Medication Assisted Peer Support

Are you using prescribed medication to assist in your recovery journey?

Have you ever been denied sponsorship or been told you're not really in recovery?

Then you should check out **MAPS**.

Medication Assisted Peer Support (MAPS) is a free, non-12-step self-help group led by CSB's team of Certified Peer Recovery Specialists, especially for people who are using prescribed medications to help in their recovery from substance use/addiction. MAPS is an anonymous group and you do not have to be a CSB client to join these virtual sessions.

All are welcome to attend!

**Mondays and Thursdays - 3 to 4 p.m.
via Zoom**

To join a session, email **Michael.Grasso@fairfaxcounty.gov** to receive the Zoom call details. For more information about the program, go to www.fairfaxcounty.gov and search "CSBMAPS" or call 703-559-3188 and ask about MAPS.

Reasonable accommodations provided upon request;
call 703-324-7000, TTY 711.
