## Teaching Kids to Be Smart About Social Media

Most teens use some form of social media and have a profile on a social networking site. Many visit these sites every day.

There are plenty of good things about social media — but also many risks and things kids and teens should avoid. They don't always make good choices when they post something to a site, and this can lead to problems.

So it's important to talk with your kids about how to use social media wisely.

### What's Good About Social Media

Social media can help kids:

- stay connected with friends and family
- volunteer or get involved with a campaign, nonprofit, or charity
- enhance their creativity by sharing ideas, music, and art
- meet and interact with others who share similar interests
- communicate with educators and fellow students

### What's Bad About Social Media

The flipside is that social media can be a hub for things like cyberbullying and questionable activities. Without meaning to, kids can share more online than they should.

Most teens:

- post photos of themselves online or use their real names on their profiles
- reveal their birthdates and interests
- post their school name and the town where they live

This can make them easy targets for online predators and others who might mean them harm.

In fact, many teens say they have:

- been contacted online by someone they didn't know in a way that made them feel scared or uncomfortable
- received online advertising that was inappropriate for their age
- lied about their age to get access to websites

### Concerns and Consequences

Besides problems like cyberbullying and online predators, kids also can face the possibility of a physical encounter with the wrong person. Many newer apps automatically reveal the poster's location when they're used. This can tell anyone exactly where to find the person using the app.

And photos, videos, and comments made online usually can't be taken back once they're posted. Even when a teen thinks something has been deleted, it can be impossible to completely erase it from the Internet.

Posting an inappropriate photo can damage a reputation and cause problems years later — such as when a potential employer or college admissions officer does a background check. And sending a mean-spirited text, even as a joke, can be very hurtful to someone else and even taken as a threat.

Spending too much time on social media can be a downer too. Seeing how many "friends" others have and the pictures of them having fun can make kids feel bad about themselves or like they don't measure up to their peers.

### What Can Parents Do?

It's important to be aware of what your kids do online. But snooping can alienate them and damage the trust you've built together. The key is to stay involved in a way that makes your kids understand that you respect their privacy but want to make sure they're safe.

Tell your kids that it's important to:

- **Be nice.** Mean behavior is not OK. Make it clear that you expect your kids to treat others with respect, and to never post hurtful or embarrassing messages. And ask them to always tell you about any harassing or bullying messages that others post.
- **Think twice before hitting "enter."** Remind teens that what they post can be used against them. For example, letting the world know that you're off on vacation or posting your home address gives would-be robbers a chance to strike. Teens also should avoid posting specific locations of parties or events, as well as phone numbers.
- **Follow the "WWGS?" (What Would Grandma Say?) rule.** Teach kids not to share anything on social media that they wouldn't want their teachers, college admissions officers, future bosses — and yes, grandma — to see.
- **Use privacy settings.** Privacy settings are important. Go through them together to make sure your kids understand each one. Also, explain that passwords are there to protect them against things like identity theft. They should never share them with anyone, even a boyfriend, girlfriend, or best friend.
- **Don't "friend" strangers.** "If you don't know them, don't friend them." This is a plain, simple — and safe — rule of thumb.

### Make a Contract

Consider making a "social media agreement" with your kids — a real contract they can sign. In it, they agree to protect their own privacy, consider their reputation, and not give out personal information. They also promise not to use technology to hurt anyone else through bullying or gossip.

In turn, parents agree to respect teens' privacy while making an effort to be part of the social media world. This means you can "friend" and observe them, but don't post embarrassing comments or rants about messy rooms.

Parents also can help keep kids grounded in the real world by putting limits on media use. Keep computers in public areas in the house, avoid laptops and smartphones in bedrooms, and set some rules on the use of technology (such as no devices at the dinner table).

And don't forget: Setting a good example through your own virtual behavior can go a long way toward helping your kids use social media safely.

## Enseñarles a los niños a usar los medios de comunicación social

La mayoría de los adolescentes usan algún tipo de medio social digital y tienen un perfil en una red social. Muchos de ellos visitan estas redes cada día.

Hay muchas cosas buenas en los medios sociales digitales, pero también hay riesgos y cosas que los niños y adolescentes deben evitar. No siempre toman buenas decisiones cuando publican algo, lo que les puede generar problemas.

Por lo tanto, es importante que hable con su hijo sobre cómo usar los medios sociales digitales de una forma inteligente.

### Lo bueno de los medios sociales digitales

Los medios sociales digitales pueden ayudar a los niños a:

- mantenerse conectados con sus amigos y parientes
- participar como voluntarios o involucrarse en campañas u organizaciones sin fines de lucro o caritativas
- estimular su creatividad mediante el intercambio de ideas, música y obras de arte
- conocer y relacionarse con personas de intereses similares
- comunicarse con sus profesores y compañeros de estudios

### Lo malo de los medios sociales digitales

La parte negativa de los medios sociales digitales es que son lugares propicios para cosas como el acoso cibernético y otras actividades cuestionables. Sin querer, los niños pueden compartir más cosas en Internet de las que deberían compartir.

La mayoría de los adolescentes:

- publican fotos personales en Internet o usan sus nombres reales en sus perfiles
- revelan su fecha de nacimiento y sus intereses
- publican el nombre de su escuela y de la ciudad donde viven.

Esto los convierte en blancos fáciles para los depredadores en línea y para otras personas que los podrían acechar y hacerles daño.

De hecho, muchos adolescentes afirman:

- haber entrado en contacto con desconocidos que les hicieron pasar miedo o sentirse incómodos
- haber recibido anuncios inadecuados para su edad
- haber mentido sobre su edad para poder acceder a ciertos sitios web

### Preocupaciones y consecuencias

Aparte del acoso cibernético (o ciberacoso) y de los depredadores en línea, existe la posibilidad de que los niños afronten el peligro de encontrarse físicamente con personas inadecuadas. Ahora hay muchas aplicaciones que revelan automáticamente la ubicación de la persona cuando las usa. Así, cualquier persona puede saber con exactitud dónde se encuentra la persona que está usando la aplicación.

Y las fotos, los vídeos y los comentarios que se hacen por en Internet no se suelen poder recuperar una vez se han publicado. Aunque un adolescente crea haberlos borrado, es imposible borrarlos completamente de Internet.

La publicación de una fotografía inapropiada puede dañar la reputación del usuario y causarle problemas más adelante, como cuando un posible jefe o el encargado de hacer las admisiones universitarias haga una búsqueda de sus antecedentes en línea. Enviar un texto con mala intención o una broma puede hacer daño a otras personas e, incluso, ser tomado como una amenaza.

Pasar mucho tiempo en los medios de sociales digitales también puede ser deprimente. Ver que otras personas tienen muchos "amigos" y contemplar sus fotografías pasándose bien puede hacer que algunos niños se sienten mal consigo mismos o crean que no están a la altura de sus compañeros.

### ¿Qué pueden hacer los padres?

Es importante saber lo que hace su hijo en Internet. Pero, espiar a su hijo puede distanciarlo de usted y dañar la confianza que han construido entre ambos. La clave consiste en estar involucrado de tal modo que su hijo entienda que usted respeta su intimidad pero, al mismo tiempo, necesita estar seguro de que no está en peligro.

Dígale que es importante:

- **Ser agradable.** Ser malo y cruel no está bien. Aclárele a su hijo que usted espera que él trate a otras personas con respeto, y que no publique nunca mensajes hirientes o que dejen en ridículo a otras personas. Y pídale que se lo diga si hay alguien que lo acosa o que publica mensajes negativos sobre él.
- **Pensárselo dos veces antes de pulsar la tecla de "intro".** Por ejemplo, dejar que todo el mundo sepa que se van de vacaciones o facilitar el domicilio en Internet da a los ladrones la oportunidad de actuar. Los adolescentes también deben evitar publicar la ubicación específica de fiestas o celebraciones, así como sus números de teléfono.
- **Seguir la regla de preguntarse si le gustaría a su abuela.** Explíquelo a su hijo que no debería compartir nada en los medios sociales digitales que no quiera que lo vean sus profesores, el personal de admisiones de la universidad, sus posibles futuros jefes ni, por descontado, su abuela.
- **Usar la configuración de privacidad.** La configuración de privacidad es importante. Revísela los dos juntos para asegurarse de que su hijo la entiende. Así mismo, explíquelo que las contraseñas existen para protegerlo de cosas como el robo de su identidad. Nunca las debería compartir con nadie, ni tan siquiera con un novio, novia o mejor amigo.
- **No hacerse "amigo" de desconocidos.** "Si no conoces a alguien, no lo aceptes como amigo". Esta es una norma de cabecera sencilla, básica y segura.

### Hagan un contrato

Considere la posibilidad de hacer un "contrato de medios sociales digitales" con su hijo, un contrato real que ambos firmarán. En él, su hijo se comprometerá a proteger su intimidad y su privacidad, a considerar su reputación y a no publicar información personal. También se comprometerá a no usar la tecnología para herir a otras personas a través del chisme o del acoso.

A cambio, usted, en calidad de madre o de padre, se comprometerá a respetar la intimidad de su hijo, al tiempo que se esfuerza en formar parte del mundo de los medios sociales digitales. Esto significa que usted puede ser "amigo" de su hijo, pero no puede publicar comentarios que lo avergüencen o regañinas sobre lo desordenado que tiene su dormitorio.

Los padres también pueden ayudar a que sus hijos sigan con los pies en la tierra, poniéndoles límites al uso de los medios sociales digitales. Coloque la computadora en un área de uso común, evite el uso de computadoras portátiles y de teléfonos inteligentes en el dormitorio, y establezca normas sobre el uso de la tecnología (como, no usar ningún dispositivo a hora de la cena).

Y recuerde: dar un buen ejemplo con su propio comportamiento virtual puede hacer grandes cosas para que sus hijos usen los medios sociales digitales de una forma inteligente y segura.

# Does my child have a mental health concern?

**Have a talk with your child to find out how they are doing.** Give them your full attention. Listen carefully, repeat what you heard and ask if you got it right. When they feel heard and understood, they're more likely to share with you.

**Notice what is going on with your child.** You know your child best.

## Here are some things to look for:

- Becoming more irritable, hyperactive, energetic, fidgety, or aggressive.
- Excessive sadness, fears or worries.
- A steep drop in grades, getting into trouble at school or not attending school.
- Loss of appetite, significant weight gain or loss, lack of sleep or too much sleep.
- Withdrawal from activities, family, or friends.
- Alcohol or drug use.
- **Thoughts of suicide or harming themselves or others – Do not be afraid to ask your child if they are having these thoughts.** Your asking will not put those thoughts in their head. Rather, it tells them you care and that you will help keep them safe.

## How to get help:

Below are several options for you to speak with a mental health professional. Do not worry about making the wrong choice. Every number leads to someone who can help.

- Contact your child's pediatrician.
- Call your health insurance company or visit their website to search for a behavioral/mental health provider.
- Contact the Fairfax-Falls Church Community Services Board (CSB) at 703-383-8500, weekdays from 9 a.m. to 5 p.m.
- Walk into the CSB's Merrifield Center (8221 Willow Oaks Corporate Drive, Fairfax, VA 22031) weekdays from 9 a.m. to 5 p.m.
- Contact your child's school counselor, school public health nurse, social worker, or psychologist.
- Take a free, confidential online mental health screening ([bit.ly/TestYourMood](https://bit.ly/TestYourMood)) and practice talking with your child about mental health concerns by taking a free, online Kognito training ([kognito.com/fairfax](https://kognito.com/fairfax)). [Though these courses are designed for educators, parents can use the same skills in talking with their own children.]
- Visit [fairfaxcounty.gov/healthymindsfairfax](https://fairfaxcounty.gov/healthymindsfairfax) or [fairfaxcounty.gov/csb](https://fairfaxcounty.gov/csb) to get mental health information and local resources.

## If your child is having a mental health crisis, these services are available 24/7:

Below are several options for you to speak with a mental health professional. Do not worry about making the wrong choice. Every number leads to someone who can help.

- Call the CrisisLink hotline at 703-527-4077, 1-800-273-8255 or text "CONNECT" to 855-11.
- Call Children's Regional Crisis Response (CR2) at 571-364-7390.
- Call CSB Emergency Services at 703-573-5679.
- Bring your child to the CSB's Merrifield Crisis Response Center, 8221 Willow Oaks Corporate Drive, Fairfax, VA 22031.
- **Call 911 if it is a life-threatening emergency. Make sure to notify the operator that it is a psychiatric emergency and ask for an officer trained in crisis intervention or trained to assist people experiencing a psychiatric emergency.**

# REPORTING SUSPICIOUS ACTIVITY

Successful efforts to combat crime require the cooperative involvement of police and citizens.

The police cannot be everywhere. For this reason, success against crime is dependent on community participation. Many crimes would not be committed if more neighbors were alert to suspicious activity and notified the police.

## HOW TO REPORT

Emergency - 911

if someone is in immediate danger or you see a crime being committed

Non-Emergency - 703-691-2131

Any suspicious activity, if you notice a crime has already been committed

Community Reporting System (CRS) -

Accessed by phone at the non-emergency number to report information only type incidents or if an officer is not needed. This is a tele-reporting system, an officer will make the report over the phone with 72 hours.

## DID YOU KNOW?

- Some camps are licensed by the Virginia Department of Social Services. These camps require additional paperwork such as an immunization record and proof of child's identity. Download the camp forms: [www.fairfaxcounty.gov/parks/camps](http://www.fairfaxcounty.gov/parks/camps) to determine if your child's camp is licensed.
- Not a county resident? No worries, non-Fairfax County residents are welcome in our camps. There is a \$15 out-of-county fee.
- Some camps are designed for students whose school session ends before Fairfax County Public Schools.
- Camp length and times vary to provide scheduling options for customers. Be sure to check number of days and hours for each camp.
- Worried about weather? On rainy days or when substantial rain is expected, some outdoor camps may be canceled for the day. On code red days, campers engage in outdoor activities during the day while taking in plenty of water and several shaded breaks. Many of our camps are held outdoors. Please check with the site for more information.
- What do you need for camp? As a rule of thumb, most half-day camps will ask campers to bring a snack and drink. Full-day campers will need a snack, drink and lunch. If your child's camp includes swim time, also bring a swimsuit and towel. ALL campers should wear weather-appropriate, comfortable play clothes and apply sunscreen before leaving home.
- To expedite the check-in process, make copies of your child's forms for each camp/each week. Forms are not transferred from one camp to another and can be downloaded: [www.fairfaxcounty.gov/parks/camps](http://www.fairfaxcounty.gov/parks/camps)
- Does your child need medication during the camp day? Be sure to complete the Medication Authorization Form at [www.fairfaxcounty.gov/parks/camps](http://www.fairfaxcounty.gov/parks/camps)
- Is swimming part of your child's camp? If so, there may be substitute activities when RECenter pools close in late August for maintenance and cleaning. Contact the RECenter directly for details.
- Many RECenters and parks use premium classrooms and gyms in nearby schools during the summer as a respite from the heat. Campers may be transported via school bus or may walk to/from our facilities to a nearby school during the camp day.
- Several camps require signed waivers for participation. To request a review of the waivers prior to registering, email us at [camps@fairfaxcounty.gov](mailto:camps@fairfaxcounty.gov)
- Host-a-Coach Program: we are always looking for families who would like to host a British soccer coach for a week during the summer. In turn for hosting, families earn a free week of British soccer camp. For application and details, visit [www.fairfaxcounty.gov/parks/camps](http://www.fairfaxcounty.gov/parks/camps)
- Register early! Camps that do not meet minimum requirements for enrollment may be canceled. This decision is made two weeks in advance.

## REFUNDS/ TRANSFERS FOR CAMPS

- All refunds and transfers MUST be requested at least 14 days prior to the camp session from which you are withdrawing. All approved refunds will incur a \$25 processing fee; there is no fee for approved transfers outside of the 14 days.
- If approved, transfers may only be made from one camp to another camp; not from a camp to a class or Rec-PAC.
- Refunds and transfers are NOT permitted without 14 days' notice. Within 13 days of the start of camp, refunds are given only if the child has a medical emergency and a doctor's written verification is submitted BEFORE the camp begins.
- If a camper cannot finish camp once it begins due to a medical condition, a doctor's note is required within 24 hours for a pro-rated refund. Requests received after the camp session ends will not be granted.
- There are no refunds or credits for missed days due to changed work or vacation schedules, illness, ages of other campers or other non-emergency reasons. In addition, refunds or credits are not given for changes to camp schedules due to weather.

## SCMS PTSO Drive In Movie Guidelines and Information

The Drive-In Movie Theatre is set up with a 55 foot screen on school grounds and is limited to 60 vehicles at \$40 per vehicle.

All tickets will be purchased online and parking location will be on a first-come, first-served basis.

Showtime is at dark and gates open 45 minutes before start of movie.

We don't offer refunds or exchanges. If you can't use your ticket, we suggest giving it to a friend. If we need to cancel the movie for bad weather, your ticket will be transferrable to a future movie night.

Come to the movies in your car. No walk-in guests, bikes, motorcycles, RVs, commercial trucks, or trailers are allowed.

For safety reasons, we can't let you in the parking lot if you arrive late.

Arrive at the gate for check-in with EVERYONE in your car wearing masks.

Have your smartphone or paper ticket ready for scanning.

We'll check your ticket then give you the things you need to know about ordering snacks and other guest information.

Our parking team will direct your car to a specific space when you arrive. If you would like to park backwards to sit in a truck bed or back of a minivan/station wagon, please let the parking attendants know and you'll be directed to the back rows.

SUVs will be parked towards the rear of the lot and small cars in front. Everyone will have a good view of the 55ft screen.  
**Please don't re-park on your own.**

No engine idling but you may start your engine periodically to keep the battery fresh.

You'll be directed to a parking space and because this is a Covid Drive-In, you'll need to remain in your car all at times.

If you have an emergency and need to LEAVE EARLY, inform the attendants and we'll arrange for you to exit the lot safely.

We do not allow alcohol or drugs on the premises. If we witness anyone disrupting others that appears to be under the influence of alcohol or drugs you will be asked to leave.

We will have snack pre-orders available when you arrive and we will have a snack table available to purchase items during the movie.

The movie sound is delivered through your FM radio. There are no loudspeakers. Make sure that your car has a working FM radio or bring one with you. A smart phone won't do the job.

You can also bring your own food to the event. However, grills are not allowed. A snack table will be available for snack sales.

There will not be access to bathrooms in the school.

You are welcome to bring your dog, but they must stay in the car with you for the duration of the movie.

Turn your engine off, and place your key in the 'ACCESSORY' position. If you leave the ignition in the ON position, you'll drain your battery. If this happens, please inform the attendant to help get your vehicle started.

You must remove any trash you bring in or create during the film. There are no public waste receptacles available.

***Thank you for supporting our fundraiser and we look forward to seeing you at the Movie!***
