plan, with another 24 new position conversions included in the *FY 2019 Third Quarter Review*. As staff continue to work with individual agencies to review their limited-term positions, it is anticipated that additional conversions will be included as part of the *FY 2019 Carryover Review*.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: For each of the last 10 years please provide the ratio of residential real estate assessments to sales price and the County's targeted assessment ratio of assessment to sales prices for that year. For this purpose, compare assessments to the sales price from the same calendar year for: (a) "valid" sales, and for (b) "invalid sales" other than transfers for no consideration. Please provide the same assessment to sales price ratios and targeted ratios for non-residential properties in each of the past 10 years. Please describe any significant variance or trends.

Response:

Assessment to Sale Ratios (ASRs) are an important statistical measure. They are primarily used when a jurisdiction is performing an annual real estate assessment for real property taxation. The Fairfax County Department of Tax Administration (DTA) uses the ASRs to evaluate assessments in individual neighborhoods. The ASRs are typically based on the previous twelve months' sales. As an example, the County's Tax Year 2019 assessments are typically based on sales through Calendar Year 2018.

The table below shows the Assessment to Sale Ratios for Improved Residential Sales, Improved Non-Residential Sales, and Excluded Sales.

Ten Year History of Median Assessment to Sale Ratios

Tax Years	DTA Target Assessment to Sale Ratio (ASR)	Median ASR: Improved Residential Sales	Median ASR: Improved Non-Residential Sales	Median ASR: Excluded Sales, Residential and Non-Residential Sales
2019	95.0%	95.3%	94.9%	108.9%
2018	95.0%	95.1%	95.4%	107.8%
2017	95.0%	94.8%	94.8%	107.6%
2016	95.0%	94.8%	94.0%	108.4%
2015	94.0%	93.9%	92.4%	108.1%
2014	94.0%	93.6%	93.1%	109.0%
2013	94.0%	93.5%	92.8%	105.9%
2012	94.0%	92.7%	93.5%	106.4%
2011	94.0%	92.3%	93.8%	107.0%
2010	94.0%	92.1%	91.7%	119.7%

Note: The sales used for the tax years listed above would be from the calendar year prior to that tax year. E.g. 2018 calendar year sales used for the 2019 Tax Year.

Individual ASRs are calculated when properties sell. ASRs are calculated by dividing the Assessed Value by the Sale Price. For example, if a property sells for \$600,000 and the assessed value is \$570,000, the ASR for that specific sale is 95 percent. If enough sales occur within a designated population of similar properties, for example a residential neighborhood, a reliable determination can be made as to the level of assessment for the total population of properties. A typical scenario would be if, during the 2018 calendar year, sale properties from a neighborhood indicate a median ASR of 92 percent, and DTA's target ASR is 95 percent for the upcoming January 1, 2019 re-assessment, then the implication is that properties within the neighborhood would see an assessment increase resulting in a Median ASR more aligned with the target ratio. Once the new annual assessment is completed, DTA's published ASRs represent the comparison of the newly assessed values compared to the prior calendar year's sales.

Not all the sales that occur in the marketplace are used in the comparison of sale price to assessment. Some sales are excluded. While most sales fall into the Improved Residential and Improved Non-Residential Sale categories, sales such as foreclosure sales and sales between related family members or corporate entities, among others, can be excluded from the ASR computation.

The International Association of Assessing Officers (IAAO) maintains certain standards for sale statistics. An appraisal level of between 90 percent and 110 percent is considered acceptable for any class of property. Based on a review of data, DTA increased the target Assessment to Sale Ratio from 94 percent to 95 percent as of Tax Year 2016. As the table above shows, over the last ten years, the median ASR of Fairfax County sales has moved closer to the annual target ratio.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide a reconciliation between projected versus actual bond sales, and bond forecasting assumptions versus actual results.

Response:

Per Fairfax County's *Ten Principles of Sound Financial Management*, General Obligation (GO) Bond Sales are not to exceed \$300 million per year, or \$1.5 billion over five years. This amount had been \$275 million per year prior to FY 2019, and was adjusted to accommodate additional monies (\$25 million) to be sold for the Fairfax County Public Schools beginning in FY 2019. The following chart provides a 10-year history of projected versus actual General Obligation Bond Sales.

Fiscal Year	Adopted	Actual
2010	\$256,480,000	\$275,000,000
2011	\$243,730,000	\$182,300,000
2012	\$283,560,000	\$240,350,000
2013	\$274,760,000	\$249,230,000
2014	\$263,980,000	\$289,635,000
2015	\$267,000,000	\$256,302,100
2016	\$272,570,000	\$249,727,200
2017	\$274,140,000	\$258,300,000
2018	\$275,000,000	\$251,780,000
2019	\$302,730,000	\$247,363,000

The variance is due in large part to timing whereby the Adopted figure referenced is included in the spring as part of the budget process, and the Actual figure referenced is the amount sold later that winter. The Actual GO Bond Sales were lower the Adopted GO Bond Sales in most fiscal years except for two – FY 2010 and FY 2014. The actual amount of the Bond Sale in FY 2010 was higher than the projected amount primarily due to the County's decision to Opt-out of Metro financing, which resulted in a higher GO bond payment to Metro. In addition, the actual amount of the Bond Sale in FY 2014 was higher than the projected amount primarily due to additional funds provided to the Stringfellow and Lorton Road widening projects, and public safety facilities projects.

As part of long-term forecasting and future bond sales, the County utilizes a four percent interest rate planning factor. The following provides a 10-year history of actual interest rates the County received for its General Obligation Bond Sales, with the result being an average of 2.80 percent over the 10-year period. Rates were subject to market conditions leading up to the day of the bond sale. Going forward, the County will continue to consult with its financial advisor on the interest rate environment in the Municipal Bond Market.

Series 2009 D&E*	Series 2011A	Series 2012A	Series 2013A	Series 2014A	Series 2015A	Series 2016A	Series 2017A	Series 2018A	Series 2019A
2.89%	3.71%	2.43%	2.52%	2.84%	2.68%	2.45%	2.87%	2.66%	2.90%

*Occurred in late calendar year 2009 as an advance bond sale originally scheduled for winter 2010.

The County utilizes a two percent general fund revenue growth rate as part of its forecasting for the future bond sale capacity. The below table notes a 10-year history of general fund revenue growth. Since 2013, growth has exceeded the 2 percent target, but over the 10-year period the average is 2.33 percent.

2009	2010	2011	2012	2013	2014	2015	2016	2017	2018
1.1%	0.5%	-0.9%	1.8%	3.5%	2.5%	4.2%	3.0%	5.4%	2.2%

The following provides a 10-year history of the County’s Debt Ten Percent Debt Ratio Calculation. Per the County’s *Ten Principles of Sound Financial Management*, debt service expenditures have remained under 10 percent of total disbursements.

2009	2010	2011	2012	2013	2014	2015	2016	2017	2018
8.23%	8.38%	8.54%	8.43%	8.20%	8.12%	8.42%	8.39%	7.82%	8.20%

The following provides a 10-year projection associated with the County’s Debt Ten Percent Debt Ratio Calculation with the current revenue growth assumption at 2 percent and a scenario with a 2.5 percent revenue growth assumption. With the 2.5 percent revenue growth assumption, the County’s Debt Ten Percent Debt Ratio Calculations improve in the latter fiscal years and remain below 9 percent in all fiscal years.

	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029
2.0% Revenue Growth	8.04%	8.22%	8.51%	8.79%	8.90%	9.14%	9.11%	9.07%	8.93%	8.85%
2.5% Revenue Growth	8.00%	8.14%	8.38%	8.62%	8.68%	8.87%	8.81%	8.72%	8.55%	8.43%

As cited in previous responses, conservative forecasting assumptions allow the County to proceed with programmed capital investments while adhering to its debt ratio policies. Updates to these assumptions, such as revenue growth and interest rates, are reviewed annually and updated, if need be, in the context of local and national trends. County staff will remain diligent in its forecasting to ensure it adheres to its debt ratio policies, which are essential to maintaining the County’s Triple-A bond ratings.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide the actual net investment returns for each of the County's three pension plans as of June 30, 2018, for the prior 1, 3, 5, 10, 15 and 20 years and the discount rate used by each of these pension plans from FY 1999 to the present. In addition to the historical returns requested, please include an estimate of fiscal year to date investment returns through the most recent period that RAA has available and the estimated returns used by staff in the preparation of the FY 2020 county budget.

Response:

The table below shows the actual net investment returns for each of the County's three pension plans as of June 30, 2018, for the prior 1, 3, 5, 10, 15, and 20 years:

	Employees'	Uniformed	Police Officers
1 Year	7.3%	8.1%	7.0%
3 Years	4.5%	5.9%	5.7%
5 Years	5.7%	7.0%	7.2%
10 Years	6.2%	5.8%	6.8%
15 Years	7.8%	7.2%	7.5%
20 Years	6.6%	6.0%	6.2%

From FY 1999 until FY 2015, all three systems used a discount rate of 7.5 percent. Since FY 2016, the actuarially assumed rate of investment return has been 7.25 percent. The current rate of 7.25 percent was used in the development of the FY 2020 Advertised Budget Plan.

Through February 28, 2019, estimated fiscal year-to-date investment returns show the Employees' System up 0.90 percent, the Uniformed System up 0.30 percent, and the Police Officers System up 0.38 percent.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: For the One-to-One computer initiative, how are replacement costs funded? What is the life assumed?

Response: The following response was prepared by Fairfax County Public Schools (FCPS):

The financial model for FCPSOn takes an approach of sustainable funding that includes an increase in baseline funding, repurposing existing resources from school and central office funds, as well as new revenue and fees to support the initiative. The model also assumes a new technology support fee of \$50 per student, \$25 for students eligible for reduced meals; and no fee for students eligible for free meals, per year. This fee will be charged to students in grades 9 to 12 in school year 2019-2020, when the FCPSOn initiative for the one-to-one device will be expanded at high schools division wide.

The FCPSOn funding model assumes a four-year replacement cycle for laptops. This life cycle is based on both experience and industry practices, and takes into account the rising cost of maintaining an aging laptop that has exceeded its lifespan versus the cost of replacing it.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: What was the total amount spent on name changes by the Fairfax County Park Authority in the past two years? Are any name changes planned in FY 2020? If so, what are the estimated cost of these name changes and what amounts are included in the proposed budget for FY2020 for parks and community spaces?

Response:

The following table outlines the Park Authority name changes, costs and funding sources for FY 2018 and FY 2019. No funding has been included in the FY 2020 budget for name changes; however, a list of potential park name changes with minimal General Fund impact is included below.

FCPA Name Changes-FY18 and FY19		
Project	Amount	Funding Source
Renaming the Robert E. Lee RECenter to the Lee District RECenter	\$3,900	Telecom revenue (Fund: 80300)
Ken Lawrence Park	\$30,000	Donations and proffers
Justice Park	\$500	General Fund
South Run District Park – Naming of Athletic Field 5 honoring Jack Nolan	\$400	General Fund
Bryce Harper Field	NA	Sponsored by Washington Nationals
Pudge Rodriguez Field	NA	Sponsored by Washington Nationals
Valis Indoor Practice Facility at Pinecrest Golf Course	\$500	Donations
Naming Trail 8 within Lake Fairfax Park for Mr. Marc Genberg	No fiscal impact	N/A
Total Name Change related expenses for FY18 and FY19	\$35,300	
The below are under consideration for FY2020, are not planned and may or may not happen.		
Parks at Royal Lake		
Patriot Park North		
Scott's Run		
Hidden Pond Shelter		
Ken Lawrence sign enhancements (will occur in FY20)	\$52,590	Donations

Response to Questions on the FY 2020 Budget

Request By: Chairman Bulova

Question: For the past 5 years, please provide information regarding pay increases provided by the Fairfax Symphony Orchestra, fundraising efforts, fee/revenue structure, support outside the County's Contributory Fund, and in-kind assistance.

Response:

The Fairfax Symphony Orchestra (FSO) is a nonprofit organization founded in 1957. A mixture of public and private contributions supports the orchestra. The FSO provides County residents with the opportunity to hear and learn about symphonic music. The orchestra sponsors a variety of programs, including its own concert series at the George Mason University (GMU) Center for the Arts, programs in the public schools reaching underserved students, master classes for young music students, and free "Arts in the Parks" concerts throughout Fairfax County in the summer.

FY 2020 funding included for the FSO in the County's Contributory Fund is \$261,032, which is consistent with the FY 2019 Adopted Budget Plan. The County's annual base monetary contribution has remained at \$261,032 since FY 2013. For FY 2018 only, the County added additional funding of \$40,000 at Third Quarter for the All-Stars Youth Orchestra. There have been no other supplemental payments since FY 2013. In addition, since FY 2015, the FSO has subleased office space from the County at no cost, except for utilities, as an in-kind contribution. The sublease commenced in September 2014 and is scheduled to expire in September 2019 with an option to extend the term for two additional five-year terms. The in-kind contribution is valued at \$22,770 annually. The County provides no additional support to the FSO. It should be noted that in FY 2018, the FSO's total expenses exceeded its total revenues by \$72,506, although the organization ended FY 2018 with a positive balance of \$6,642 due to the previous year's fundraising efforts. The FSO's FY 2018 expenses supported new education initiatives including the pilot year of the "Link Up" program and a full-time Education Coordinator position to help manage the growth of education programs.

At the March 19 Board meeting, Chairman Bulova added a Third Quarter budget consideration item of \$96,000 for the FSO, including \$40,000 for the All-Stars Youth Orchestra, \$35,000 for the "Orchestra Rocks" program, and \$21,000 for a pay scale increase. As part of the discussion, the Board of Supervisors requested additional information regarding the FSO.

Fee/revenue Structure

The following table shows the sources of the FSO's revenues from FY 2014 to FY 2018, the most recent five years for which the organization has completed Audited Financial Statements.

Fairfax Symphony Orchestra Operating Revenue and Support

	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Grants	\$337,032	\$341,212	\$318,932	\$403,533	\$377,032
Ticket Sales	241,206	270,122	250,133	200,510	195,461
Special Events	22,080	4,291	13,421	5,700	5,000
Individual contributions	186,112	95,944	67,131	126,200	83,585
Corporate donations	34,750	13,600	20,860	8,005	6,000
Advertising income	11,495	4,780	15,050	27,730	28,693
Donated rent*	-	107,653	-	-	-
Interest and dividends	1,448	1,505	2,015	2,504	3,963
Other Income	1,614	965	84	1,750	1,896
Total	\$835,737	\$840,072	\$687,626	\$775,932	\$701,630

*Office space made available by Fairfax County

Source: FSO's Audited Financial Statements, FY 2014-FY 2018

The three largest sources of revenue for the FSO in FY 2018 were Grants (53.7 percent), Ticket Sales (27.9 percent), and Individual Contributions (11.9 percent). Fairfax County's contribution, which is included in the "Grants" category, made up 42.9 percent of the organization's revenues in FY 2018.

Ticket prices for FSO concerts at the GMU Center for the Arts range from \$25 to \$65, with \$15 student tickets also offered. According to the FSO, since FY 2015, ticket prices have increased by 3 to 4 percent annually. In comparison, similar arts organizations in the region charge the following:

- GMU Center for the Arts presentations range from \$30 to \$60
- The Virginia Opera at GMU Center for the Arts ranges from \$54 to \$110
- The Alexandria Symphony at NOVA Schlesinger ranges from \$30 to \$80
- The National Philharmonic at Strathmore ranges from \$30 to \$78

Fundraising Efforts

The FSO suggests that in recent years it has made significant efforts to improve the financial picture of the organization. In FY 2015, under new board and executive staff leadership, the organization developed a multi-year strategy to rebuild the organization's financial stability, remove unsustainable programs, and realign strategic initiatives to allow for growth in education programming to better serve the community. A priority was placed on reestablishing relationships with past supporters, cultivating new donors, growing the Board of Directors, and rethinking special events and their effectiveness. For example, the organization put the Valentine's Gala on hiatus due to disappointing special events revenue and reinvested those funds into new community collaborations. The FSO has established partnerships with organizations such as Carnegie Hall, which selected the FSO as a partner to implement its "Link Up – The Orchestra Rocks" program.

Fairfax Symphony Pay Increases

The FSO currently numbers 90 professional musicians, all chosen by audition, and paid on a "per service" basis. Nearly one-third of the orchestra membership consists of retired or active duty members of the nation's military bands. There have been no increases to the Fairfax Symphony Orchestra's musician pay scale since 2010, which has made recruiting new musicians challenging. Administrative salaries were reduced in 2015 as part of the organization's strategy to rebuild the organization's financial stability.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide information on the status of the federal budget and the history of the 9% tax credit for developers who invest in affordable housing.

Response:

On March 18, 2019, the Trump Administration officially released the President's budget request for FY 2020. The budget proposes steep funding cuts to most U.S. Department of Housing and Urban Development (HUD) programs, including:

- Elimination of all funding for the Community Development Block Grant (CDBG) Fund, HOME Investment Partners Program (HOME), and the Housing Trust Fund.
- A reduction of \$20.116 billion for renewals in the Housing Choice Voucher (HCV) program, which the National Association of Housing and Redevelopment Officials (NAHRO) estimates will be a 95 percent proration.
- A reduction of \$1.718 billion for HCV administrative fees, which NAHRO estimates to be a 71 percent proration.

The Low-Income Housing Tax Credit (LIHTC) is a federal program, created by the Tax Reform Act of 1986, which allows state and local allocating agencies the ability to provide federal tax credits for the acquisition, rehabilitation, or new construction of rental housing targeted to lower-income residents. It is the primary funding mechanism for affordable housing development in the United States, and since its inception through 2016, more than 46,000 projects nationwide have used LIHTC resulting in more than 3 million housing units developed. There are two types of LIHTCs: 4% percent and 9% percent allocations. The 9% credit is competitive and generally for new construction, while the 4% credit is by-right and usually for rehabilitation, or new construction that is also financed through tax-exempt bonds.

The 9% LIHTC tax credit allocations are made to states based upon a formula that multiplies a set per capita amount by the state's population. For Calendar Year (CY) 2019, the per capita amount is \$2.75625, and with Virginia's population of approximately 8.5 million, will result in a total tax credit allocation to Virginia of more than \$23.5 million. In Virginia, the Virginia Development and Housing Authority (VHDA) is the only allocating agency for LIHTC awards.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide more information on the funding included in the *FY 2019 Third Quarter Review* for South County vehicles. How does the Police Department determine how many vehicles to purchase, what types of vehicles are they purchasing, and what are the options?

Response:

As part of the *FY 2019 Third Quarter Review*, one-time funding of \$212,255 is included to purchase five patrol vehicles for the South County Police Station. The purchase of these vehicles will bring the total number of vehicles purchased to 36 which will support the 54 positions that have been added through FY 2020. The original South County plan included 70 uniformed positions and 46 vehicles. The remaining personnel and vehicles will be addressed in future budget cycles through the multi-year phased-in staffing strategy.

The 70 uniformed positions identified to open the South County Police station includes a combination of patrol officers, supervisors, commanders and specialized policing positions such as a victim services specialist and a crime scene technician. For uniformed officers, patrol cruisers are assigned based on a 2:1 ratio; for every two uniformed officers there is one patrol cruiser. For command, support and detective positions, vehicles are assigned based on a 1:1 ratio due to the autonomy of job functions as well as recall procedures.

The type of vehicle purchased varies by department function. Positions assigned to District Stations, such as the South County Police Station, provide direct support to patrol operations. Patrol operations require patrol cruisers (Ford Crown Victoria, Ford Interceptor Sedan, Ford Interceptor Utility). Patrol cruisers are pursuit-rated vehicles equipped with emergency lights, siren, police radio, spotlight, prisoner transport cage, in-car video, and in-car computer aided dispatch system, and a variety of other mission specific equipment. Detectives and other support personnel are not typically assigned pursuit-rated patrol cruisers, but instead are provided vehicles capable of emergency response driving appropriate for their job function (Ford Fusion or Chevrolet Impala). Differing roles in the department, such as motor carrier enforcement, K9, and SWAT require specialized types of vehicles and are addressed on an individual basis based on operational need.

On average, 75 percent of the cruisers assigned to patrol duties are marked and 25 percent are unmarked. Marked cruisers are highly visible, allowing the Police Department to increase the visual presence in the community and increases safety when the cruiser is used to control and maneuver through traffic. While the Department believes that officers must be seen in our communities, unmarked cruisers are also needed to perform specific roles. Unmarked patrol cruisers are commonly used to conduct reconnaissance and investigate incidents where marked cruisers would be easily spotted, negatively impacting the mission. Additionally, the Police Department has other vehicles outside of patrol duties that are marked or unmarked based on functional need.

The department coordinates the purchase of all vehicles through the County's Department of Vehicle Services (DVS). When vehicle manufacturers make significant changes to the model of the department uses as its patrol cruiser, a thorough evaluation is conducted to determine the best vehicle moving forward. An evaluation was done when the Ford Crown Victoria was discontinued and the department moved to the Ford Interceptor Sedan, and most recently with the discontinuation of the Ford Interceptor Sedan. The selection of patrol cruisers is critical to department operations, and much effort is invested when evaluating vehicle criteria.

The first and most important standard the department looks at is safety. Vehicles are evaluated based on crash safety standards, crash avoidance technology, and newly created officer safety technology in vehicles. Patrol operations also require that vehicles be rated by manufacturers as *pursuit-rated*, meaning they have been enhanced to support tougher duty cycles such as stronger brakes and electrical systems that can support all the lights, radios and computers police vehicles carry. Vehicle performance is another area that is reviewed and items such as available factory options, fuel economy, and costs are considered. The small selection of pursuit-rated vehicles on the market carry a variety of options at different costs, which the Police Department carefully considers during the selection process. More recently, the department is also considering new gasoline-electric hybrid powertrain technology.

In the most recent evaluation, the Police Department determined the Ford Police Interceptor Utility provides the best overall value to the County. It is purpose-built for law enforcement duties and is the safest, most versatile pursuit-rated vehicle on the market. This vehicle has more available factory options designed specifically to enhance the police function and can be adapted to handle a variety of missions. Most importantly, it is the only police vehicle on the market to offer a 75-mile per hour rear crash test rating, compared to the 50-mile per hour federal standard. Additionally, the Ford Utility is the only vehicle the Department considered that has an available gasoline-electric hybrid powertrain option, which has the potential to reduce the departments overall fuel consumption. The Police Department will be testing and evaluating these vehicles to determine operational effectiveness.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

Question: Please provide information on Metro in regards to State Aid – what are our obligations, what has been met to date, and how much is still remaining?

Response:

Fairfax County provides an operating subsidy to the Washington Metropolitan Area Transit Authority (WMATA) for Metrorail, Metrobus and MetroAccess paratransit service, contributes to construction costs associated with the Metrorail system and contributes to the repair, maintenance, rehabilitation and replacement of capital equipment and facilities for Metrobus, Metrorail, and MetroAccess.

Fairfax County uses a combination of state and local sources to fund the County's allocated portion of the Metro operating and capital budget. These revenues and expenditures, including State Aid for transit, are budgeted in [Fund 30000, Metro Operations and Construction](#). State Aid funds are held at the Northern Virginia Transportation Commission (NVTC) on behalf of Fairfax County and are applied as directed by the County. State Aid is also used to support the Fairfax Connector bus system, which is budgeted in [Fund 40000, County Transit Systems](#).

Available State Aid, Gas Tax, and General Fund resources are then applied to fund the County's allocated share of Metro subsidies on an annual basis. Both State Aid and Gas Tax fluctuate from year to year. In some years, actual receipts are higher than the amount paid to Metro while in other years the actual receipts are lower. This has been accommodated by maintaining a balance at NVTC. In addition, in prior fiscal years, accumulated State Aid balances were used to reduce General Fund contributions and subsequently keep them level, essentially using State resources first. However, in FY 2019 all annual Gas Tax and State Aid revenues are being utilized as they are received and the State Aid balance has been fully drawn down. As a result, additional General Fund Support is required to meet FY 2020 operating expenditure requirements.

The following tables provides a history of the County's balances of State Aid and Gas Tax along with General Fund Transfers to Metro and Fairfax Connector.

State Aid and Gas Tax Revenue Received at NVTC and Applied to Metro and Fairfax Connector (in millions)

	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: During the approval of Diversion First, reference was repeatedly made to savings generated in the jail system as part of the way Diversion First was to be funded due to the reduction in prison population. This was the experience in Bexar County, Texas, after which Diversion First was modeled. Please provide the jail population over the last five years and provide the savings by year and projected savings from Diversion First.

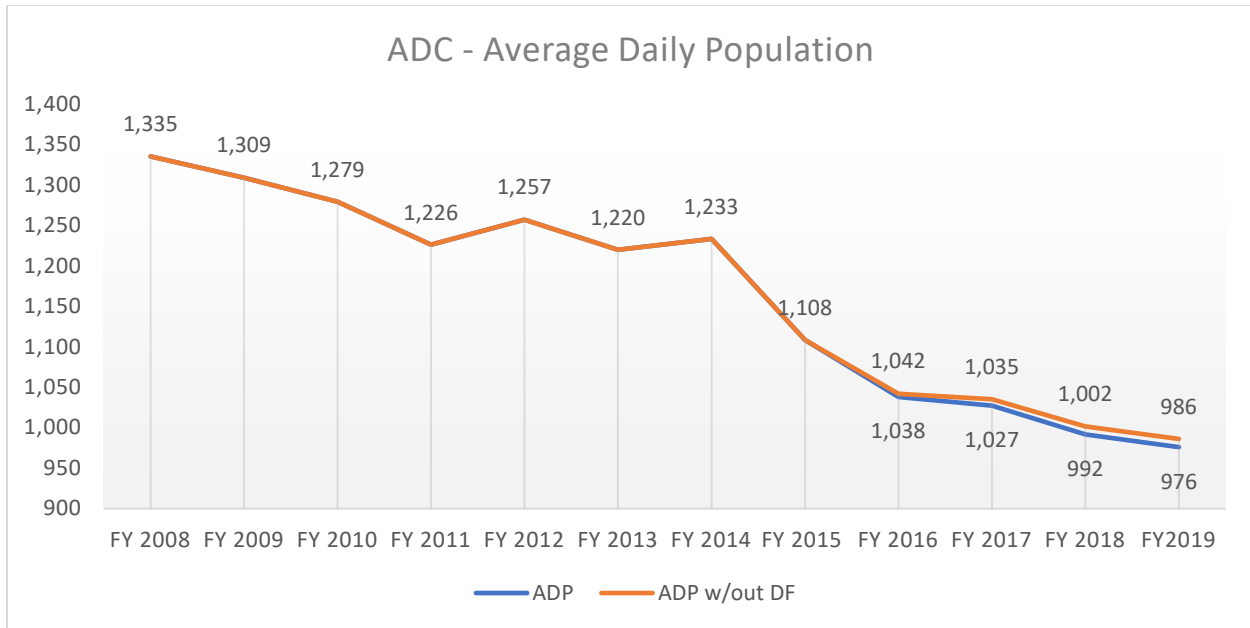

Response:

The Diversion First program was launched January 1, 2016 with the goal of reducing the number of people with mental illness brought to jail. This countywide initiative offers alternatives to incarceration for people with mental illness or developmental disabilities who come into contact with the criminal justice system for low level offenses. The program is designed to prevent repeat encounters with the criminal justice system, improve public safety, promote a healthier community, and provide a more cost effective and efficient use of public funding.

Prior to the inception of the Diversion First program, the Adult Detention Center (ADC) began realizing a decline in the average daily population (ADP) which was consistent with the national trend for U.S. incarceration rates according to data from the Bureau of Justice Statistics. Compared to FY 2008 when the ADP peaked at 1,335 inmates, the ADC has realized a 27% decrease to the ADP through FY 2019 - 81% of which was prior to Diversion First implementation. This decrease is a result of a variety of factors which influence ADP rates including – declining crime rates and thus declining arrest rates, changes in prosecution and judicial sentencing impacting pretrial release and bail criteria, and speed with which cases are processed.

Further contributing to the decline in the ADP has been the implementation of the Diversion First program. Significant strides have been made to divert people with mental illness who have committed low level crimes into treatment rather than incarceration. From January 2016 through December 2018, over 1,300 people were diverted from potential arrest. A recent analysis shows that, on average, people with behavioral health issues charged with misdemeanors only (not felonies) stay in the Adult Detention Center (ADC) for 8 days. Using this average, the people who have been diverted would have spent 10,400 combined days in jail.

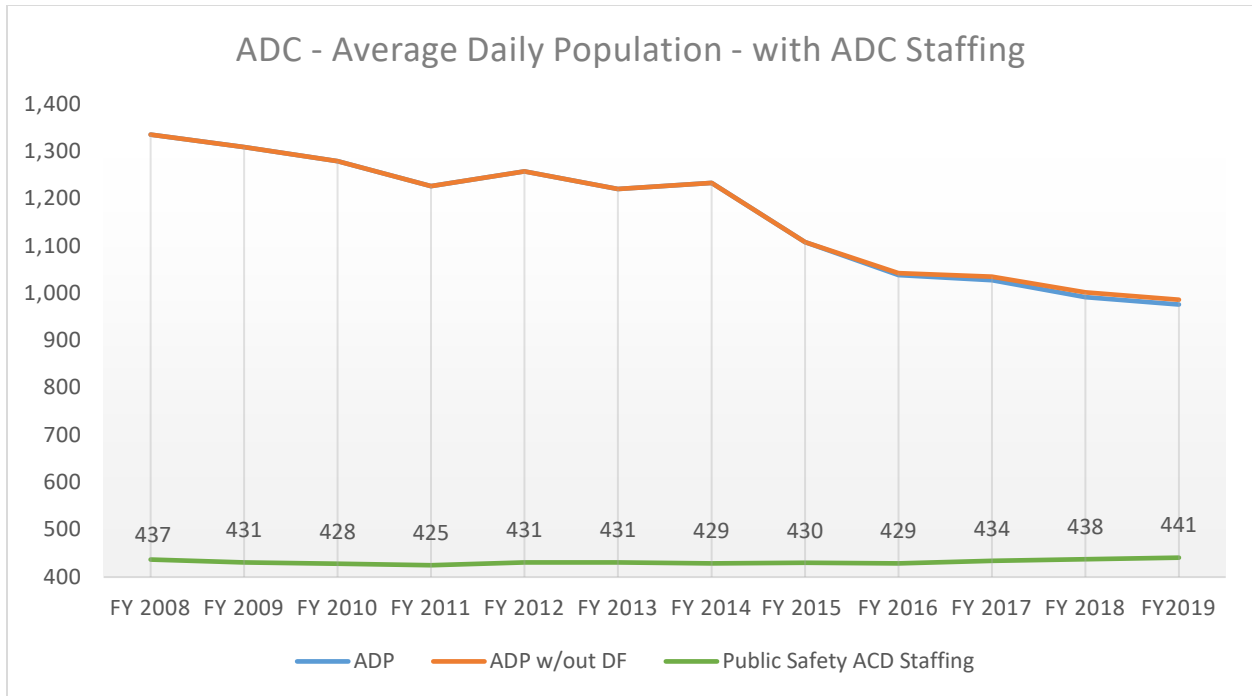

The following chart below reflects the ADP from FY 2008 to the current fiscal year. The blue line reflects the actual ADP as a result of the Diversion First program and the orange line represents the ADP if Diversion First had not be implemented.

Since FY 2008, as the ADP has decreased, the medical complexities of inmates have increased. Substance use disorders among the jail population are increasing, and mental health disorders are more common. There is a rise in inmates with infectious disease such as HIV/AIDS, tuberculosis, STD's and hepatitis, and chronic disease such as asthma, diabetes, and hypertension. A sicker inmate population results in increased medical costs and additional staff time to administer medical care, the staffing of additional housing units if separation is required, and an increased number of transports outside the ADC to receive specialized medical attention.

The following chart overlays the Sheriff's approved positions assigned to the ADC , which has remained relatively flat since FY 2008. The decreasing ADP has allowed the Office of the Sheriff to utilize existing staff to address the evolving complexities of inmates as well as implement changes to how the inmate population is managed, which otherwise would have required additional staffing.

For example, increases in the number of inmate housing locations requiring staffing is a result of inmates no longer being housed in the segregated receiving (male and female) cells on a daily basis. These cells are primarily used for short term housing but still must be staffed. The Female Mental Health housing unit was opened after the start of Diversion First. While this is a 48-bed block, the number of female inmates assigned there has historically been low; however, the area still requires staffing. Another change following the start of Diversion First was the Sheriff's Office agreement to perform mental health transports for the Police Department. This process change greatly impacts staffing within the confinement unit on a nearly daily basis. The Sheriff's Office has also made a concerted effort to reduce the number of inmates housed in podular supervision by relocating them to direct supervision which has a lower inmate-to-staff ratio. This change in process has reduced the number of inmates required to be double bunked.

In discussion with other jurisdictions that have implemented jail diversion programs, to include Bexar County, they have reported it takes several years to quantify cost savings/cost avoidance. According to Bexar County, it was six years before they were able to truly see cost savings and, in most cases, the true savings was cost avoidance. Staff continues to track data elements that will help demonstrate the benefits to individuals who are diverted from jail and receive services and the support needed to transition to a productive, stable life. Also, the benefits to the community of having a lower jail population and a higher number of citizens in good standing is intangible.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: Please provide a map showing the estimated “market affordable” rental apartment units in Fairfax County.

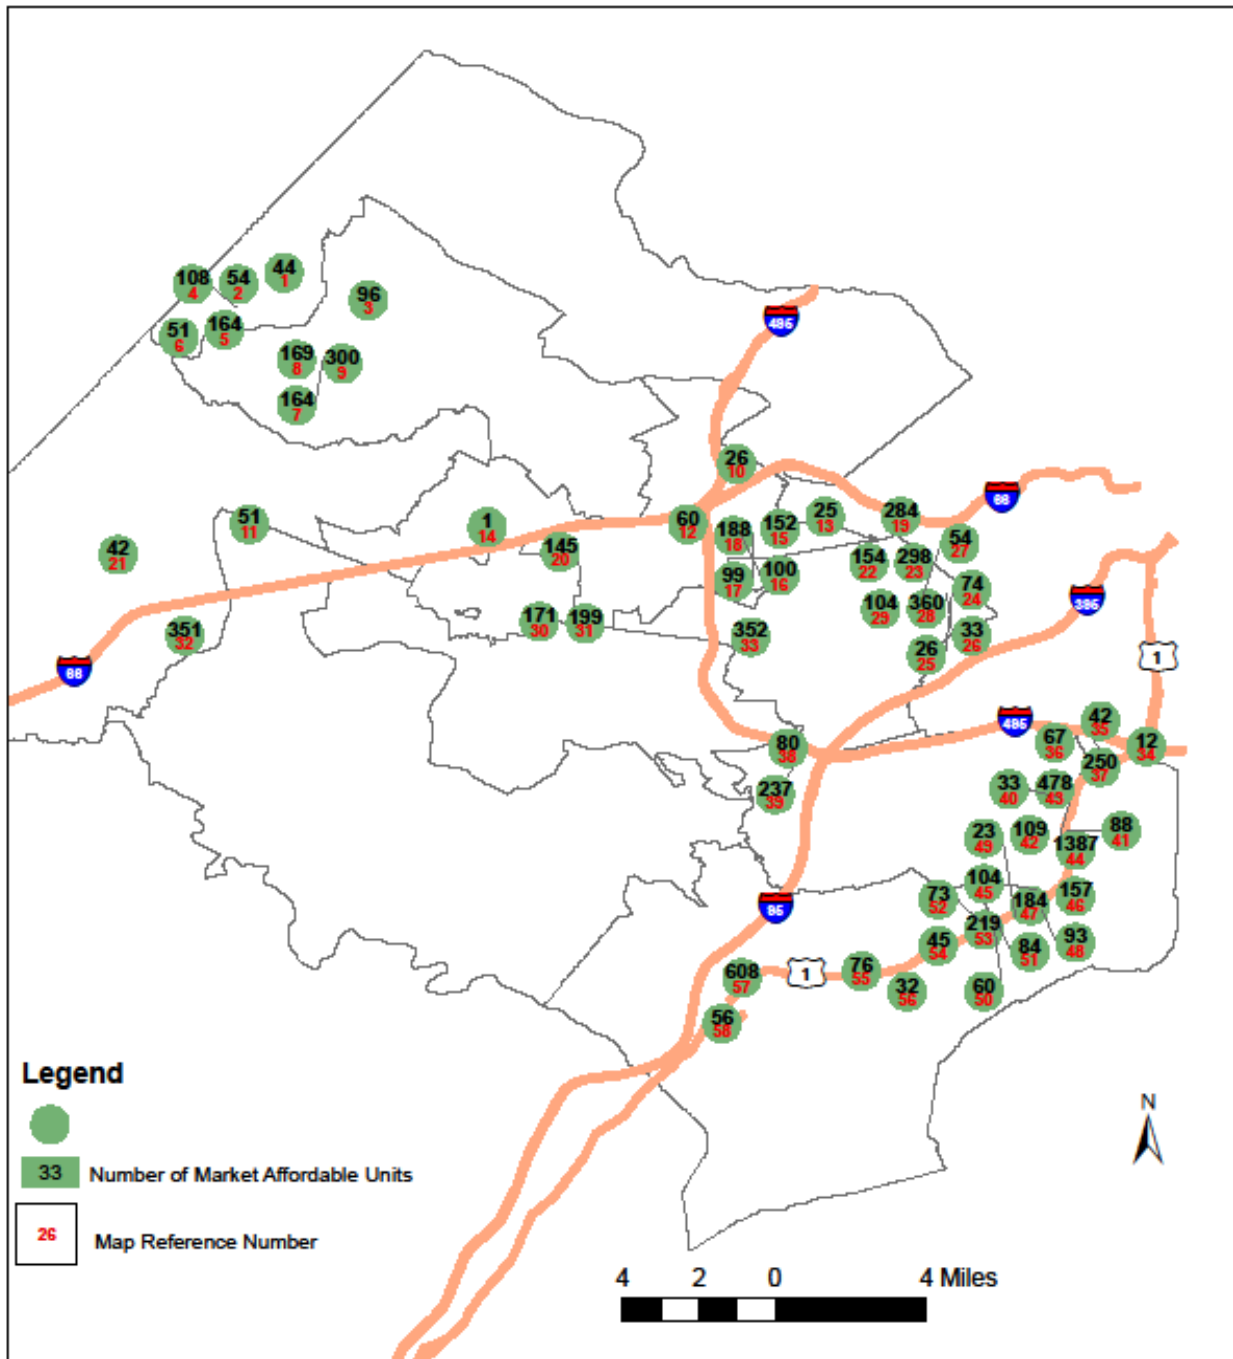

Response:

The attached map shows the estimated number of “market affordable” multifamily rental apartment units, along with a listing of the names and addresses of the associated rental complexes. “Market affordable” means rental units that are affordable to households earning 60 percent of the Area Median Income (AMI) and below, without any committed subsidy or other limits on rent. The data presented in the map shows a total of approximately 9,100 market affordable apartments, based on data from CoStar as of December 2018 with additional queries in April 2019, as analyzed by the Virginia Center for Housing Research at Virginia Tech. The CoStar data is regularly updated and fluctuates with the market. The affordability data shown in the map has been refined since the initial estimate presented in the report of the Affordable Housing Resources Panel, and will continue to be refined over time, including through consultation with Board members.

It should be noted that this snapshot of market affordability is just that – a picture of the market at a given time using CoStar data. It is anticipated that the Department of Housing and Community Development will provide periodic updates of this inventory through the planned affordable housing dashboard, consistent with the recommendations of the Affordable Housing Resources Panel (AHRP).

It should also be noted that the map identifies only those units in multifamily apartment complexes that have naturally occurring affordability, and does not include individually-owned rental units such as townhomes, single-family homes, or manufactured homes. This data needs to also be viewed in the broader context of the challenges faced by the county’s aging stock of committed affordable housing, including several thousand privately-owned rental apartments financed under the Low Income Housing Tax Credit program, and the portfolio of properties owned by the Fairfax County Redevelopment and Housing Authority. Future updates will also include a review of the committed affordable housing stock.

Market Affordable Multifamily Rental Units by Income Level

"Market affordable," for the purpose of this document, means apartments in rental complexes that are affordable to households earning 60 percent of the Area Median Income (AMI) and below, which are not subsidized or otherwise subject to rent restrictions.

County of Fairfax, Virginia

MEMORANDUM

DATE: April 19, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 7

Attached for your review is Package 7 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-52	FCPS: How does the One-to-One program link up with the One Fairfax Initiative and how do we ensure all students have access?	Supervisor McKay	103
C-53	FCPS: The November 27th One Fairfax presentation listed School “positions with a sole focus on Equity:” The included a Chief Equity Officer, Closing the Achievement Gap Manager, Coordinator for Professional Learning and Cultural Responsiveness, Equity and Culturally Responsive Specialist (one per region), Equity leads in every school and department, and a Family and Student Ombudsman. Please provide the total number of positions and the total compensation costs (including benefits) for these positions and any other positions with a One Fairfax focus.	Supervisor Herry	104
C-54	FCPS: What was ERFC’s unfunded pension liability and its total pension liability as of December 31, 2017 and as of December 31, 2018?	Supervisor Herry	105
C-55	FCPS: What would ERFC’s unfunded pension liability have been as of June 30, 2018 if its net investment income always equaled its discount rate? How does that amount compare to ERFC’s unfunded liability as of June 30, 2018 given its actual net investment returns?	Supervisor Herry	106
C-56	FCPS: Please provide ERFC’s actual net investment returns as of December 31, 2018 for the prior 1, 2, 5, 10, 15 and 20 years and ERFC’s discount rates for each year starting in FY 1999.	Supervisor Herry	107
C-57	FCPS: How much cash would FCPS have needed to contribute to ERFC during FY 2020 if ERFC’s net investment returns always equaled its discount rates, and how much is FCPS proposing to contribute to ERFC during FY 2020 in the FY 2020 FCPS Advertised Budget?	Supervisor Herry	108
C-58	FCPS: Please provide ERFC investment management fees for FY 2018 (actual), FY 2019 (projected) and FY 2020 (budgeted) in both dollar value and basis points.	Supervisor Herry	110
C-59	Please provide a breakdown of the last 5 years on how funding for affordable housing is being used, and what has worked and what has not. Additionally, provide a breakdown of how much of the budget is being used towards affordable housing.	Supervisor Foust	111

County of Fairfax, Virginia

MEMORANDUM

C-60	Provide an analysis of the Machinery and Tools tax rates and depreciation schedules of the County and surrounding jurisdictions and the resulting tax impacts on an investment of \$100,000 over the 10 years by a business in each of the jurisdictions.	Supervisor Herrity	113
C-61	Please compare the supplements provided to office staff in the Commonwealth Attorney's Office vs. the Office of the Public Defender.	Supervisor Cook	115
C-62	Provide information regarding debt service if we increase the General Obligation Bond Sales for the Fairfax County Public FCPS (FCPS) to \$205 million. What would the debt service look like in the out years, going out to FY 2024? What would it cost us in the out years? How close does it put us to our 10 percent cap that we promised to the rating agencies? What would the bonding capacity split between FCPS and County be?	Supervisor Gross	117
C-63	What percentage of the local economy is due to government contracts, Science, Technology, Engineering, and Math (STEM) related fields, and other small businesses? Please provide local data regarding STEM-related employment.	School Board Member Janie Strauss	119
C-64	During the FY 2018 budget, I requested an analysis of overtime by category. Subsequently the Board asked the previous County Executive for a review of public safety overtime. What is the status of that request? Please provide an analysis of overtime in the same format as the FY 2018 request?	Supervisor Herrity	121
C-65	<p>Please provide the following information in response to the January 22, 2019 Board Matter on comprehensive universal representation presented by Supervisor Foust and Supervisor McKay:</p> <ol style="list-style-type: none"> 1. Summarize the different proceedings in which participants benefit from legal representation; 2. Identify instances where the County is already funding/providing legal representation in civil cases and any conditions on that representation; 3. Research what other organizations exist for the County to partner with in providing these services; and 4. Review Arlington County's approach to funding legal services for immigration related matters. 	Various Supervisors	139
C-66	How much would it cost to provide a 2.99 percent salary increase to sworn police officers? Please provide a breakdown of the cost between supervisors and lower ranks.	Supervisor Herrity	141

Department of Management and Budget

County of Fairfax, Virginia

MEMORANDUM

C-67	Fairfax County's competitive jurisdictions have been addressing and making adjustments to their police pay due to the difficulty in attracting and retaining quality police officers in the current environment. Alexandria and most recently Prince William County have made changes to address these concerns. We are having issues recruiting candidates that can make it through our academy based on the high standards we appropriately hold our officers to. The Board requested a police pay study last year. Has the pay study been completed? Was it used in the development of the budget? When will it be discussed with the Board?	Supervisor Herrity	142

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: How does the One-to-One program link up with the One Fairfax Initiative and how do we ensure all students have access?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #71 on their website:

One Fairfax offers a framework for the County and schools to look intentionally, comprehensively and systemically at barriers that may be creating gaps in opportunity, including, but not limited to, opportunity to fully participate, to contribute, and to access resources. Specifically, the One Fairfax policy calls for “Digital access and literacy for all residents.” FCPSOn supports this work in a number of ways, including a focus on the FCPS Learning Model to provide an equitable learning experience for all students. Teachers are designing opportunities that are specific to the needs of their students. All students will have access to meaningful opportunities to build both their content knowledge and their Portrait of a Graduate skills, across various grade levels and courses, including opportunities to build skills that will help them beyond high school. Students will utilize industry-standard software and processes, refining their collaboration and problem-solving skills, to better prepare them to enter the workforce and post-secondary education.

Additionally, FCPSOn provides equitable access to technology for all students (initially at the high school level), at school and at home, which allows students to more fully engage in their learning. Many students in our FCPSOn pilot schools have shared stories about how their newfound access to technology at home has profoundly changed and improved the way they learn. We have also developed a MiFi device loan program for students. These devices serve as internet “hotspots,” allowing students who do not have internet service at home to connect to valuable learning tools and resources. These MiFi devices are available at no cost to students and are currently available to any FCPS student, K-12, who does not have internet access at home. The combination of FCPSOn 1:1 laptops and MiFi devices are truly helping FCPS to close the digital divide in our community and provide equitable access for all.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: The November 27th One Fairfax presentation listed School “positions with a sole focus on Equity.” The included a Chief Equity Officer, Closing the Achievement Gap Manager, Coordinator for Professional Learning and Cultural Responsiveness, Equity and Culturally Responsive Specialist (one per region), Equity leads in every school and department, and a Family and Student Ombudsman. Please provide the total number of positions and the total compensation costs (including benefits) for these positions and any other positions with a One Fairfax focus.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #72 on their website:

In FY 2019, there are 12.0 positions that support equity; of the 12.0 positions 7.0 are new and 5.0 were existing positions. These positions are funded through both the School Operating Fund and the Grants and Self-Supporting Fund. The 7.0 new positions total 1.0 million, of which \$0.4 million is repurposed grant funding. The 5.0 existing positions also total \$1.0 million and include \$0.3 million of grant funding. Below is a summary of the equity positions along with their cost. Not included in the chart are stipends for the equity leads for each school and department, which are \$700 for each full-time position.

Position Title	New/Existing	Funding Source	Positions	Compensation \$ in Millions
Chief Equity Officer	Existing	School Operating Fund	1.0	\$0.3
Executive Administrative Assistant	Existing	School Operating Fund	1.0	0.1
Coordinator, Professional Learning & Cultural Responsiveness	Existing	School Operating Fund	1.0	0.2
Equity Specialists	Existing	School Operating Fund	0.2	0.0
Equity Specialists	Existing	Grant Funded-Title II	1.8	0.3
Subtotal - Existing Positions			5.0	\$1.0
Equity Specialists	New	Grant Funded-Title II	2.7	0.4
Equity Specialists	New	School Operating Fund - Traded	0.3	0.1
Curriculum Resource Teacher	New	School Operating Fund	1.0	0.1
Manager, Equity and Closing the Achievement Gap	New	School Operating Fund	1.0	0.2
Family and Student Ombudsman	New	School Operating Fund	1.0	0.2
Administrative Assistant III	New	School Operating Fund	1.0	0.1
Subtotal - New Positions			7.0	\$1.0
Total			12.0	\$2.0

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: What was ERFC's unfunded pension liability and its total pension liability as of December 31, 2017 and as of December 31, 2018?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #73 on their website:

ERFC's unfunded pension liability was \$769M and its total pension liability was \$3,168M as of December 31, 2017. ERFC's liabilities as of December 31, 2018 are still being calculated and will be finalized in June.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: What would ERFC's unfunded pension liability have been as of June 30, 2018 if its net investment income always equaled its discount rate? How does that amount compare to ERFC's unfunded liability as of June 30, 2018 given its actual net investment returns?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #74 on their website:

Pursuant to discussion with ERFC Staff, ERFC's actuary, Aon, developed the projected asset value as of December 31, 2017 assuming that the annual return on the fund was equivalent to the discount rate for each year. The funded position is as follows:

	<u>As of December 31, 2017</u>	
	Actual Return	Expected Return Scenario
Total Actuarial Accrued Liabilities	\$ 3,167,941,000	\$ 3,167,941,000
Actuarial Value of Assets	2,398,668,000	1,889,907,000
(Unfunded)/Surplus	\$ (769,273,000)	\$ (1,278,034,000)
Funded Percentage	76%	60%

Please note the following key points about this information:

- The starting point for the Actuarial Value of Assets under the Expected Return scenario is December 31, 2008.
- The Actuarial Value of Assets under the Expected Return scenario was developed using actual contributions (both employer and employee), benefit payments, and administrative expenses for each year from 2009 to 2017.
- The discount rate over the period was 7.5 percent per annum from 2009 to 2015, and 7.25 percent from 2015 to 2017.
- Under the Expected Return Scenario, the actual and expected return is the same since we are assuming that the annual investment return is equal to the discount rate. Hence, there are no asset gains/losses that need to be phased in. However, when calculating the Actual Return results, investment gains/losses in excess of the discount rate are phased in over a five-year period with the requirement that the Actuarial Value of Assets fall within a prescribed corridor of the market value of assets.
- The Actual Return results are from GRS' December 31, 2017 Actuarial Report and reflect the investment experience of the fund since plan inception.
- The Actual Return Actuarial Value of Assets is significantly higher than the Expected Return scenario as the cumulative investment performance has been much higher than the discount rate over the period 2009-2017.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide ERFC's actual net investment returns as of December 31, 2018 for the prior 1, 2, 5, 10, 15 and 20 years and ERFC's discount rates for each year starting in FY 1999.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #75 on their website:

ERFC's net investment returns as of December 31, 2018 for the time periods requested are as follows:

1 Year	3 Year	5 Year	10 Year	15 Year	20 Year
-5.3%	5.7%	4.1%	8.4%	6.2%	5.7%

ERFC's discount rate from 1999 through 2015 was 7.5 percent and from 2016 through 2018 the discount rate was 7.25 percent.

Note: ERFC does not calculate two-year net investment returns.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: How much cash would FCPS have needed to contribute to ERFC during FY 2020 if ERFC's net investment returns always equaled its discount rates, and how much is FCPS proposing to contribute to ERFC during FY 2020 in the FY 2020 FCPS Advertised Budget?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #76 on their website:

Aon, ERFC's actuary, has provided below the estimated contribution rate for FY 2020 assuming the investment return was equal to the discount rate each year. The results are presented below:

	As of December 31, 2017	
	Actual Return	Expected Return Scenario
Total Actuarial Accrued Liabilities	\$ 3,167,941,000	\$ 3,167,941,000
Actuarial Value of Assets	2,398,668,000	1,889,907,000
(Unfunded)/Surplus	\$ (769,273,000)	\$ (1,278,034,000)
Funded Percentage	76%	60%
Contribution Rate	Period Ending June 30, 2020	
Employer Normal Cost	3.09%	3.09%
Unfunded Liability	3.51%	5.83%
Net Employer Contribution	6.60%	8.92%
Adjustment for ERFC 2001 Tier 2	-0.16%	-0.16%
Actuarially Determined Employer Contribution (ADEC)	6.44%	8.76%

Please note the following key points regarding this information:

- The starting point for the Actuarial Value of Assets under the Expected Return scenario is December 31, 2008.
- The Actuarial Value of Assets under the Expected Return scenario was developed using actual contributions (both employer and employee), benefit payments, and administrative expenses for each year from 2009 to 2017.
- The discount rate over the period was 7.5 percent per annum from 2009 to 2015, and 7.25 percent from 2015 to 2017.
- Under the Expected Return Scenario, the actual and expected return is the same since we are assuming that the annual investment return is equal to the discount rate. Hence, there are no asset gains/losses that need to be phased in. However, when calculating the Actual Return results, investment gains/losses in excess of the discount rate are phased in over a five-year period with the requirement that the Actuarial Value of Assets fall within a prescribed corridor of the market value of assets.
- The Actual Return results are from GRS' December 31, 2017 Actuarial Report and reflect the investment experience of the fund since plan inception.

- The Actual Return Actuarial Value of Assets is significantly higher than the Expected Return scenario as the cumulative investment performance has been much higher than the discount rate over the period 2009-2017.
- Under the Expected Return scenario the unfunded liability component of the contribution rate has been estimated from the information provided by GRS in the December 31, 2017 Actuarial Report.
- It should be noted that this is a snapshot calculation as December 31, 2017. It does not consider potential differences in historical contributions if the investment performance were set equal to the discount rate.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide ERFC investment management fees for FY 2018 (actual), FY 2019 (projected) and FY 2020 (budgeted) in both dollar value and basis points.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #77 on their website:

ERFC's FY 2018 (actual), FY 2019 (projected), and FY 2020 (budgeted) investment management fees are as follows:

	<u>Fees</u>	<u>Basis Points</u>
Fiscal Year ending June 30, 2018 (Actuals):	\$ 13,546,457	55.4
Fiscal Year ending June 30, 2019 (Projected):	\$ 13,908,000	57.5
Fiscal Year ending June 30, 2020 (Budgeted):	\$ 13,404,384	47.6

Response to Questions on the FY 2020 Budget

Request By: Supervisor Foust

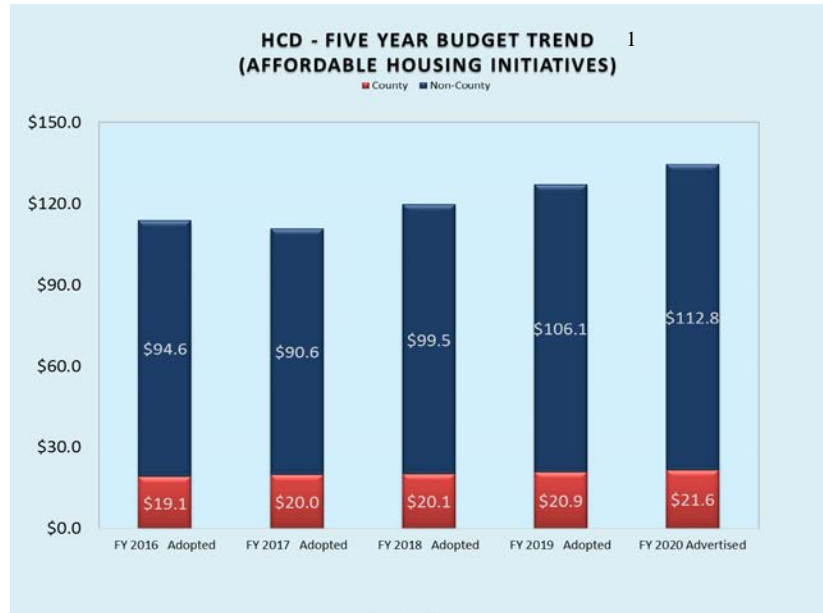

Question: Please provide a breakdown of the last 5 years on how funding for affordable housing is being used, and what has worked and what has not. Additionally, provide a breakdown of how much of the budget is being used towards affordable housing.

Response:

Affordable housing is delivered in the county through a combination of programs of the Board of Supervisors (BOS) and the Fairfax County Redevelopment and Housing Authority (FCRHA). These funds are administered through the department of Housing and Community Development (HCD) and are comprised of various funding sources. Operations are supported by FCRHA revenues (e.g., developer fees, tenant rents, and loan repayments), FCRHA bonds, federal grants, private capital, revenue from program operations, interest income, and County funds.

In total, anticipated expenditures supporting HCD and FCRHA activities total \$138,461,173 in the FY 2020 Advertised Budget Plan, including \$9,181,697 in General Fund support, \$30,715,571 in other County appropriated funds, and \$98,563,905 in Non-County appropriated funds. Total revenue for FY 2020 is anticipated to be \$135,359,609, including federal/state sources of \$77,218,965, and \$12.4 million in tax revenue based on the projected value of one-half penny on the Real Estate Tax Rate.

The chart on the following page shows the breakdown of total HCD funding for affordable housing initiatives for the last 5 years. The County portion is comprised of General Fund support, the General Fund transfer to Fund 40330, Elderly Housing Programs, and tax revenue in Fund 30300, Penny for Affordable Housing Fund. The FY 2020 Advertised Budget Plan includes a total of \$18.4 million in revenue in Fund 30300, including \$12.4 million in tax revenue based on the projected value of one-half penny on the Real Estate Tax Rate. An adjustment will be made at *FY 2019 Carryover Review* to increase the revenue in this fund to reflect the updated projected value of one-half penny on the Real Estate Tax rate, estimated at \$12.8 million.

¹ The chart does not include Fund 81060, FCRHA Internal Service Fund, which includes costs that are shared among several housing funds. These costs include items such as cross-fund contracts for services as well as office supplies, telephones, postage, and copying, which are budgeted in and expensed from of the FCRHA's funds. Costs are initially charged to fund 81060, and then allocated out to other funds proportionate to their share of the costs.

Fairfax County's approach to affordable housing has traditionally included proven and reliable methods, such as inclusionary zoning, rental subsidies, gap financing, the Low Income Housing Tax Credit program and other well-known vehicles. However, a number of challenges have emerged, including the rising cost of construction and greater uncertainty relative to federal funding for housing programs, as well as other factors. The market is unable to produce affordable low cost housing to address the rising unmet demand. Affordable housing and the demand for resources continue to rise as rents have increased 17 percent but income growth only increased 10 percent between 2010 and 2015.

As noted in the Communitywide Housing Strategic Plan, the demand for community housing continues to grow as well. This demand will increase with both population growth and the rising number of senior households. Housing needs are imperative to support the individuals and families within Fairfax County and to support local economic growth. Investments in infrastructure to build affordable housing is needed to plan for a sufficient supply of housing and to meet the County's diverse housing needs. There are a significant number of capital affordable housing projects coming over the next several years, including Autumn Willow, Route 50/West Ox, Little River Glen IV, Murraygate, North Hill, Oakwood Senior Housing, One University, Stonegate Renovation, Arrowbrook and Parkwood. These projects will need enhanced staffing to support housing policy development and complex PPEA affordable housing construction projects.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Provide an analysis of the Machinery and Tools tax rates and depreciation schedules of the County and surrounding jurisdictions and the resulting tax impacts on an investment of \$100,000 over the 10 years by a business in each of the jurisdictions.

Response:

Currently, the Machinery and Tools tax rate in Fairfax County is \$4.57 per \$100 of assessed value. It is assessed at 80 percent of the original cost for the first year of ownership and 10 percent less each succeeding year, until it reaches a floor of 20 percent in the seventh year. Most other surrounding jurisdictions in Northern Virginia have the same depreciation schedule as Fairfax County.

The following table compares the total Machinery and Tools tax due over a 10-year period for a \$100,000 initial investment in surrounding jurisdictions that have the same depreciation schedule as Fairfax County but different tax rates.

Machinery and Tools Tax on a \$100,000 Investment over a 10-year period

Assessment Year	Depreciation Rate	Tax Rate Basis	Manassas Park	Manassas City	Fairfax County	Alexandria	Falls Church	Arlington
			\$3.50 Tax Amount	\$3.60 Tax Amount	\$4.57 Tax Amount	\$4.50 Tax Amount	\$5.00 Tax Amount	\$5.00 Tax Amount
1	80%	\$80,000	\$2,800	\$2,880	\$3,656	\$3,600	\$4,000	\$4,000
2	70%	70,000	2,450	2,520	3,199	3,150	3,500	3,500
3	60%	60,000	2,100	2,160	2,742	2,700	3,000	3,000
4	50%	50,000	1,750	1,800	2,285	2,250	2,500	2,500
5	40%	40,000	1,400	1,440	1,828	1,800	2,000	2,000
6	30%	30,000	1,050	1,080	1,371	1,350	1,500	1,500
7	20%	20,000	700	720	914	900	1,000	1,000
8	20%	20,000	700	720	914	900	1,000	1,000
9	20%	20,000	700	720	914	900	1,000	1,000
10	20%	20,000	700	720	914	900	1,000	1,000
Total Tax Due over 10 year period			\$14,350	\$14,760	\$18,737	\$18,450	\$20,500	\$20,500

Fairfax City, Prince William County and Loudoun County have different depreciation schedules. In Fairfax City, the Machinery and Tools tax is assessed at 70 percent of the original cost for the first year of ownership and 10 percent less each succeeding year, until it reaches a floor of 10 percent in the seventh year. In Prince William County, it is assessed at 85 percent of the original cost for the first year of ownership and 10 percent less each succeeding year, until it reaches a floor of 35 percent in the seventh year. In Loudoun County, it is assessed at 50 percent of the original cost for the first year of ownership and 10 percent less each succeeding year, until it reaches a floor of 10 percent in the fifth year.

The Fairfax City, Prince William County and Loudoun County information is presented in the following table.

Machinery and Tools Tax on a \$100,000 Investment over a 10-year period

Fairfax City			Prince William			Loudoun County		
Tax Rate		\$4.13	Tax Rate		\$3.70	Tax Rate		\$2.75

Response to Questions on the FY 2020 Budget

Request By: Supervisor Cook

Question: Please compare the supplements provided to office staff in the Commonwealth Attorney's Office vs. the Office of the Public Defender.

Response:

Fairfax County's funding for the Commonwealth Attorney's Office and the Office of the Public Defender has historically differed as a result of Virginia law. Virginia law requires that Constitutional Officers receive funding from both the state and local governments. In Fairfax County, Constitutional Officers include the Clerk of the Court, the Sheriff and the Commonwealth's Attorney.

Each year, the General Assembly determines the total amount of funds and positions available to each group of Constitutional Officers including the Office of the Commonwealth's Attorney. The number of positions is determined using a workload-based staffing standard to formulate the total number of positions each office needs to perform the duties mandated by state law. The state salaries are determined according to population estimates of the jurisdiction in which they serve. The County is then reimbursed through the state compensation board based on a determination by the General Assembly. Funding from the state is collected as revenue and posted in the County's General Fund.

As a result of Virginia law requiring funding to come from both state and local governments, each local government has the discretion to approve a budget and positions for their Constitutional Officers that exceeds what is approved by the Compensation Board. In Fairfax, the Office of the Commonwealth's Attorney has a total of 42 positions – 34 positions that are supported by the state, 1 position supported with grant funding, and 7 positions supported with only County funds. It should be noted that the 7 positions that are funded only with County dollars are the result of the office taking on the additional duty of handling misdemeanor cases. Additionally, 1/1.0 FTE position is included in the FY 2020 Advertised Budget to support the newly created Mental Health Docket as part of the Diversion First Initiative. Commonwealth's Attorney Office personnel are established as County employees on the S (General Employees) pay scale and are also part of the County's retirement and health systems. Due to the high cost of living in this area, the County pays higher salaries than those approved by the state.

The supplement paid for the Commonwealth's Attorney positions is the difference between the salaries paid by the County and the amount reimbursed by the state compensation board. This amount varies on an annual basis. For FY 2019, the estimated salary cost for the 34 positions is \$2.9 million and the amount of revenue expected from the compensation board is \$1.9 million.

The Office of the Public Defender personnel are state employees and are paid in accordance with a pay scale established by the State of Virginia. In 2008 there was a change in the state code that allowed for public defender supplements. Prior to 2008, Virginia did not have an established law that allowed cities or counties to pay their public defenders and doing so would have been a direct violation of the Virginia Dillon Rule, which forbids localities from exercising powers not specifically granted by the State. In the FY 2017 Adopted Budget Plan, the Fairfax County Board of Supervisors approved a pay supplement for 23 positions in the Office of the Public Defender. The annual supplement totals \$470,112 and varies by position level.

Both Arlington County and the City of Alexandria provide salary supplements to the Office of the Public Defender. Arlington County currently funds \$158,884 for supplements to state employees in the Office of the Public Defender. Arlington County's supplement is based on 15 percent of the state salary. As a result

of having the supplement as a percentage of the state salary, it will adjust as state salaries adjust. The City of Alexandria funds \$256,000 annually for supplements to state employees in the Office of the Public Defender. The supplement amounts are flat and vary based on position level; amounts will not automatically increase as they are not based on a percentage. When calculated as a percentage, Alexandria's current supplements average 18 percent of the state salary. Fairfax County supplements are also a flat amount and vary by position level. When calculated as a percentage current Fairfax supplements average 15 percent of the state salary.

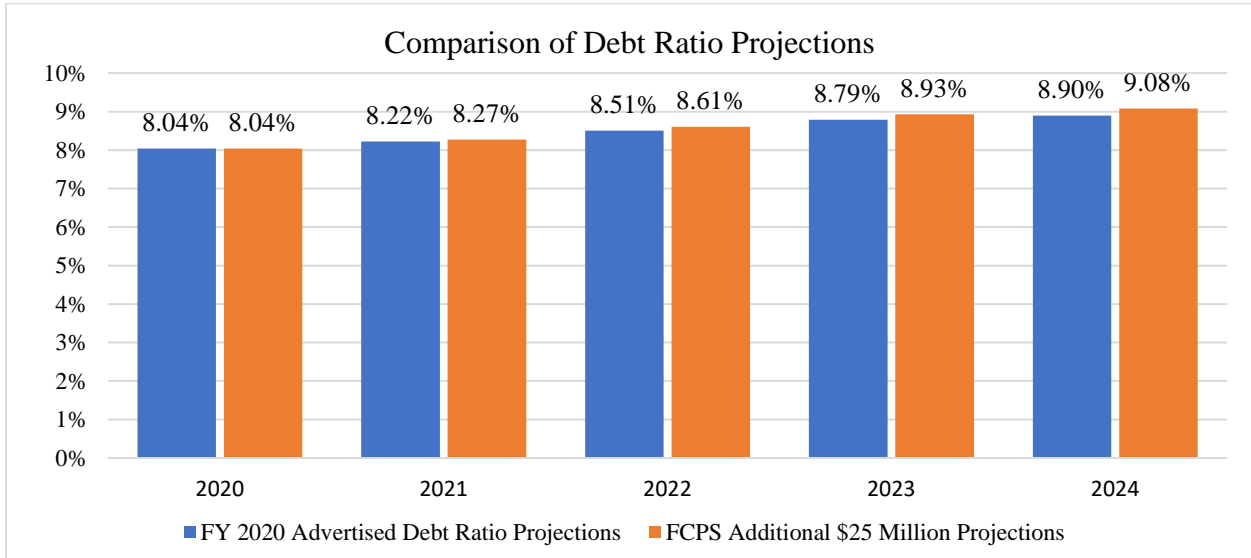

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Provide information regarding debt service if we increase the General Obligation Bond Sales for the Fairfax County Public FCPS (FCPS) to \$205 million. What would the debt service look like in the out years, going out to FY 2024? What would it cost us in the out years? How close does it put us to our 10 percent cap that we promised to the rating agencies? What would the bonding capacity split between FCPS and County be?

Response:

A decision to increase bond sales annually by \$25 million from \$180 million to \$205 million would have the following impact on both the debt ratio and annual debt service payments to the County. The debt ratios would peak at 9.08 percent in FY 2024 based on the chart below.

In addition, the associated debt service costs on the additional \$25 million for the first year would be approximately \$2.25 million (0.05 percent on the County’s debt ratio). Assuming these bonds would be sold in FY 2020, the impact of the additional FCPS debt service would begin in FY 2021. Increased debt service payments through FY 2024 would total \$8.7 million based on the higher sale amount in FY 2020 only. Assuming the increased bond sale amount each year, the additional cumulative fiscal impact would be \$22 million through FY 2024. This decision would further push the debt ratios closer to the 10 percent limit and increase debt service costs with no identified funding source.

\$180 million Annual Bond Sales					
Fiscal Year	Bonds Sold				Total All Years
	Debt Service Owed				
FY 2020	\$180,000,000				
FY 2021	\$16,200,000	\$180,000,000			
FY 2022	\$15,840,000	\$16,200,000	\$180,000,000		
FY 2023	\$15,480,000	\$15,840,000	\$16,200,000	\$180,000,000	
FY 2024	\$15,120,000	\$15,480,000	\$15,840,000	\$16,200,000	
Total Debt Service	\$62,640,000	\$47,520,000	\$32,040,000	\$16,200,000	\$158,400,000

\$205 million Annual Bond Sales					
Fiscal Year	Bonds Sold				Total All Years
	Debt Service Owed				
FY 2020	\$205,000,000				
FY 2021	\$18,450,000	\$205,000,000			
FY 2022	\$18,040,000	\$18,450,000	\$205,000,000		
FY 2023	\$17,630,000	\$18,040,000	\$18,450,000	\$205,000,000	
FY 2024	\$17,220,000	\$17,630,000	\$18,040,000	\$18,450,000	
Total Debt Service	\$71,340,000	\$54,120,000	\$36,490,000	\$18,450,000	\$180,400,000
Increase	\$8,700,000	\$6,600,000	\$4,450,000	\$2,250,000	\$22,000,000

As noted during the development of the FY 2020 Budget and in Budget Q&A #C-20, the below table assumes FCPS GO bond sales remain at \$180 million, or 53 percent, and County bond sales would average \$159 million, or 47 percent, for the five-year period. It should be noted that the Board of Supervisors approved an increase in FCPS GO bond sales from \$155 million to \$180 million starting in FY 2019. These projections of GO bond sales are based on the assumptions in the FY 2020-2024 Advertised Capital Improvement Program. However, the County recognizes that its maximum annual GO bond sale limit is \$300 million. The County is committed to selling \$180 million annually for FCPS, therefore leaving \$120 million available for County categories, resulting in a 60 percent/40 percent respective split of bond proceeds.

Fiscal Year	County GO Amount	FCPS GO Amount	Total GO Amount
FY 2020	\$142,400,000	\$180,000,000	\$322,400,000
FY 2021	\$147,300,000	\$180,000,000	\$327,300,000
FY 2022	\$162,474,000	\$180,000,000	\$342,474,000
FY 2023	\$181,490,000	\$180,000,000	\$361,490,000
FY 2024	\$159,900,000	\$180,000,000	\$339,900,000

The following table provides the estimated annual GO bond sales for the County and the additional \$25 million per year for FCPS. For the five-year period below, FCPS bond sales would average \$205 million or 56 percent and County bond sales would average \$159 million or 44 percent. As noted previously, the County recognizes that its maximum annual GO bond sale limit is \$300 million. Under this scenario, the County would sell \$205 million annually for FCPS, therefore leaving \$95 million available for County categories, resulting in a 68 percent/32 percent respective split of bond proceeds.

Fiscal Year	County GO Amount	FCPS GO Amount - Additional \$25 million	Total GO Amount
FY 2020	\$142,400,000	\$205,000,000	\$347,400,000
FY 2021	\$147,300,000	\$205,000,000	\$352,300,000
FY 2022	\$162,474,000	\$205,000,000	\$367,474,000
FY 2023	\$181,490,000	\$205,000,000	\$386,490,000
FY 2024	\$159,900,000	\$205,000,000	\$364,900,000

While there is no statutory limit on the amount of debt the voters can approve, and therefore the debt service that is paid, it is important to note that the County's debt ratios are consistent with best practices for highly rated issuers of municipal debt. One of the County's Debt Ratio policies is that debt service expenditures as a percentage of General Fund disbursements shall not exceed 10 percent.

Response to Questions on the FY 2020 Budget

Request By: Janie Strauss, Fairfax County Public School Board member

Question: What percentage of the local economy is due to government contracts, Science, Technology, Engineering, and Math (STEM) related fields, and other small businesses? Please provide local data regarding STEM-related employment.

Response:

Federal government procurement spending is a significant driver of Fairfax County's economy. For the most recent years for which data is available, from 2015 through 2017, it is estimated that federal procurement contract awards in Fairfax County made up between 21.4 and 22.1 percent of the Gross County Product. This is the share of the local economy that derives directly from federal government procurement contracts. This spending has a positive indirect impact on the local economy as well, though the benefit is not easily quantifiable.

The Bureau of Labor Statistics (BLS) defines STEM related employment as consisting of 100 occupations, including computer and mathematical, architecture and engineering, and life and physical science occupations, as well as managerial and postsecondary teaching occupations related to these functional areas and sales occupations requiring scientific or technical knowledge at the postsecondary level. STEM-related employment data reported by the BLS is available only at the national, state, and metropolitan area level. County level employment data is reported by industry, not occupation; therefore, there is no direct data available regarding the percentage of the County's employment in STEM-related fields. One proxy for STEM-related employment is the number of technology firms and employees in Fairfax County. According to Fairfax County Economic Development Authority (FCEDA), there are approximately 8,800 technology firms in Fairfax County, which directly account for around 149,000 employees or about 1 in 4 of Fairfax County jobs. FCEDA's definition of technology businesses includes: Information Technology Services; Technology Consulting; Engineering/R&D/Technical Services; Telecommunications; Biomedical; and Advanced Manufacturing. Additional information regarding Fairfax County technology businesses can be found at FCEDA at https://www.fairfaxcountyedea.org/sites/default/files/pdf/technology_firms.pdf.

According to the Small Business Administration, the definition of a small business varies according to the type of industry. In some industries, small businesses are defined by the number of employees; in other industries, small businesses are defined by annual receipts. The Small Business Administration estimated that as of 2008, the most recent data available, 46 percent of private nonfarm Gross Domestic Product in the United States was contributed by small businesses. While it is hard to directly estimate the share of the County's economy produced by small businesses, employment information is available. According to the Census Bureau's Annual Survey of Entrepreneurs, there were 5.6 million employer firms in the United States in 2016, of which firms with fewer than 500 workers accounted for 99.7 percent of those businesses. Firms with fewer than 100 workers accounted for 98.2 percent, and firms with fewer than 20 workers made up 89.0 percent.

The following table shows Fairfax County's employment by size of establishment. Depending on what definition of small business is assumed, employers with fewer than 500 employees made up 99.7 percent of businesses; employers with fewer than 249 employees made up 99.2 percent of businesses; and employers with fewer than 100 employees made up 97.4 percent of Fairfax County's businesses. The County numbers are consistent with the national numbers that show employers with less than 500 employees make up the vast majority of Fairfax County's businesses.

Fairfax County Employers by Size of Establishment

	Number of employers	Cumulative Percentage
0 to 4 employees	22,685	62.1%
5 to 9 employees	4,958	75.7%
10 to 19 employees	3,826	86.2%
20 to 49 employees	2,850	94.0%
50 to 99 employees	1,222	97.4%
100 to 249 employees	663	99.2%
250 to 499 employees	189	99.7%
500 to 999 employees	69	99.9%
1000 and over employees	44	100.0%
Total	36,506

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: During the FY 2018 budget, I requested an analysis of overtime by category. Subsequently the Board asked the previous County Executive for a review of public safety overtime. What is the status of that request? Please provide an analysis of overtime in the same format as the FY 2018 request?

Response:

As noted by the Chief Financial Officer at the April 2, 2019 Personnel Committee meeting, the public safety department heads will be scheduled to present an overview of overtime usage and policies at an upcoming Board of Supervisors committee meeting.

In addition, a review of overtime usage was included in the scope of work of the Fire and Rescue Compensation and Organization Study that was performed by PFM, an outside consultant. That study provided several recommendations for further analysis, which include:

1. Some regional fire and rescue employers provide lower cost compensation for holidays worked that are a necessary element of 24/7 coverage – and some of those other approaches are structured as premiums separate from overtime. The County could consider a similar alternative approach to overtime.
2. The County could explore realigning paid leave accruals, which – because FRD annual leave accruals are now comparatively high in absolute terms – would also make more hours available for coverage without overtime (and/or reduce banked leave and payouts upon separation).
3. While not extraordinarily high, sick leave usage and control practices could also be further evaluated.
4. To help determine the best deployment of FRD resources, the County could consider periodically engaging in a detailed workload demand and deployment analysis conducted by independent subject matter experts. Working collaboratively with FRD leadership, such analysis can help to ensure an optimized approach for public safety staffing requirements that underlie many overtime demands.
5. The County could also further explore management of overtime use for non-operational activities. Given the critical nature of some of these activities, such as core training, the complete elimination of this overtime category will not be achievable. Nonetheless, a detailed review could potentially identify opportunities for policy revisions and/or savings.
6. Fairfax County should strongly consider a redesign of its overtime tracking approach to improve the information available to management.

These recommendations will be considered, where applicable, in the continued review of overtime patterns in each of the public safety agencies.

The attached spreadsheet provides total calendar year (CY) 2018 gross pay for the 1,900 non-department head employees who were paid at least \$100,000 during the year and who received additional pay, stipends, or bonuses. An additional 1,004 employees were paid \$100,000 or more during CY 2018 but are not shown in the attached spreadsheet because they did not have earnings in the noted categories or are department heads. It is recommended that the spreadsheet be viewed online due to its size. It should be noted that some employees hold multiple positions with the County, were hired during the year, terminated employment during the year, or changed positions during the year due to promotions, demotions, or

transfers. The amounts shown in the spreadsheet, therefore, may represent partial-year pay, pay for the performance of more than one job, or pay at more than one pay grade. Pay is shown in the spreadsheet divided into the following categories. In addition, there are several stipends, such as stipends for crossing guards, state magistrates, and members of boards and commissions, that are not shown in the categories below as no employees who were paid more than \$100,000 received those stipends in CY 2018.

Scheduled Hours

Regular	Hours worked or leave taken as part of the employee's normal schedule.
Consecutive Shift Pay	Hours worked when an employee has completed a full shift lasting eight or more hours and is required to remain on duty to work a full second consecutive shift.
Shift Differential – Fire	Shift differential premium pay for Fire employees assigned to the designated shift.
Shift Differential – Sheriff	Shift differential premium pay for Sheriff employees assigned to the designated shift.
Shift Differential – Evening	Shift differential premium pay for employees assigned to the designated evening shift.
Shift Differential – Night	Shift differential premium pay for employees assigned to the designated night shift.

Additional Pay

Overtime Pay	Hours worked over the defined work period.
Callback Pay	Hours worked when the employee is off duty and is called to return to work after departing from the workplace.
Court Time	Pay for hours worked over the defined work period for public safety employees to appear in court.
Emergency Worked	Pay granted for working during a designated emergency.
Holiday – Scheduled Day Off	Pay granted when a County holiday falls on an employee's scheduled day off.
Holiday Worked	Pay granted for working on a County holiday.
On Call Pay	Pay granted when an employee is required to remain available outside of the employee's scheduled work hours to report to work within a reasonable time if called upon to do so.
Roll Call	Paid work time for attending roll call.

Stipends

Advanced Life Support (ALS)	A stipend available to Fire employees who are certified as Advanced Life Support (ALS) providers. The incentive pay is equivalent to 10 percent of the pay of step 1 of the Firefighter (F-18) position.
Correctional Health Nurse	A stipend of \$120 per pay period (or \$60 per pay period for part-time employees) provided to Correctional Health Nurses.
Election Worker	A stipend available to employees who staff an election. The amount varies depending on the guidelines established by the Office of Elections.

Emergency Services/Mobile Crisis Unit	A stipend granted to employees working in Emergency Services/Mobile Crisis Unit.
Environmental Incentive Pay	A stipend available to sworn uniformed employees assigned to the Adult Detention Center.
Fire Additional Pay - \$2	An additional incentive granted to Fire personnel who are ALS certified and serve as medic on Engine.
Fire Additional Pay - \$3	An additional incentive granted to Fire personnel who are ALS certified and serve as medic on Medic unit.
Fire Preceptor Pay	A stipend available for Fire personnel who are certified as preceptors and are actively training new paramedics.
Flight Medic Pay	A stipend available to Flight Medics, Senior Medics, and Chief Medics. Employees receive a set hazard incentive pay amount equal to \$2,000 for Flight Medics, \$3,500 for Senior Medics, and \$4,500 for Chief Medics. In addition, they receive an amount of pay equivalent to 10 percent of step 2 of the Police Officer I (O-17) position for all levels.
Language Stipend	A stipend of \$1,300 per year (or \$650 for employees scheduled to work 20 hours or less per week) provided to employees who demonstrate proficiency in a foreign language and must use that second language as part of their job.
Licensed Clinician	A stipend available for licensed clinicians.
Maintenance Flight Officer Pay	A \$1,200 annual stipend available to employees who are required to repair and maintain aircraft assigned to the Helicopter Division of the Police Department.
Tool Allowance	An allowance granted to vehicle mechanics required to use their personal tools in job performance. The amount granted varies to reimburse the cost to obtain and maintain personal tools in accordance with the list of required tools.
Trainer Incentive Pay	Additional pay (\$3 per hour) received by public safety field training instructors.
Uniform Allowance	An annual allowance for the purchase and maintenance of clothing that is required in job performance.

Bonuses

Bonus Pay	Bonus pay awarded.
-----------	--------------------

Other

Adjustments	Miscellaneous pay adjustments, including items such as pay corrections and recovery of overpayments.
Awards	Cash payments associated with countywide awards, such as Outstanding Performance Awards and the A. Heath Onthank Award, and departmental awards.
Leave Payoff	Payoff of leave balances upon separation from the County.

Response to Questions on the FY 2020 Budget

Request By: Various Supervisors

Question: Please provide the following information in response to the January 22, 2019 Board Matter on comprehensive universal representation presented by Supervisor Foust and Supervisor McKay:

1. Summarize the different proceedings in which participants benefit from legal representation;
2. Identify instances where the County is already funding/providing legal representation in civil cases and any conditions on that representation;
3. Research what other organizations exist for the County to partner with in providing these services; and
4. Review Arlington County's approach to funding legal services for immigration related matters.

Response:

On January 22, 2019, Supervisor Foust and Supervisor McKay presented a joint Board Matter. This Board Matter proposed that the Board fund a "universal representation program" proposed by CASA and CAIR. Specifically, as proposed, the universal representation program would provide "legal representation, community education, and training to Fairfax County residents, including legal immigrants, who are subject to immigration enforcement, including arrest, detention, and deportation." The Board Matter, however, proposes to fund only "legal representation for detained residents or residents at risk for detention, as well as providing legal rights education to county residents." Below are responses to the questions raised during discussion of this Board matter.

1. Summarize the different proceedings in which participants benefit from legal representation.

Virginia Legal Aid is a consolidated resource that provides information on poverty law issues. Virginia Legal Aid identifies the following issue areas:

- Consumer
- Debtors Rights
- Elder Law
- Employment
- Family and Domestic & Sexual Violence
- Housing
- Criminal
- Education
- Food Stamps
- Health
- Immigration
- Public Forms

- Social Security
- Tax
- TANF
- Veterans/Military

2. Identify instances where the County is already funding/providing legal representation in civil cases and any conditions on that representation.

The County currently funds legal representation to the following issue areas (included in the list above): Family and Domestic & Sexual Violence, Housing, Consumer, Elder Law, Immigration (all funded through the Consolidated Community Funding Pool), and Criminal (funded through the General District Court General Fund budget).

3. Research what other organizations exist for the County to partner with in providing these services.

The following community organizations provide services to the County's immigrant population:

- United Community Ministries
- Legal Aid Justice Center
- CASA
- Legal Services of Northern Virginia
- Just Neighbors Ministry Inc.
- Fairfax Law Foundation
- Liberty's Promise
- Lutheran Social Services of the National Capital Area

4. Review Arlington County's approach to funding legal services for immigration related matters.

As part of its FY 2019 Budget, the Arlington County Board of Supervisors approved \$40,000 in one-time funding for the Legal Aid Justice Center to provide legal services to immigrants. This funding, which augmented existing funding by Arlington County to the Legal Aid Justice Center, was to be used for:

- Know Your Rights Presentation and Material Distribution that provide relevant, targeted educational information to the Arlington immigrant community relative to immigration enforcements.
- Individual Consultations that provide one-on-one assistance to address specific legal questions and crises.
- Counsel Upon Arrest provides access to legal counsel at the time of arrest.
- Marketing and outreach to Arlington County residents regarding these services.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: How much would it cost to provide a 2.99 percent salary increase to sworn police officers? Please provide a breakdown of the cost between supervisors and lower ranks.

Response:

The cost to provide a 2.99 percent salary increase to sworn police officers, including the associated increase in fringe benefit costs, is provided in the table below:

Ranks	Pay Grades	Cost
Police Officer I/II/III	O17-O19	\$4,831,513
Supervisory Ranks	O20-O33	\$1,449,881
Total		\$6,281,394

It should be noted that, as a result of the Board-directed study of the Police Department's pay and organizational structure in 2016, the O pay scale was adjusted to create uniform increases of 5 percent between each adjacent step and grade. This uniformity of the pay scale would be disrupted if an increase were to be applied to some, but not all, of the police ranks.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Fairfax County's competitive jurisdictions have been addressing and making adjustments to their police pay due to the difficulty in attracting and retaining quality police officers in the current environment. Alexandria and most recently Prince William County have made changes to address these concerns. We are having issues recruiting candidates that can make it through our academy based on the high standards we appropriately hold our officers to. The Board requested a police pay study last year. Has the pay study been completed? Was it used in the development of the budget? When will it be discussed with the Board?

Response:

The Police Department continues to evaluate the recommendations of the organizational and compensation study that was completed by PFM, an outside consultant, in 2016. The PFM study is available online at https://www.fairfaxcounty.gov/police/sites/police/files/assets/images/chief/reports/fairfax%20county_public%20safety%20review_final%20revised_9%2014%202016.pdf. The recommendations from that study have been phased in over a multi-year period based on available resources and department priorities. Recommendations that have been implemented include \$2.40 million in funding added between FY 2018 and FY 2020 for 18 new Relief Sergeant positions (Recommendation 1.2) and \$1.68 million in FY 2018 for adjustments to the pay scale to create more consistent pay increases between grades and steps (Recommendation 2.1).

In addition, those recommendations that have not yet been implemented continue to be evaluated by department leadership against evolving department priorities and available resources. A study recommendation that relates directly to police pay is included below:

2.3 Supervisory Pay Differentials: The County's police supervisory pay generally ranks below the regional median, at levels more than five percent below the regional median for first and second-line supervisors at maximum base plus longevity. In addition, the current rank differentials provide suboptimal incentive for officers to take on greater responsibility, particularly at the level of Lieutenant and above where there is no eligibility for 1.5x overtime.

- **Recommendation:** In tandem with the phase out of the 2nd Lieutenant position, PFM recommends placing Sergeants at the O-21 grade. This level is consistent with the current grade for 2nd Lieutenant and represents a five percent increase over the current Sergeant rank placement on the pay plan. In conjunction with adjustments to the pay plan for greater consistency (recommendation 2.1 above), Sergeants at maximum pay would see a 5.7 percent increase.

In addition to pay-related recommendations, the PFM study also included several recommendations for organizational changes. For example, Recommendation 1.1 (referenced in Recommendation 2.3 above) suggested the consolidation of the Sergeant and 2nd Lieutenant ranks into a single rank.

Prince William County has recently completed a review of public safety agencies that was conducted by PFM and was similar in scope to the PFM study of Fairfax County public safety agencies that was completed in 2016. The Prince William study is available at http://www.pwcgov.org/government/dept/budget/documents/pwc_public_Safety_retention_presentation-

[study.pdf](#). Fairfax results included in the Prince William study generally support the results of the County's 2016 study.

As part of the County's annual benchmark class review, the police pay scale is benchmarked each year against the pay plans of seven other jurisdictions in the region. Three police job classes have been identified as having comparable job classes in each of the comparator jurisdictions and are used as benchmark classes in these market comparisons. Based on the County's adopted pay philosophy, adjustments are made to the entire police pay scale if two of the three identified benchmark classes fall below 95 percent of the average midpoint of the comparator jurisdictions. The table below summarizes the results of the benchmark study of the police pay scale developed for the FY 2020 budget, showing the Fairfax pay scale as a percentage of the average of the comparator pay scale minimum, midpoint and maximum. Also included is the Fairfax actual average salary for each job class as a percentage of the actual average salary of the comparator jurisdictions.

Job Class	Fairfax as a Percentage of Market			
	Pay Scale Minimum	Pay Scale Midpoint	Pay Scale Maximum	Actual Average Salary
Police Officer I (O17)	102%	100%	98%	101%
Police Officer II (O18)	101%	98%	96%	114%
Police Lieutenant (O26)	103%	102%	101%	108%

The benchmark class study utilizes the pay scale midpoint, which is shaded in the table above. The Fairfax benchmark job classes for the police pay scale range between 98 and 102 percent of the market midpoint, indicating that the police pay scale falls within the market range.

The 2016 PFM study similarly found that the Fairfax police pay scale was within the market range. However, that study also compared the expected salary progression throughout a career, and found the Fairfax pay scale very competitive as a result of its structure in which police officers receive a step increase each year until step 9, while other jurisdictions have a slower salary progression. This finding is included below:

2.2 Maintain Pay Competitiveness: Fairfax County is generally competitive within the region for most ranks, especially at the midpoint, the juncture from which the County pay philosophy and the Department of Human Resources determines competitiveness. Because sworn police employees also reach maximum pay much sooner than some regional comparators, the County is also very competitive when considering compensation throughout a 25-year career. Notwithstanding the County's competitiveness at the midpoint of the pay range, police pay is relatively lower at maximum, which can have bearing on the pension base, a concern raised by the FCPD Pay and Benefits Committee.

Although the police pay scale has been determined to be within the market range, the Police Department has expressed concerns regarding specific employee compensation issues. In addition to the pay and organizational recommendations noted above, the department is also looking at options related to pay for Animal Protection Police Officers.

County of Fairfax, Virginia

MEMORANDUM

DATE: April 29, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 8

Attached for your review is Package 8 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-68	FCPS: What was the total amount spent on name changes by Fairfax County Public Schools in the past two years? Are any name changes planned in FY 2020? If so, what are the estimated cost of these name changes and what amounts are included in the proposed FCPS budget for FY2020 for schools?	Supervisor Herry	144
C-69	FCPS: Please provide an excel spreadsheet with the following information for each FCPS employee currently paid on the FCPS Unified Scale or the School-Based Administrator Scale: (a) position title one year ago and today; (b) salary grade and step one year ago and today; (c) gross salary one year ago and today; (d) eligibility for overtime one year ago and today (yes or no); and (e) a unique identifier (e.g. - initials and part of employee ID number). Please provide the same information for FCPS employees paid on the Teacher Scale.	Supervisor Herry	145

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: What was the total amount spent on name changes by Fairfax County Public Schools in the past two years? Are any name changes planned in FY 2020? If so, what are the estimated cost of these name changes and what amounts are included in the proposed FCPS budget for FY2020 for schools?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #78 on their website:

The total expenditures and obligations for the Justice High School name change by Fairfax County Public Schools was \$453,128. Donations of \$94,616 have been received as of March 31, 2019 for a net local cost of \$358,512.

Justice High School Renaming	
Summary of Costs and Sources of Funds	
As of March 31, 2019	
FY18 Expenditures	\$ 72,192
FY19 Expenditures	263,813
Total Expenditures	336,005
FY19 Obligations	117,123
Total Expenditures and Obligations	453,128
Funded by:	
FCPS Flexibility Reserve Allocation	358,512
Donations Received	94,616
Total Funds *	\$ 453,128
*Net local cost \$358,512	

Currently there are no name changes planned or budgeted for in FY 2020.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide an excel spreadsheet with the following information for each FCPS employee currently paid on the FCPS Unified Scale or the School-Based Administrator Scale:

- (a) position title one year ago and today;
- (b) salary grade and step one year ago and today;
- (c) gross salary one year ago and today;
- (d) eligibility for overtime one year ago and today (yes or no); and
- (e) a unique identifier (e.g. - initials and part of employee ID number).

Please provide the same information for FCPS employees paid on the Teacher Scale.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #81 on their website:

The table below provides FTE, position, scale, and salary data for the current and past fiscal years for employees paid on the Unified, School-Based Administrator, and Teacher Salary Scales. Salaries for employees will differ from last year to this year because of any applicable step increment, promotion, demotion, FTE, and/or annual hour changes. Salaries for employees on the Unified Scale – Schedules A, B, and C and School-Based Administrator Scale were also impacted because new scales were implemented effective July 1, 2018 in FY 2019.

OT

County of Fairfax, Virginia

MEMORANDUM

DATE: April 30, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 9

Attached for your review is Package 9 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-70	FCPS: Provide a list by position name and department for all employees eligible to retire before the end of FY 2020 with unreduced benefit.	Supervisor Gross	674
C-71	FCPS: Please indicate how many of the equity leads receive the \$700 stipend, sorted by schools and departments. Also are there any other positions with a One Fairfax focus? Please clarify if the \$2 million includes benefits or not.	Supervisor Herrity	675
C-72	FCPS: For the proposed FY 2020 teacher raises, what is the dollar amount that the state provides and what is the dollar amount that Fairfax County provides?	Supervisor Smith	676

Attachment

Response to Questions on the FY 2020 Budget

Request By: Supervisor Gross

Question: Provide a list by position name and department for all employees eligible to retire before the end of FY 2020 with unreduced benefit.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #82 on their website:

FCPS staff may be covered under one or more retirement systems; each system has different provisions as to when an employee is eligible for unreduced benefits. Instructional and professional level staff are primarily covered by the Virginia Retirement system (VRS) and the Educational Employees Supplementary Retirement System (ERFC). Since ERFC is supplemental to VRS, data for this group is being reported based on those eligible to retire under both systems by June 30, 2020. FCPS employees who work in custodial, food service, transportation and skilled trades positions, along with part-time instructional staff, are covered by the Fairfax County Retirement System (FCERS). As there are over 950 unique position titles where the incumbent may be eligible to retire by June 30, 2020, the data is summarized by job category below.

Position Title	Eligible Under Both ERFC and VRS	Eligible Under FCERS
Assistant Principals	21	
Clerical/Secretarial staff	128	51
Educational Specialists	7	
Elementary Classroom Teachers	190	1
Guidance Counselors/Directors	27	2
Librarians/Audiovisual staff	16	
Administrators and Managers (includes Attorneys, Coordinators, Directors)	25	13
Other Classroom Teachers/Staff (includes Learning and Disabilities, Gifted and Talented, College Readiness, speech/occupational therapists)	194	6
School Based Technology Staff	13	
Principals	12	
Psychologists & Social Workers	12	5
Secondary Classroom Teachers	242	2
Bus Drivers, Attendants & Supervisors		316
Custodians		249
Food Service Workers		250
Safety and Security		3
Skilled Trades	5	53
Teacher Aides & Public Health Assistants	219	38
Technicians (includes Attendance Officers, Technical Specialists and Business Specialists)	86	49
Totals	1197	1038

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please indicate how many of the equity leads receive the \$700 stipend, sorted by schools and departments. Also are there any other positions with a One Fairfax focus? Please clarify if the \$2 million includes benefits or not.

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #83 on their website:

1. Please indicate how many of the equity leads receive the \$700 stipend, sorted by schools and departments.

There are 268 School Based Equity Leads receiving the \$700 stipend. Twelve schools split the stipend between two people, and a few schools chose to pay for an additional stipend. The estimated total is \$0.2 million. Of this amount, \$65,000 of the stipend is paid by a grant.

Assignments for School Based Equity Leads are allocated below:

- 1 per elementary school
- 1 per middle school
- 2 per high school
- 3 per secondary schools
- 1 per alternative school setting (interagency, etc.)

Funding was allocated for up to 52 Central Office Equity Leads. There are currently 37 Central Office Equity Leads receiving the \$700 stipend. Each department was offered up to six Equity Leads. We anticipate the number of Central Office Equity Leads to increase to 52 in the 2019-2020 school year.

2. Also are there any other positions with a One Fairfax focus?

There are no additional positions beyond those listed in our original response to Budget Question #72.

3. Please clarify if the \$2 million includes benefits or not.

The \$2 million does include benefits.

Response to Questions on the FY 2020 Budget

Request By: Supervisor Smith

Question: For the proposed FY 2020 teacher raises, what is the dollar amount that the state provides and what is the dollar amount that Fairfax County provides?

Response: The following response was prepared by Fairfax County Public Schools (FCPS), and is referenced as question #84 on their website:

Included in the State's 2019-2020 biennial budget is a compensation supplement equivalent to a 3.0 percent salary increase effective July 1, 2019 and a 2.0 percent increase effective September 1, 2019. The total state share of the compensation supplement for FCPS is \$18.7 million in FY 2020.

Since FCPS' local composite index (LCI) is higher than the average LCI in Virginia, FCPS receives less state funding support as compared to other Virginia jurisdictions and have to rely on the County's support. The state revenue for the compensation supplement accounts for a small portion of FCPS salary increases proposed in the FY 2020 budget, while a significant portion, or \$91.5 million is funded locally.

County of Fairfax, Virginia

MEMORANDUM

DATE: May 7, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 10

Attached for your review is Package 10 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-73	Please provide information regarding the prioritization criteria that the Fairfax County Park Authority utilizes for the use of their facilities.	Various Board Members	677
C-74	FCPS: How many FCPS support employees make less than \$20/hr. and what the cost would be to do this.	Supervisor McKay	678
C-75	FCPS: Please provide projected enrollment assumed in the FCPS Advertised Budgets for FY 2015 through FY 2019, and actual enrollment for FY 2015 through FY 2019 for the following groups of students: (a) all students; (b) students eligible for free or reduced price meals; (c) students eligible to receive English as Second Language services; and (d) students with Individualized Education Plans (IEPs).	Supervisor Herrity	679

Response to Questions on the FY 2020 Budget

Request By: Various Board Members

Question: Please provide information regarding the prioritization criteria that the Fairfax County Park Authority utilizes for the use of their facilities.

Response:

The following policies and procedures guide the Park Authority's allocation of the assets most frequently used by FCPS.

Field Allocation Policy: <https://www.fairfaxcounty.gov/neighborhood-community-services/sites/neighborhoodcommunityservices/files/assets/documents/athletics/fields%20and%20gyms/field%20allocation%20policy.pdf>

- See Section VII. – FCPS are given priority scheduling over all other organizations including FCPA.

RECenter Natatoriums: FCPS is given priority scheduling of all FCPA RECenter natatoriums (pools) during the defined swim team season. FCPS pays for their use of FPCA pools for both practices and competitions.

Tennis Courts and Trails: Although not adopted in policy, the Park Authority has always been able to accommodate FCPS requests and work with them in advance to avoid conflicts.

Golf Courses:

- FCPS should coordinate their use of the FCPA golf courses centrally to ensure equitable access to golf courses across the park system.
- Each golf course has up to two home schools assigned to it.
- The home schools may have one free practice or round per week at a time agreed to by the Golf Course General Manager. The booking goes through the team coach.
- All other schools may book as the schedule permits and pay the fee (no free rounds/practice).
- The practice/rounds are limited to M-TH. Schools release their practice schedule in May at which time the scheduling begins.
- If teams wish to have more tryouts, practices, or matches, the participants must pay for play. Teams will be given a discounted rate of 35% off greens fees.

The Park Authority is mandated to cover all expenses in the Park Revenue Operating Fund. The Park Revenue and Operating Fund covers approximately 60% of all the Park Authority's operating expenses. Any new policies that further restrict the Park Authority's ability to fully utilize its assets without an adequate funding source will be a detriment to the financial sustainability of the park system.

Response to Questions on the FY 2020 Budget

Request By: Supervisor McKay

Question: How many FCPS support employees make less than \$20/hr. and what the cost would be to do this.

Response: The following response was prepared by Fairfax County Public Schools (FCPS):

The chart below shows by fund the number of contracted employees earning less than \$20/hour and the cost for bringing each of those employees to a living wage of \$20/hour.

Fund	Dollars in Millions	FTEs
Food and Nutrition Services Fund	\$5.1	668.1
Grants Fund	\$0.3	58.0
School Operating Fund	\$16.6	3,021.5
Grand Total	\$21.9	3,747.6

¹ FY 2019 Approved restated to exclude ESOL Transitional having merged with Adult High School after original FY 2019 Approved projections completed

² Reflects ESOL Levels 1-4 grades 1-12 as restated to match methodology for FY 2017 Actual reporting

³ Reflects Limited English Proficient grades K-12 based on changes to State testing standards

⁴ Increase in FY 2018 Actual primarily attributed to Direct Certification program implemented by the State

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: The school system no longer has a chief academic officer. How are the duties of the former chief academic officer being performed?

Response: The following response was prepared by Fairfax County Public Schools (FCPS):

The majority of the duties of the former chief academic officer are being performed by the chief equity officer, with the exception of the instructional services department which is now being supervised by the deputy superintendent.

County of Fairfax, Virginia

MEMORANDUM

DATE: May 7, 2019
TO: Board of Supervisors
FROM: Joseph M. Mondoro, Chief Financial Officer
SUBJECT: Responses to BOS Budget Questions – Package 11

Attached for your review is Package 11 of responses to Board questions on the FY 2020 budget. If you have any questions or need additional information, please do not hesitate to contact me. The following responses are included in this package:

Question Number	Question	Supervisor	Page
C-77	FCPS: Please provide an excel spreadsheet with the following information for each FCPS employee currently paid on the FCPS Unified Scale or the School-Based Administrator Scale: (a) position title one year ago and today; (b) salary grade and step one year ago and today; (c) gross salary one year ago and today; (d) eligibility for overtime one year ago and today (yes or no); and (e) a unique identifier (e.g. - initials and part of employee ID number). Please provide the same information for FCPS employees paid on the Teacher Scale?	Supervisor Herry	681

Response to Questions on the FY 2020 Budget

Request By: Supervisor Herrity

Question: Please provide an excel spreadsheet with the following information for each FCPS employee currently paid on the FCPS Unified Scale or the School-Based Administrator Scale: (a) position title one year ago and today; (b) salary grade and step one year ago and today; (c) gross salary one year ago and today; (d) eligibility for overtime one year ago and today (yes or no); and (e) a unique identifier (e.g. - initials and part of employee ID number). Please provide the same information for FCPS employees paid on the Teacher Scale?

Response: The following response was prepared by Fairfax County Public Schools (FCPS):

This is a follow up question to Question #81. Neither the Leadership Team (LT) scale nor the Classroom Instructional Support (CIS - instructional assistants) scale are considered to be on the "FCPS Unified Scale" thus they were excluded from the original response.

The attached provides FTE, position, scale, and salary data for the current and past fiscal years for employees on the Leadership Team (LT) and the Classroom Instructional Support (CIS) salary scales. Salaries for employees will differ from last year to this year because of any applicable step increment, promotion, demotion, FTE, and/or annual hour changes.

Please note regarding the LT scale: there is currently a vacant Regional Assistant Superintendent position which is filled with an interim employee who is paid on an hourly basis
